FOREWORD

The Constitution requires each house of the General Assembly to keep a Journal of its proceedings. The Journal is intended to assure a public account of legislative activity and constitutes the final official record of action by the General Assembly.

Under the provisions of Section 6.161, 6.162 and 57.151 of the *Kentucky Revised Statutes*, the Legislative Research Commission is responsible for comparing, editing, correcting, and publishing the Journals as approved by each house of the General Assembly. This volume represents the fulfillment of this obligation for the House of Representatives of 1984.

The text of a bill is spread in full when it receives a first reading. The roll call on passage of a bill is indicated upon its receipt of a third reading, or upon concurrence by the originating house in amendments by the second house. Simple and concurrent resolutions are printed on first reading when applicable or when adopted, and joint resolutions are treated as bills. A table of actions on bills and resolutions is appended.

Mrs. Shan Stone Gray, Mrs. Jeanne Wallace, Mrs. Jenny May and Mrs. Delores Dearborn prepared the 1984 House Journal. The edited copy and index found in this volume reflect the cooperative efforts of the commission's staff.

Objection or remonstrance may be made to the petition by any inhabitant of the proposed fire protection district or a volunteer fire department district, or any person owning property therein, and if objection or remonstrance is made, the county judge/executive shall hear and determine the same, and enter an order establishing, or refusing to establish the fire protection district or volunteer fire department district as may seem proper. Any aggrieved person may appeal the order in circuit court of the county judge/executive~~].

(2) In no event shall any fire protection district or any volunteer fire department district include within its metes and bounds any territory at that time or thereafter included in any city of this Commonwealth which maintains a "regular fire department," and which city has paid its proportionate share of the indebtedness incurred while such territory was a part of that district.

If such written remonstrance be filed said clerk shall promptly give notice to the trustees of the fire protection district, or of the volunteer fire department district, and the county judge/executive shall hear and determine the same. If upon such hearing, the county judge/executive finds from the evidence that a failure to annex or strike off such territory will materially retard the functioning of the fire protection district or the volunteer fire department district and materially affect adversely the owners and the inhabitants of the territory sought to be annexed or stricken off, he shall enter an order, granting the annexation or striking off the territory. In the latter event, no new petition to annex or strike off all or any part of the same territory shall be entertained for a period of two (2) years. Any aggrieved person may bring an action in circuit court to contest the decision of the county judge/executive.

(2) The property in any territory annexed to a fire protection district or to a volunteer fire department district shall not be liable to taxation for the purpose of paying any indebtedness incurred by the fire protection district or the volunteer fire department district prior to the date of the annexation of such territory, except such indebtedness as represents balance owing on purchase price of fire fighting equipment. The property in any territory stricken off from a fire protection district or a volunteer fire department district by the incorporation of or annexation by a city of this Commonwealth shall not be relieved of liability of such taxes as may be necessary to pay its proportionate share of the indebtedness incurred while such territory was a part of that district. Territories stricken by action of the county judge/executive under the provisions of subsection (1) shall be relieved of liability for all indebtedness incurred by the fire protection district or the volunteer fire department district.

(3) Any city that maintains a "regular fire department," and has either by incorporation or annexation caused property to be stricken from a fire protection district or a volunteer fire department district, may assume the liability of such taxes as may be necessary to pay the proportional share of the indebtedness incurred while such territory was a part of said district.

State of the Commonwealth

Martha Layne Collins, Governor

State Capitol - Frankfort, Kentucky

January 5, 1984

We gather here tonight in the most challenging of times for those of us chosen to govern this Commonwealth.

No legislature or governor since the depression has had so little money available to pursue the policies needed to make life better for all Kentuckians.

But, you and I working together over the next few months will nevertheless help make life better in this state. We owe it to our people. We can do it.

Tight money is no excuse for a poverty of ideas as we confront our problems. We will not use it as an excuse to shirk our responsibilities to our people.

I know I can count on your help. We know each other. We are friends. We've worked together in the past, and we'll work together now to lead Kentucky through these hard times toward a brighter tomorrow.

We will squeeze everything we can out of every dollar we spend. We will cut costs where we can. We will find ways to be more productive.

In short, we will manage this government fairly, but with a tight fist.

But that is not enough. Management can carry us only a limited way. Managers marshal resources. Leaders provide direction.

We must always remember *government is more than a business*; government exists to serve the people.

Our people expect us to never forget that.

I know the people of Kentucky. You know the people of your districts. I've seen your affection for them; your respect for them; your eagerness to make their voices heard here in Frankfort.

I've walked Main Street of Whitesburg with the representative from Letcher and stopped in the family drug store across from the courthouse. We heard coal miners talk abut not being able to find work.

The senator from Daviess and I have talked with businessmen in Owensboro who wondered if they could hold out until the economy recovered.

In Bowling Green, the representative from Warren and I have talked with students and professors in the faculty house at Western Kentucky University about their hopes for education.

In Breckinridge, the senator and I have talked to farmers worried about holding on to their farms.

The representative from Campbell and I visited with senior citizens one morning. I remember retired men and women telling me how much trouble they have buying food after paying their utility bills.

Last summer, legislators from Jefferson and I talked to people on the streets in Louisville. Unemployed factory workers wanted to see new industry located in Kentucky.

The representative from Greenup and I met last year in a union hall with labor leaders from around Ashland.

In Fulton the representative and I talked with parents who wondered whether their children were getting the kind of education that would qualify them for a satisfying, well-paying job.

I could go on and on. I've worked with many more of you. What I am saying is that I know your people's hopes and dreams and fears. I also understand your responsibilities to these people.

In a sense you each bring here tonight a special part of Kentucky. You represent people from every hill and hollow, every bend of the river. Every farm town, every quiet neighborhood and every busy street across this state.

Your people expect much of you.

Over the years this legislature has evolved into a full partner in governing Kentucky. I respect this independence. I will work with you. I will always listen to you.

But I count on your ear too. I count on your understanding. I count on your cooperation.

While the people of Pikeville and Paducah share certain concerns, they also have their own particular concerns. So, what the senator from Pike wants for his people around Johns Creek might differ from what the senator from McCracken wants for her people around Monkey's Eyebrow.

When these differences occur, you speak for the people of your district.

My responsibility is much broader. My responsibility is to *all* Kentuckians.

So as I respect your independence and closeness to the people of your districts, I ask that you recognize my duty and responsibility to all of the people.

Our different roles are being defined by the state's highest court. We do not know when the court will decide the case. But, we must make certain this legal test does not become a roadblock to our working together during this session. And whenever the decision is reached, whatever it might be, I trust we will continue the cooperation and openness that I expect will characterize our dealings with one another.

I have been elected governor in a time of change that is transforming our lives. As we enter the information age, we are changing the way we conduct business; the way we manufacture goods; the way we think about work. We are changing the kinds of services we provide; the way we entertain ourselves; the way we communicate; the way government delivers services.

If we are to avoid being left behind by these changes, we must improve our state's schools.

Yet we face this rapidly changing economy --- this need for vastly improved education --- with far less money than we'd like to have.

Just how tight is the money?

That question has not been fully answered. In seeking an answer, I acted over this past weekend to improve the process of estimating revenue so we can all have confidence in the projected figures.

As my staff and I began formulating the executive budget and studying every state program and every budget item, we became convinced that more accurate and credible revenue figures were necessary.

Five times in the last four years, there have been major adjustments in revenue projections, causing five budget reductions, and forcing our agencies to try to find short-term sources of revenue to keep up services.

This meant a lot of frustrating and costly work for the government. But what concerns me most is how it limited flexibility to serve our people. Our agencies in some instances chose to patch budgets together with non-recurring money, making it more difficult to respond as new needs arose.

These five reductions hampered not only state agencies, but also county and city governments, who look to us for some of their revenue estimates. When our estimates are off, they can't plan the most effective way to deliver needed services.

Realizing we must do better, I directed revenue secretary Gary Gillis to establish an advisory group composed of leaders from various segments of Kentucky's economy to lend us their knowledge and skills in arriving at the most accurate estimates possible.

I also invited the participation of the co-chairmen of the Interim Joint Committee on Appropriations and Revenue. I *still* would welcome their involvement.

I said from the beginning that I wanted this process to be a joint legislative and executive effort as we develop a consensus on the amount of money available for the next two years.

When I present my budget later this month with detailed recommendations and program proposals, I want to bring to the general assembly the most accurate revenue estimate possible. I want it to be above reproach. I want it to be one that you and I have confidence in. Then we'll be able to budget more accurately and our agencies will be able to serve Kentuckians more effectively.

Whatever estimate this group comes up with, we already know it won't be encouraging. Money will remain the backdrop for everything we do for the rest of the session.

How do we find ourselves with so little money? It didn't happen quickly. The problem has been building for years. Part of it can be attributed to the state's taking advantage of certain federal programs in the past. Increasingly, the state has had to take over these programs. In some instances, the programs were forced on us. In others, we took them on willingly to keep our people from suffering.

In any case, it cost the state tens of millions of dollars. Shifting of responsibility in Medicaid to the states, for example, will cost Kentucky $14 million dollars this year.

Additionally, the recession put tens of thousands of Kentuckians out of work. Unemployment nearly doubled from 1979 to 1983, going to 11.6 percent statewide and as high as 35 percent in some coal counties. As you know, this unemployment cost the state substantial amounts of revenue.

And part of our financial problem can be traced to the practice of spending non-recurring revenue for recurring expenditures. Several recent administrations were forced to use this short-term solution.

These damaging circumstances have combined to present us with the most challenging times facing any governor or general assembly in recent memory.

You and I will face many hard decisions about the budget. My staff and I face those decisions now as we put together a budget to present to you. We are working with the objective of presenting a balanced budget that will meet the needs of the people within existing revenues.

We owe this kind of discipline to our people. Thousands of coal miners and factory workers are out of jobs. Unemployment remains in double digits. Farmers are losing their farms through bankruptcies. The recession touched nearly everyone and Kentucky's economy still has a long way to go to recovery.

So, these are difficult times to place more burdens on Kentuckians.

But, despite our financial situation, I am optimistic about what we can do this session.

Just as I respect your independence, I have faith in your willingness to work with me to improve the quality of life in this state. I know, for example, that together we will search for ways to provide our youngsters with the opportunity for a better education.

I can assure you that the Collins' administration is searching for every possible dollar to spend on education. I can also assure you that we intend to spend these dollars in ways that actually make a difference in the classroom --- in ways that improve the chances our students will learn what they need to know.

This last point must be central to all of our thinking about education. We must look at what our children are actually learning. We must avoid measuring progress in education as we have in the past, by counting things that are easy to count --- buildings, books, and dollars spent.

We can no longer assume that simply spending money on education improves our schools. Once we could. Years ago our children found too few books in their school libraries; they didn't have the biology and chemistry and physics labs necessary for a fuller understanding of these sciences; they studied in drafty, one-room schools.

In those days it was reasonable to equate higher spending with progress. But we've come a long way in remedying these earlier problems.

Now we often find students in sparkling, well-equipped facilities not learning what they should.

Today, we must focus on achievement. We must spend our limited money on the things that most directly help our children learn. The age dictates it --- because of the skills these young people must have to compete in this economy.

We have to face this sobering fact: whatever we do in this session, no windfall of money will be available to solve our problems in education. For while education is our number one priority, we must also recognize our state's many other needs.

So, to give our young people a better chance for an excellent education, we must test our ingenuity. Certainly, money is one of the elements of excellence in education. But, it is only one. We must find ways of improving our schools that don't take vast sums of money.

We must strengthen our comprehensive testing program. It will be a keystone of our effort to measure achievement. We must ensure that new principals are better prepared to lead their schools toward excellence; we must encourage an atmosphere that is conducive to learning; we must make sure our new teachers have mastered their subjects and the methods of teaching them.

Bringing excellence to our schools certainly requires more than these few items I've listed as examples. But in all the clamor about schools, we must guard against embracing quick fixes or hastily-made plans that do little more than create the appearance that fundamental changes are underway.

We must not squander the opportunity we have today on ill-advised or ineffective measures.

I have never seen such widespread consensus on an issue. Kentuckians want better schools!

School boards, school administrators, teachers, parents, civic clubs and other interested groups are calling for improved education.

How can we best take advantage of the energies, talents and ideas of these groups? With the help of the superintendent of public instruction and the secretary of education, I intend to pull all these groups together so we can focus our efforts.

We will determine precisely what needs to be done to improve achievement in our schools. We must, if we are to keep pace with this changing economy.

The issues of jobs and education can't be separated. If they could in the past, they can't be today --- not at a time when the economy is changing in ways as fundamental as the earlier move from a farm to an industrial economy.

If we don't educate our young people for the information age, then Kentucky will be in danger of becoming an economic backwater. We'll lose jobs to states that do meet the challenge. Kentucky will not prosper. Our people will not live as well as they would like.

Labor must be involved in the state's planning to see that Kentucky education keeps pace with the changes in our economy. That is why I have already elevated labor to cabinet level status. The cabinet will work closely with education and commerce to ensure that our work force is prepared for tomorrow's jobs.

I have also created a tourism cabinet. We cannot wait for better education to bring jobs to Kentuckians out of work today. Tourism remains a vital part of this state's economy, and one of the most promising areas for new jobs.

Tonight I have given you an overview of where the Commonwealth stands as we prepare the budget. I have dwelled on jobs and education and our financial outlook. But I want to assure you that I have not forgotten all the other tough issues before us.

Later this month, I will present my budget address, and the budget I bring you will contain my detailed recommendations for confronting these issues.

The task ahead is not easy.

But I know you agree with me when I say we will not simply throw up our hands in despair. We will not sit back and say we are helpless victims at the mercy of economic events we cannot control.

And --- this point is critical: We will not be content merely to "get by."

Your people did not send you to Frankfort so the Commonwealth could just "get by." Kentuckians did not elect me governor so I could watch our state "get by."

Kentuckians expect more from us. They expect we will make good use of these times no matter how strapped we are for money. They expect that we will not be satisfied with marking time waiting for prosperity to bail us out somewhere down the road. Instead, they expect us to move this state forward. They expect we will act to improve state services and to expand opportunities for our people.

Yes, we have less money than we like. But let's look at what we do have. Over the next two years, we'll devote $5 billion in general fund revenues to state programs. We'll have $3 billion in federal money; $800 million in road fund revenues; and $800 million in agency fund revenues. In all, we'll have over $9 billion to use in serving our people.

It will require of us an uncommon sort of energy and discipline to see that each of these dollars is spent effectively.

It will test me. It will test you. It will test our ability to govern. It will test our ability to lead. I have faith we will succeed.

Representative LeMaster moved that the Joint Session of the House and Senate be dissolved. Agreed.

The Speaker resumed the Chair.

Representative LeMaster moved that the rules be suspended for Report of Committees. Agreed.

Report of Committees

The Committee on Labor reported **HB 209** with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 209, AN ACT relating to unemployment insurance.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 341.360 is amended to read as follows:

No worker may be paid benefits for any week of unemployment:

(1) With respect to which a strike or other bona fide labor dispute which caused him to leave or lose his employment is in active progress in the establishment in which he is or was employed, except that benefits may be paid unless the employer notifies the department in writing within seven (7) days after the beginning of such alleged strike or labor dispute of the alleged existence of such strike or labor dispute. For the purpose of this subsection a lockout shall not be deemed to be a strike or a bona fide labor dispute and no worker shall be denied benefits by reason of a lockout;

(2) For which he has received or is seeking unemployment compensation under an unemployment compensation law of another state or of the United States, except as otherwise provided by an arrangement between this state and such other state or the United States. But if the appropriate agency of such state or of the United States finally determines that he is not entitled to such unemployment compensation, this subsection shall not apply; or

(3) (a) Which, when based on service in an instructional, research, or principal administrative capacity in an institution of higher education as defined in subsection (2) of KRS 341.067 or in an educational institution as defined in subsection (4) of KRS 341.067, begins during the period between two (2) successive academic years, or during a similar period between two (2) regular terms, whether or not successive, or during a period of paid sabbatical leave provided for in the individual's contract, if the worker performs such services in the first of such academic years or terms and if there is a contract or a reasonable assurance that the

worker will perform such services in any such capacity for any institution or institutions of higher education or an educational institution in the second of such academic years or such terms; or

(b) Which, when based on service other than as defined in *paragraph* [~~subsection (3)~~] (a) of this *subsection* [~~section~~], in an *institution of higher education or an* educational institution, as defined in subsection *(2) or* (4) of KRS 341.067, [~~other than an institution of higher education,~~] begins during the period between two (2) successive academic years or terms, if the worker performs such services in the first *of* such academic years or terms and there is a reasonable assurance that the worker will perform such services in the second of such academic years or terms; *except that if benefits are denied to any worker under this paragraph and such worker was not offered an opportunity to perform such services for such institution of higher education or such educational institution for the second of such academic years or terms, such worker shall be entitled to a retroactive payment of benefits for each week for which the worker filed a timely claim for benefits and for which benefits were denied solely by reason of this paragraph;* or

(3) For the calendar year 1982 and each calendar year thereafter, employer contribution rates shall be determined in accordance with "Table A" set out in subsection (4) of this section. Except as otherwise provided in this section, the contribution rate for each subject employer for the calendar year immediately following the computation date shall be the rate in that "Schedule" of "Table A," as set out below, effective with respect to such calendar year, which appears on the same line as his reserve ratio as shown in the "Employer Reserve Ratio" column of the same table.

~~domestic corporation, or any foreign corporation authorized to do business in this state or any foreign corporation active in conjunction with a domestic corporation in a joint venture, partnership or other legal entity engaged in the contract construction trades shall pay contributions equal to the average rate of contributions paid by all contract construction employers subject to this chapter for the year preceding the year in which such contract construction employer first employed workers in this state; and, such rate of contribution payments shall remain in effect until the employer has employed persons in this state for not less than twelve (12) consecutive calendar quarters ending as of September 30 immediately preceding the computation date. Thereafter, such employer's contribution rate shall be determined in accordance with the provisions of subsection (4) of this section. This section shall not apply to those construction contracts let prior to July 1, 1982.~~

~~(6)~~] As used in this section and elsewhere in this chapter, unless the context clearly requires otherwise:

(a) "Trust fund balance" means the amount of money in the unemployment insurance fund, less any unpaid advances made to the state under Section 1201 of the Social Security Act. In determining the amount in the fund as of a given date all money received by the department as of such date shall be considered as being in the fund on such date.

(b) "Total wages" means all remuneration for services, as defined in subsections (1) to (5) of KRS 341.030, paid by subject employers.

(c) An employer's "reserve ratio" means the percentage ratio of his reserve account balance as of the computation date to his taxable payrolls for the twelve (12) consecutive calendar quarters ended as of September 30 immediately preceding the computation date.

(d) For the purposes of this section, an employer's "reserve account balance" means the amount of contributions credited to his reserve account as of the computation date, less the benefit charges through September 30 immediately preceding the computation date. If benefits charged to an account exceed contributions credited to such account, such account shall be considered as having a debit balance and a reserve ratio of "less than zero."

(e) "Computation date" is October 31 of each calendar year prior to the effective date of new rates of contributions.

Section 3. KRS 341.530 is amended to read as follows:

(1) The department shall maintain a reserve account for each subject employer, and shall, except as provided in KRS 341.590, credit to such account the total amount of all contributions paid by the employer on his own behalf. Nothing in this section or elsewhere in this chapter shall be construed to grant any employer or individual who is or was in his employ prior claims or rights to the amounts paid by him into the fund.

(2) Except as provided in subsection (3) of this section, all regular benefits paid to an eligible worker in accordance with KRS 341.380 plus the extended benefits paid in accordance with KRS 341.700 through KRS 341.740, subject to the provisions of paragraphs (a) and (b) below, shall be charged against the reserve account of his most recent employer. No employer shall be deemed to be the most recent employer unless the eligible worker to whom benefits were paid shall have been in the employ of such employer for at least thirty (30) days whether or not consecutive.

(a) Subject employers, which are not governmental entities as defined in KRS 341.069, shall be charged one-half (1/2) of the extended benefits paid in accordance with KRS 341.700 through 341.740; and

(b) Subject employers which are governmental entities, as defined in KRS 341.069, shall be charged for all extended benefits paid in accordance with KRS 341.700 through 341.740 for compensable weeks occurring on or after January 1, 1979 and for one-half (1/2) of the extended benefits paid for compensable weeks occurring prior to such date.

(3) Notwithstanding the provisions of subsection (2) of this section, benefits paid to an eligible worker and chargeable to an employer's reserve account under such subsection shall be charged against the pooled account if such worker was in the employ of such employer for less than thirty (30) days whether or not consecutive, or discharged by such employer for misconduct connected with his most recent work for such employer, voluntarily left his most recent work with such employer without good cause attributable to the employment, or such employer has continuously employed the worker without significant interruption since the end of the worker's base period and in the week with respect to which benefits are paid, wages and employment are provided to the worker by such employer to the same extent as during the base period, and the employer within a reasonable time, as prescribed by regulation of the secretary, notifies the department, in writing, of the alleged voluntary quitting, discharge for misconduct or continuing employment; provided, however, that no employer making payments to the fund in lieu of contributions shall be relieved of charges by reason of this subsection.

(4) Each subject employer's reserve account shall, unless terminated as of the computation date (as defined in subsection *(5)* [~~(6)~~] of KRS 341.270), be charged with all benefits paid to eligible workers which are chargeable to such reserve account under subsection (2) of this section. A subject employer's reserve account shall be deemed to be terminated if he has ceased to be subject to this chapter, and his account has been closed and any balance remaining therein has been transferred to the fund's pooled account or to a successor's

account as provided in KRS 341.540.

(5) Any subject employer may at any time make voluntary payments to the fund, additional to the contributions required under KRS 341.260 and 341.270. Notwithstanding any other provision of this chapter, contributions paid on or before the computation date and voluntary payments made within twenty days following the mailing of notices of new rates shall, in accordance with regulations established by the secretary, be credited to an employer's reserve account as of the computation date; provided, no voluntary payments shall be used in computing an employer's rate unless such payment is made prior to the expiration of one hundred and twenty days after the beginning of the year for which such rate is effective. The provisions of this subsection shall expire on July 1, 1983.

(6) Notwithstanding subsection (1) of this section, two (2) or more nonprofit (Internal Revenue Code 501(c)(3)) organizations may jointly request the secretary to establish a group reserve account for such nonprofit organizations. Two (2) or more governmental entities may jointly request the secretary to establish a group reserve account, and once established, such account shall remain in effect at least two (2) calendar years and thereafter until either dissolved at the discretion of the secretary or upon filing application for dissolution by the group members. Each member of a group shall be jointly and severally liable for all payments due under this chapter from each or all of such group members. The secretary shall prescribe such procedures as he deems necessary for the establishment, maintenance and dissolution of a group reserve account.

Section 4. Whereas, the foregoing changes in the Kentucky unemployment insurance law are necessary to bring the Act into conformity with certain amendments to the federal unemployment tax act and to assure proper credit for Kentucky's contributing employers and continuation of federal administrative fund grants to Kentucky, an emergency is declared to exist and paragraph (b) of subsection (3) of Section 1 of this Act shall become effective retroactive to October 30, 1983, as required by P.L. 97-248, and paragraph (d) of subsection (3) of Section 1 of this Act shall become effective April 1, 1984, as required by P.L. 98-21.

Subsequent to every regular and extraordinary session of the general assembly, the department *with the state local finance officer* shall review and revise, if necessary, the program when it is found not to be consistent with state law.

(3) The department may assess a charge to any person requesting copies of instructional materials published pursuant to this section to cover actual costs of printing and handling these materials, except that no county official shall be charged for instructional materials provided for his use. The department, however, shall commence instruction for the succeeding year within eighty (80) days following said general election.

(8) Every county official who attends an instructional session shall be paid his actual and necessary expenses in attending from the operating funds of his office.

(1) The county judge/executive shall annually prepare a proposed budget for the expenditure of all funds, including those from state and federal sources, which are to be expended by the fiscal court in the next fiscal year. The proposed budget shall be classified into budget units as outlined in subsection (2) of this section. In addition to preparing a reasonable estimate of the funds actually needed for both general and special purposes, the county judge/executive shall prepare an estimated statement of receipts to be anticipated from local, state and federal sources. The county judge/executive shall submit the proposed budget and estimate of receipts to the fiscal court by May 24 of each year.

(2) The fiscal court, at a meeting or meetings held not later than June 1 of each year, shall make a detailed investigation of each separate activity of the county for which the county judge/executive proposes that county funds are to be expended by the fiscal court. (4) The county budget shall include such budget units as may be required by the activities of the county. When necessary, the county budget may be subdivided into separate budget funds so that the cost of each class of expenditures can be ascertained at any time and regulated according to the financial condition and needs of the county.

(5) The funds set apart in the county budget for a budget unit, or any subdivision thereof, shall constitute a separate budget fund and shall be appropriated and accounted for separately.

Section 1. KRS 64.530 is amended to read as follows:

(1) Except as provided in subsections (5) and (6) of this section, the fiscal court of each county shall fix the compensation of every county officer and employe except the officers named in KRS 64.535 and the county attorney and jailer. The fiscal court may provide a salary for the county attorney.

(2) For the purposes of this section, justices of the peace and constables in all counties shall be deemed to be county officers and deputies or assistants of county officers shall be deemed to be county employes, but employes of county boards or commissions which are now authorized by law to fix the compensation of their employes shall not be deemed to be county employes for the purposes of this section.

(3) In the case of officers compensated from fees, or partly from fees and partly by salary, the fiscal court shall fix the maximum compensation that any officer except the officers named in KRS 64.535 may receive from both sources. The fiscal court may also fix the number of deputies and assistants, and the compensation thereof, and the maximum amount that the officer may expend each year for expenses of his office. (4) In the case of county officers elected by popular vote and the county attorney, in the event the fiscal court provides him a salary, the monthly compensation of the officer and of his deputies and assistants shall be fixed by the fiscal court not later than the first Monday in May in the year in which the officers are elected, and the compensation of the officer shall not be changed during the term but the compensation of his deputies or assistants may be reviewed and adjusted by the fiscal court not later than the first Monday in May of any successive year upon the written request of the officer. *The fiscal court may, upon the written request of the officer, increase or decrease the number of permanent or temporary deputies and assistants authorized to the office at any time after the beginning of the term of the officer. The fiscal court shall fix the compensation of deputies and assistants hired during the term of the officer at the time of their employment, and their compensation may be reviewed and adjusted at the same time as that of other deputies and assistants.* On or before August 1, 1966, the fiscal court shall fix the salary provided herein for the county attorneys for the term commencing in January, 1966, notwithstanding any other provisions of this section which may be inconsistent herewith.

(5) Nothing in this section shall apply to property valuation administrators or their deputies, assistants and expenses, in any county, or to the circuit court clerk, county clerk, sheriff, jailer, and their deputies, assistants and expenses, in counties having a population of 75,000 or more.

Section 3. Whereas, in certain counties, deputy county clerks and deputy sheriffs have been hired after the beginning of the county clerks' or county sheriffs' terms of office and questions exist about the legal capacity of the counties to pay these deputies, an emergency is declared to exist, and this Act shall take effect upon its passage and approval by the Governor.

Section 1. KRS 186.040 is amended to read as follows:

(1) Upon receiving the application and fee, the county clerk shall issue to the owner a certificate of registration and ownership containing the information required by subsection (2) and a registration plate. If the cabinet finds that there is a shortage of materials suitable for making plates, or that a substantial saving will result, it may require by regulation with the approval of the governor that previously issued plates continue to be used for a designated period. For services performed the owner shall pay the county clerk the sum of two dollars ($2.00) for each registration, *or if said registration exceeds a twelve (12) month period the clerk shall receive a fee of three dollars ($3.00).*

(2) The certificate of registration and ownership shall contain the registration number, the names and post office addresses of the owner and the secured party as shown by the financing statement on file in the office of the county clerk and such other information as the cabinet may require. The owner's copy of such certificate shall bear the seal of the county clerk who issued same. No fee shall be charged for placing such seal on the owner's copy of the certificate.

(3) If a motor vehicle, other than a new motor vehicle, is registered in this state under the authority of a bill of sale, registration receipt or title, the certificate of registration and ownership shall show the title or the registration number and the name of the state issuing same under which the motor vehicle was last registered in addition to the other required information.

Section 2. KRS 186A.035 is amended to read as follows:

(1) All motor vehicles with a gross vehicular weight of 6,000 pounds or less, first registered, or for which the registration is renewed in this state on or after January 1, 1983, shall be placed in a system of year-round registration based upon the birth month of the owner, in order to distribute the work of registering motor vehicles as uniformly as practicable throughout the twelve (12) months of the year.

(2) If the owner of a motor vehicle is other than an individual, the month in which the owning entity came into being shall be used for purposes of this section. If a motor vehicle is jointly owned, the owners shall indicate to the county clerk the birth month of one (1) of them to be used for purposes of this section.

(3) The certificate of registration and license plate issued for a motor vehicle first registered, renewed, or titled in this state on or after January 1, 1983, shall be valid, unless cancelled by the cabinet in accordance with KRS Chapter 186 or this chapter, upon payment of the required fee, for a period beginning on the first day of the month of the year in which registration is applied for, and expiring on the last day of the next birth month of the owner following the month during which registration is applied for, provided however that, upon the owner's request, and after payment of the proper prorated fee, an owner may obtain a certificate of registration and license plate valid through the last day of his second birth month following the month and year in which he applied for a certificate of registration.

(4) After a motor vehicle has been initially placed in the system of year-round registration, the owner shall renew the registration annually during the owner's birth month, by making application to the county clerk and paying the fee required for twelve (12) consecutive months of registration, which shall take effect on the first day of the month succeeding the owner's birth month and shall expire on the last day of the owner's next birth month. The county clerk shall be entitled to a registration fee of *two dollars ($2) for each registration, or if said registration exceeds a twelve (12) month period the clerk shall receive a fee of three dollars ($3.00)* [~~one dollar ($1.00) per each twelve (12) month period or any portion thereof~~].

(5) Any owner who fails to renew the registration of a motor vehicle during the month in which the previous registration expired, shall, if he applies for renewal of the registration in some later month, pay the same fees that would have been required if the registration had been renewed in the month which the previous registration expired.

(6) Fees which must be prorated in carrying out the intent of this section shall be prorated on the basis of twelfths of the annual registration fee. Any vehicle which is registered at any time during a month, shall pay the fee required for that whole month plus any additional months of registration purchased consistent with the intent of the section.

(7) The county clerk shall ensure that the certificate of registration issued to an owner displays the month and year in which the registration period begins, and the month and year of its expiration, and shall issue to the owner a decal or decals corresponding to the month and year of expiration shown in the certificate of registration which shall be placed upon the corresponding license plate by the owner in the manner required by administrative regulations of the department of vehicle regulation.

"Section 5. KRS 304.20-040 is amended to read as follows:

(1) As used in this section:

(a) "Policy" means an automobile liability insurance policy, delivered or issued for delivery in this state, insuring a single individual or husband and wife resident of the same household, as named insured, and under which the insured vehicles therein designated are of the following types only:

1. A motor vehicle of the private passenger or station wagon type that is not used as a public or livery conveyance for passengers, nor rented to others; or

2. Any other four-wheel motor vehicle with a load capacity of fifteen hundred (1500) pounds or less which is not used in the occupation, profession or business of the insured; provided, however, that this section shall not apply:

a. To any policy issued under an automobile assigned risk plan, or

b. To any policy insuring more than four automobiles, or

c. To any policy covering garage, automobile sales agency, repair shop, service station or public parking place operation hazards.

(b) "Automobile liability insurance policy" includes only coverage for bodily injury and property damage liability, basic reparations benefits and the provisions therein, if any, relating to medical payments, uninsured motorists coverage, and automobile physical damage coverage.

(c) "Renewal" or "to renew" means the issuance and delivery by an insurer of a policy replacing at the end of the policy period a policy previously issued and delivered by the same insurer, or the issuance and delivery of a certificate or notice extending the term of a policy beyond its policy period or term; provided, however, that any policy with a policy period or term of less than six (6) months shall for the purpose of this section be considered as if written for a policy period or term of six (6) months. Provided, further, that any policy written for a term longer than one (1) year or any policy with no fixed expiration date, shall for the purpose of this section, be considered as if written for successive policy periods or terms of one (1) year, and such policy may be terminated at the expiration of any annual period upon giving twenty (20) days' notice of cancellation prior to such anniversary date, and such cancellation shall not be subject to any other provisions of this section.

(d) "Nonpayment of premium" means failure of the named insured to discharge when due any of his obligations in connection with the payment of premiums on a policy, or any instalment of such premium, whether the premium is payable directly to the insurer or its agent or indirectly under any premium finance plan or extension of credit.

(2) (a) A notice of cancellation of a policy shall be effective only if it is based on one or more of the following reasons:

1. Nonpayment of premium; or

2. The driver's license or motor vehicle registration of the named insured or of any other operator who either resides in the same household or customarily operates an automobile insured under the policy has been under suspension or revocation during the policy period or, if the policy is a renewal, during its policy period or the one hundred eighty (180) days immediately preceding its effective date.

(b) This subsection shall not apply to any policy or coverage which has been in effect less than sixty (60) days at the time notice of cancellation is mailed or delivered by the insurer unless it is a renewal policy.

(c) Modification of automobile physical damage coverage by the inclusion of a deductible not exceeding one hundred dollars ($100) shall not be deemed a cancellation of the coverage or of the policy.

(d) This subsection shall not apply to nonrenewal.

(3) *(a)* No notice of cancellation of a policy to which subsection (2) of this section applies shall be effective unless mailed or delivered by the insurer to the named insured at least twenty (20) days prior to the effective date of cancellation[~~; provided, however, that where cancellation is for nonpayment of premium at least ten (10) days' notice of cancellation accompanied by the reason therefor shall be given. This subsection shall not apply to renewals~~].

(b) No notice of cancellation of a policy by an insured shall be effective unless mailed or delivered by the insured to the insurer at least twenty (20) days prior to the effective date of cancellation.

(4) No insurer shall refuse to renew a policy of automobile insurance solely because of the age of the insured.

(5) No insurer shall fail to renew a policy unless it shall mail or deliver to the named insured, at the address shown in the policy, at least twenty (20) days' advance notice of its intention not to renew. This subsection shall not apply:

(a) If the insurer has manifested its willingness to renew; nor

(b) In case of nonpayment of premium. Provided, that, notwithstanding the failure of an insurer to comply with this subsection, the policy shall terminate on the effective date of any other insurance policy with respect to any automobile designated in both policies. Renewal of a policy shall not constitute a waiver or estoppel with respect to grounds for cancellation which existed before the effective date of such renewal.

(6) Proof of mailing of notice of cancellation or of intention not to renew or of reasons for cancellation or nonrenewal to the named insured at the address shown in the policy, shall be sufficient proof of notice.

(7) When an automobile liability insurance policy is canceled other than for nonpayment of premium, or in the event of failure to renew a policy of automobile liability insurance to which subsection (5) of this section applies, the insurer shall notify the named insured of his possible eligibility for automobile liability insurance coverage through the Kentucky automobile assigned risk plan. Such notice shall accompany or be included in the notice of cancellation or the notice of intent not to renew. Such notice shall also inform the insured that he may, within four (4) days, request the commissioner in writing to determine whether there is sufficient reason to cancel or not to renew the policy. Within fourteen (14) days of receiving such a written request, the commissioner shall send his findings to the insurer and to the insured. When he sends his findings, the commissioner shall notify both parties of their right to request a hearing under KRS 304.2-310(2)(b).

(8) The reason for nonrenewal or cancellation shall accompany or be included in the notice of nonrenewal or cancellation.

(9) There shall be no liability on the part of and no cause of action of any nature shall arise against the commissioner or against any insurer, its authorized representative, its agents, its employes, or any firm, person or corporation furnishing to the insurer information as to reasons for cancellation or nonrenewal, for any statement made by any of them in any written notice of cancellation or nonrenewal, or in any other communication, oral or written specifying the reasons for cancellation or nonrenewal, or the providing of information pertaining thereto, or for statements made or evidence submitted at any hearings conducted in connection therewith.

Section 6. KRS 186A.040 is amended to read as follows:

(1) The department of *vehicle regulation* [~~insurance is hereby authorized to develop a program whereby that department~~] shall provide *and receive* information on the insurance status of vehicles registered in the Commonwealth of Kentucky. *The department shall provide appropriate insurance information* to the bureau of technical services for inclusion in the AVIS data base.

(2) Upon notification to the department of vehicle regulation from an insurance company of cancellation or nonrenewal of a policy pursuant to KRS 304.39-085 the department shall immediately notify the insured. Notification to the insured shall state that the insured's policy is no longer valid and that the insured shall have ten (10) days to show proof of insurance to the county clerk. The department shall further inform the insured that if evidence of insurance is not received within ten (10) days the department shall notify the county attorney to begin prosecution for violation of subtitle 39 of KRS Chapter 304.

(3) The department of vehicle regulation shall be responsible for notification to the appropriate county attorney that a motor vehicle is not properly insured, if the insured does not respond to notification set out by subsection (2) of this section.

(4) If the insured provides proof of insurance to the clerk after notification by the department, appropriate action shall be taken by the department to denote a valid insurance policy is in force [~~Nothing in this section shall be construed as prohibiting the county clerk from registering or titling a vehicle because of insurance information~~]."

(m) Two (2) farmer owners and operators of one hundred fifty (150) acres or less, one (1) selected from a list of three (3) persons recommended by the Kentucky farm bureau, and one (1) selected from a list of three (3) persons recommended by the national farmers organization;
(n) Two (2) farmer owners and operators of more than one hundred fifty (150) acres, one (1) selected from a list of three (3) persons recommended by the Kentucky farm bureau, and one (1) selected from a list of three (3) persons recommended by the national farmers organization; and
(o) The joint chairpersons of the interim joint committee on agriculture and natural resources.

(2) The representative of the natural resources and environmental protection cabinet shall be the chairperson of the committee, and the representative of the soil and water conservation commission shall be the vice-chairperson of the committee. The staff for the committee shall be provided by the natural resources and environmental protection cabinet.

(3) In order to advise the governor, the committee shall review proposed state projects which will convert farmland to non-farm use. The review shall consider alternatives to the project proposal in an effort to balance the public purpose to be served by the state project against the public purpose of conserving productive farmland.

(4) The inter-agency farmland advisory committee shall review proposed projects of all state agencies, including but not limited to, boards and commissions. The review shall be limited to proposed projects which will require the acquisition of more than fifty (50) acres of farmland.

(5) During the planning stage of the project and before any action is taken to acquire farmland, the state agency shall submit a report to the committee. The report shall explain the project, highlight the location of land that must be acquired, present the reasons for needing the land and explain the reasons for rejecting alternatives to the proposed project.

(6) The committee shall provide notice of the proposed project to the local community within fifteen (15) days after receiving the report. The notice shall solicit comments on the proposal and state that a public hearing will be held upon a request received within fifteen (15) days of the last published notice. If requested, the public hearing shall be held within fifteen (15) days after receiving the request. No later than ten (10) days after the hearing, the committee shall file its report and any recommendations to the governor. (7) A majority of the members of the committee constitutes a quorum for conducting business, and any action taken in the name of the committee requires an affirmative vote of a majority of the members present and voting.

(8) Members shall receive no compensation but shall be reimbursed for expenses incurred.

HB 35, AN ACT relating to agricultural land.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 262.850 is amended to read as follows:

(1) This section shall be known as "the agricultural district and conservation act."

(2) It is the policy of the state to conserve, protect and to encourage development and improvement of its agricultural lands for the production of food and other agricultural products. It is also the policy of this state to conserve and protect the agricultural land base as a valuable natural resource which is both fragile and finite. The pressure imposed by urban expansion, transportation systems, water impoundments, surface mining of mineral resources, utility rights-of-way and industrial development has continually reduced the land resource base necessary to sufficiently produce food and fiber for our future needs. It is the purpose of this section to provide a means by which agricultural land may be protected and enhanced as a viable segment of the state's economy and as an important resource.

(3) The local governing administrative body for an agricultural district shall be the conservation district board of supervisors. The soil and water conservation commission shall be responsible for statewide administration of the agricultural district program and shall have sole authority to certify or deny agricultural district petitions. The commission may apply for assistance and funds from the federal farmland protection act of 1981 (PL 97-377) which may be available for the development of the agricultural district program and may accept easements as provided in KRS 65.410 - 65.480.

(4) Any owner or owners of land may submit a petition to the local conservation district board of supervisors requesting the creation of an agricultural district within such county. Such petition shall include a description of the proposed area, description of each land parcel, location of the proposed boundaries, petitioners' names and addresses, adjacent landowners' names and addresses, and other pertinent information as required in the petition application. The boundary of an agricultural district shall be contiguous. No land shall be included in an agricultural district without the consent of the owner.

(5) Upon receipt of a petition, the local conservation district board of supervisors shall notify the fiscal court and any local or regional planning or zoning body, if any, by sending a copy of the petition and accompanying materials to that body.

(6) The following factors shall be considered by the local conservation district board of supervisors and the soil and water conservation commission when considering the formation of any agricultural district:

(a) The capability of the land to support agricultural production, as indicated by: soil, climate, topography or other natural factors;

(b) The viability of active farmlands, as indicated by: markets for farm products, extent and nature of farm improvements, present status of farming, anticipated trends in agricultural economic conditions and technology;

(c) That the proposed agricultural district meets the minimum size limit of two hundred fifty (250) contiguous acres;

(d) County development patterns and needs and the location of the district in relation to any urban development boundaries within the county; and

(e) Any matter which may be relevant to evaluate the petition.

(7) The local soil and water conservation district board of supervisors shall review the petition application and submit a recommendation to the soil and water commission within sixty (60) days of receipt. The local conservation district recommendation shall be submitted to the commission in the form of approval, approval with modifications, or denial of the petition accompanied by justification for such a denial.

(8) The soil and water conservation commission shall review the recommendation of the district board of supervisors and certify or deny the agricultural district's petition within sixty (60) days of receipt.

(9) Upon the approval of a petition by the soil and water conservation commission, the commission shall notify the area development district in which the agricultural district will lie and the secretary of the governor's cabinet.

(10) Land within the boundary of an agricultural district shall not be annexed[~~; nor shall land within the boundaries of an approved plan in accordance with section 201 of the federal water pollution control act amendments of 1972 (PL 92-500) be included in an agricultural district~~].

(11) Any member, or any successor heir of the member, of an agricultural district may withdraw from the district upon notifying the local conservation district board of supervisors in writing.

(12) It shall be the policy of all state agencies to support the formation of agricultural districts as a means of preserving Kentucky's farmlands and to mitigate the impact of their present and future plans and programs upon the continued agricultural use of land within an agricultural district.

(13) Agricultural districts shall be comprised only of agricultural land as defined in KRS 132.010.

(14) An agricultural district shall be established for five (5) years with a review to be made by the local soil and water conservation district board of supervisors at the end of the five-year period and every five (5) years thereafter. However, the board shall make a review any time upon the written request of a local government which demonstrates that the review is necessary in order to consider development needs of the local government. The board shall consider whether the continued existence of the district is justified, any adjustments which may be necessary due to urban or county development, and other factors the board finds relevant. The board shall revise the district as necessary based on the review and subject to approval of the state soil and water conservation commission.

(15) The withdrawal of a member from a district reducing the remaining acreage of agricultural district land to less than two hundred fifty (250) acres or resulting in the remaining land being noncontiguous shall not cause the decertification of the district.

(16) Any member of an agricultural district who has received a summons of condemnation proceedings being instituted concerning the member's land located in the district may request the local soil and water conservation district board of supervisors to hold a public hearing on the proposed taking of land.

(17) (a) The board shall notify the local property valuation administrator of the farms which belong to an agricultural district and whenever a farm is withdrawn from a district. The board shall also inform all members of a district of the right to have their land assessed by the local property valuation administrator at the land's agricultural use value and shall offer advice and assistance on obtaining such an assessment.

(b) The board shall also notify the local property valuation administrator whenever a farm is released or withdrawn from an agricultural district.

HB 51, AN ACT relating to agriculture and declaring an emergency.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 247 IS CREATED TO READ AS FOLLOWS:

(1) The general assembly hereby finds and declares that as a result of a variety of pressures, most notably the continual spiral of inflation and the increasingly serious effects of speculative land values, the opportunities in agriculture have been severely limited; that one of the major impediments to the purchase of agricultural land, machinery and equipment by farmers is their inability to secure adequate financing upon reasonable terms; and, that it is both necessary and desirable to institute policies and programs which will encourage agricultural pursuits from which the Commonwealth derives the numerous social, economic and environmental benefits which historically have proved beneficial to its citizens.

(2) The general assembly hereby finds and declares further that private enterprise and investment have not been able to produce, without assistance, the capital necessary to permit the small, family farm operators to continue to compete successfully in agricultural enterprises or to permit enterprising individuals to become farmers.

(3) The general assembly hereby finds and declares further that the purposes of this Act are to provide a financing instrumentality more closely allied with the department of agriculture in order that the benefits intended hereunder may be more effectively administered to those engaged in agriculture and related enterprises.

(4) The general assembly hereby finds and declares further that in order to accomplish the purposes herein set forth, the Kentucky agricultural finance corporation shall be and constitute a de jure municipal corporation and political subdivision of the Commonwealth created for the purpose of performing essential public functions and serving the public purposes in improving and promoting the health, welfare and prosperity of the people of the Commonwealth through the stimulation of existing agricultural enterprises and the promotion of new agricultural ventures.

SECTION 2. A NEW SECTION OF KRS CHAPTER 247 IS CREATED TO READ AS FOLLOWS:

As used in this Act, the following words and terms, unless the context clearly indicates a different meaning, shall have the following respective meanings:

HB 145, AN ACT relating to cities of the second class.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 92.560 is amended to read as follows:

As soon as the tax levy ordinance in each city of the second class becomes in force, the auditor shall deliver the assessment books to the city clerk, who shall from them make out the tax bills. Each bill shall show each lot and the assessment thereon separately, the name of the supposed owner, the net total assessment of personal property against the person and the tax thereon. The tax bills shall be so arranged that the bill for each half-year may be detached and have each part intelligible. There shall be attached to each bill a stub showing in condensed form the items and amounts in the bill, and the bills and stubs shall be numbered consecutively, the number of each stub to correspond to the bill to which it is attached. The bills and stubs shall be bound in book form. *As soon as practicable* [~~On or before April 1 of each year~~] the clerk shall deliver the assessment books and tax bills to the auditor, and together they shall ascertain whether the sum of the tax bills equals the amount of the tax which, at the rate fixed, the total assessment should realize, and if it does not, they shall find and correct the error. When the error is corrected, the auditor shall receipt for the assessment books and tax bills. The auditor shall then deliver all tax bills to the treasurer and take his receipt for the gross amount of the bills. As soon as practicable after receiving the tax bills, the treasurer shall mail to each person against whom a tax bill has been listed, or to his guardian or conservator, a postpaid notice, directed to the best of his knowledge, stating the number and amount of the bill, the date when due and the penalties imposed for nonpayment. The failure of the treasurer to send the notice, or of the taxpayer, guardian or conservator to receive it, shall not invalidate the tax or the interest or penalties, or any subsequent proceeding for the collection thereof.

Section 2. KRS 92.590 is amended to read as follows:

(1) Taxes in cities of the second, third and fourth classes shall be due and payable as follows:

(a) Ad valorem taxes in cities of the second class, *as determined by ordinance* [~~one-half (1/2) on June 1 and one-half (1/2) on October 1~~].

(b) All city taxes in cities of the third class, as soon as the bills come into the hands of the collector.

(c) All city taxes in cities of the fourth class, on July 1; but the city legislative body may provide, by ordinance enacted on or before July 1, that all ad valorem taxes shall be due and payable in two (2) instalments, one-half (1/2) on July 1 next after the assessment date and one-half (1/2) on December 1, in which case, if the first instalment is not paid on or before August 1, both instalments shall be deemed to have become due and payable on July 1.

(2) In cities of the second class, taxpayers owing ad valorem taxes shall pay them, without demand therefor, at the treasurer's office. The taxpayer may pay the whole tax at any time after the tax bills have been made out and delivered to him. The city legislative body may provide by ordinance that taxes paid during the *second* month *preceding* [~~of April in~~] the *date* [~~year in~~] which they are due and payable may be reduced by a discount of three percent (3%), and taxes paid during the month *immediately preceding the date which they are due and payable* [~~of May in that year~~] may be reduced by a discount of two percent (2%). Taxes not paid within one (1) calendar month after they are due shall be deemed delinquent and shall have added to them a penalty of ten percent (10%), and shall thereafter bear interest at the rate of one-half of one percent (.5%) for each month or fraction of a month until paid, or until the property of the delinquent has been sold for the tax. When taxes are paid the treasurer shall note on the stub of the bill the amounts paid and the date thereof, and shall deliver the receipted bill, countersigned by the auditor, to the taxpayer. When any person desires to pay taxes on any one (1) item of real estate in a tax bill he shall be allowed to do so, if the city's interest will not be prejudiced thereby, and shall be given a receipt showing the date and the amount of the payment, the number of the tax bill, the name of the person against whom the tax bill is made out and a sufficient description to identify the property on which the taxes are paid. A corresponding notation shall be made on the tax bill and the stub, and the city's lien shall thereupon stand released as to that property, but the tax bill shall not be surrendered until paid in full.

(3) The common council of each city of the third class may provide by ordinance such discounts for prompt payment and penalties for late payment of taxes as it deems proper. All taxes owed to such cities shall bear interest at six percent (6%) per annum from October 1 of each year. The common council shall not refund to any person any taxes lawfully collected, nor extend the time for the payment of taxes, nor release any penalty incurred by nonpayment of taxes.

(4) The legislative body of each city of the fourth class may provide, by ordinance enacted on or before July 1, that:

(a) Any taxpayer may pay at any time, and the collector shall receive, any amount in even dollars as part payment or advance payment of taxes; a discount of six percent (6%) per annum, from the date of payment until the date when the taxes would have become due and payable, shall be allowed on all taxes paid in advance.

(b) All taxes remaining unpaid on the first day of the month following that in which they became due and payable shall be deemed delinquent, and shall bear interest at the rate of six percent (6%) per annum from the due date until paid; a penalty of six percent (6%) on the taxes so delinquent shall be paid, except when all instalments are paid in full on or before December 1.

(5) When any city of the fourth class gives effect by ordinance to the provisions of subsection (4) and paragraph (c) of subsection (1) of this section, all statutes inconsistent with such provisions shall not apply.

(6) When a city of the fourth class does not give effect by ordinance to the provisions of subsection (4) and paragraph (c) of subsection (1) of this section, all tax bills remaining in the hands of the collector or treasurer on November 1 in each year, unpaid, shall be indorsed by him "delinquent," and returned to the city clerk, and such bills found in the tax list returned by the clerk to be unpaid shall be credited to the collector or treasurer on his receipt. The city clerk shall thereupon proceed to attach to each tax bill the penalty prescribed by ordinance, not exceeding twenty-five percent (25%), and such interest as is provided by ordinance, and shall then deliver the tax bills to the collector and take his receipt therefor.

HB 147, AN ACT relating to fiducial and judicial sales of realty.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 389A.030 is amended to read as follows:

(1) When two (2) or more persons other than tenants by the entirety in residential property actually occupied by them as a principal residence share title to real estate in such manner that a conveyance by them jointly would pass a fee simple title, any one or more of them may bring an action for the sale or division thereof in the circuit court of the county in which the land, or the greater part thereof, lies, making parties defendant those owners who have not joined as plaintiffs. A fiduciary possessing a power of sale may institute such an action against owners of interests not represented by him. Defendant owners shall be brought before the court in the manner provided by the civil rules whether or not a fiduciary possesses a power of sale of the defendant's interest, but any fiduciary possessing such a power shall also be made a defendant. The case shall be tried without a jury.

(2) A defendant who is under disability and for whom no fiduciary is acting shall be represented in the action by a guardian ad litem, but in the event of sale of such defendant's interest the court shall retain

control of the proceeds of such interest until a duly appointed and adequately bonded fiduciary or custodian pursuant to a court order makes claim to the funds.

(3) In all such actions indivisibility of the real estate shall be presumed unless an issue in respect thereto is raised by the pleading of any party, and if the court is satisfied from the evidence that the property is divisible, without materially impairing the value of any interest therein, division thereof pursuant to KRS 381.135 shall be ordered.

(4) If a sale of all or any part of the real estate shall be ordered, the court shall refer the matter to the master commissioner or appoint a commissioner to conduct a public sale and convey the property upon terms of sale and disposition of the net proceeds as may have been determined by the court *or the court may authorize the fiduciary to make the sale privately and convey title.*

(5) The death of any party pending the action and prior to distribution of the proceeds of sale or setting apart a divisible share shall not affect the action but the court may direct distribution or apportionment to the successors in interest of the decedent upon application therefor.

(6) If the interest of any party be one for life, or other term, in any portion of the real estate, the court shall determine the value of such interest and direct that such party receive a portion of the net sale proceeds or portion of the property if divisible, in fee in satisfaction of such interest, but if any party to the action objects to such procedure, and if the court finds that such procedure would defeat the objects and purpose of a person not a party to the action, such as a testator, grantor or settlor, but that sale or division is nevertheless desirable, the court shall order that the interest of the life or term tenant shall continue as to his portion of the real estate or the net proceeds of the sale thereof, in the latter case by directing that the funds derived from the sale of that portion of the real estate in which the life or term interest existed be paid to a trustee, appointed by and accountable to the district court, for reinvestment and distribution of income and principal in a manner consistent with the instrument under which the life or term estate was created.

Whereas, the right of the court to authorize a private sale of realty in the case of a fiducial or judicial sale of realty, was inadvertently deleted from the statutes by the 1982 Regular Session of the General Assembly, and whereas the absence of the right to do so has created a hardship, an emergency is declared to exist and this Act shall become effective immediately upon passage and approval by the governor.

The Committee on State Government reported **HB 1,** with Committee Amendment attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 38, AN ACT relating to income taxes.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 141 IS CREATED TO READ AS FOLLOWS:

As used in Section 2 of this Act, "qualifying energy property" means property used to generate power from solar radiation, wind, or geothermal energy. The term includes the components of active solar systems, *passive solar systems, wind energy systems and geothermal energy systems, as defined in subsections (1) through (4) of this section.*

(1) "Active solar system" means a system of equipment capable of collecting and converting solar radiation into thermal, mechanical or electrical energy, and of transferring these forms of energy to storage or the point of use. It includes water heating, space heating or cooling, and the generation of electrical or mechanical energy. Transfer or storage components are included, except for those which would be required regardless of the energy source being used.

(2) "Passive solar system" means a direct thermal system which utilizes the structure of a building and its operable components to collect, store and distribute heating or cooling during the appropriate times of the year, by utilizing the climate resources available at the site. It includes those portions or components of a building that are expressly designed and required for the collection, storage and distribution of solar energy. Structural components of a building which also are used as part of the energy system, such as supporting walls used also for heat storage, are included only if and to the extent that their cost exceeds that of conventional construction. Multi-purpose components shall include but not be limited to windows or attached greenhouses, if designed as part of a solar system and if south facing. Multi-purpose components shall be included for half of their cost.

(3) "Wind energy system" means a system of equipment capable of intercepting and converting wind energy into mechanical or electrical energy and of transferring these forms of energy to the point of use or storage. It does not include those storage or transfer components which would be required regardless of the energy source being used. Wind equipment used to produce power for transportation is excluded.

(4) "Geothermal energy system" means a system of equipment necessary to transmit or use natural heat from the earth to provide hot water, produce electricity or generate heating or cooling for use within a building. (1) There shall be allowed as a credit against the taxes imposed by KRS 141.020 and 141.040 an amount equal to fifteen percent (15%) of the expenditures (including installation cost, but excluding any finance charges) for qualifying energy property installed on premises in Kentucky which are owned or controlled by the taxpayer. The maximum credit which may be claimed by any taxpayer shall be fifteen hundred dollars ($1,500) during the period specified in subsection (13) of this section. In no case shall a system or component or piece of equipment be eligible more than once for the credit provided in this section.

(2) The credit in this section may be claimed for the taxable year in which the installation is completed. The credit may be claimed only for expenditures made during the taxable year for which the credit is claimed or during the immediately preceding taxable year, but in no case for expenditures made before January 1, 1983.

(3) In the case of a husband and wife who file separate returns, the credit may be taken by either, or divided equally, but the combined credit shall not exceed fifteen hundred dollars ($1,500).

(4) In the case of a partnership, of which one or more of the partners are liable for the tax imposed under KRS 141.020, the amount of the credit each partner may claim shall be allocated in the same ratio as profits and losses are shared in the partnership, but the combined credit shall not exceed fifteen hundred dollars ($1,500).

(5) A builder who installs qualifying energy property in a building constructed for resale may elect himself to claim the credit allowed in this section, or may provide the purchaser with necessary documentation or certification so that the purchaser may claim the credit. In no case, however, shall the credit be claimed by both the builder and the purchaser.

(6) In the case where the credit allowed in this section exceeds the tax due for the taxable year, that portion of the credit which exceeds the tax due may be carried over to the succeeding taxable years until the allowable credit has been fully exhausted, or until the credit has been claimed for three (3) successive years, whichever comes first.

(7) This tax credit shall not apply to trusts or estates.

(8) Before any tax credit can be claimed under the provisions of this section, the energy cabinet must certify that the taxpayer's system is a viable system for using solar, wind or geothermal energy and documentation must be provided that the system has been completely installed. Any fee charged by the energy cabinet for review and certification of a system shall not exceed ten dollars ($10.00).

(9) The energy cabinet may promulgate such rules and regulations as necessary to maintain commonly accepted energy equipment standards, to effectively conform to the definition of qualifying energy property in Section 1 of this Act and to administer the certification requirements in this section. The regulations (including those describing the application procedure) shall be written in nontechnical language understandable to lay citizens untrained in engineering, architecture, or other technical fields.

(10) With the exception of the certification requirements delegated to the energy cabinet by this section, the department may promulgate such rules and regulations as necessary to effectively administer the

requirements of this Act.

(11) All regulations necessary to implement this Act shall be filed with the legislative research commission in accordance with KRS 13.087 by September 1, 1984.

(12) The department shall report as to the impact of this Act to the 1986 General Assembly and to the appropriate interim committee preceding the 1986 General Assembly. Such report shall include the number and amount of the qualifying energy credits claimed, an estimate of the distribution by income group, the net revenue gain or loss to the Commonwealth attributable to the credits, and such other information as the department deems pertinent to an analysis of this Act.

(13) The provisions of this Act shall apply to the taxable years beginning on or after January 1, 1984, and ending on or before December 31, 1986, and no credit shall be allowed for any taxable year ending after December 31, 1986.

(2) Theft by unlawful taking or disposition is a Class A misdemeanor unless the value of the property is *$500* [~~$100~~] or more, in which case it is a Class D felony.

Section 2. KRS 514.040 is amended to read as follows:

(1) A person is guilty of theft by deception when he obtains property or services of another by deception with intent to deprive him thereof. A person deceives when he intentionally:

(2) The term "deceive" does not, however, include falsity as to matters having no pecuniary significance or puffing by statements unlikely to deceive ordinary persons in the group addressed.

(3) Deception as to a person's intention to perform a promise shall not be inferred from the fact alone that he did not subsequently perform the promise.

(4) For purposes of subsection (1), an issuer of a check or similar sight order for the payment of money is presumed to know that the check or order, other than a postdated check or order, would not be paid, if:

(a) The issuer had no account with the drawee at the time the check or order was issued; or

(3) In any prosecution for theft of gas, water, electricity or other public service, where the utility supplying the service had installed a meter or other device to record the amount of service supplied, proof that:

(a) The meter or other device has been altered, tampered with, or bypassed in such manner as to prevent or reduce the recording thereof; or

(2) The assessor shall call upon each person from whom taxes are collectible, and shall administer to him an oath to give in a true and complete list of all taxable property in his possession, whether as owner or in the right of another, as of April 1, and that he will give true and correct answers to all questions asked concerning such taxable property. The assessor shall thereupon make out a list and assess the property of the taxpayer. In the case of corporations, one or more of its officers or agents found in the city shall perform the duties imposed by this section on individual taxpayers. If any person refuses to take the oath or to give in a list of his property or that of the person for which he is agent or attorney, the assessor shall assess the property from the best of his information.

(3) Every person who, on April 1, owns any taxable property or holds it in the right of another shall, when called upon, list it with the city assessor, and shall remain bound for the tax, notwithstanding he may have sold or parted with the property. The list shall be made upon blanks prepared by the assessor, and shall show the value of the personalty, the amount of investments, and all property assessed for state taxes. The

(7) The assessor shall take a census of the city every two (2) years.

The failure of the treasurer to send the notice, or of the taxpayer, guardian or conservator to receive it, shall not invalidate the tax or the interest or penalties, or any subsequent proceeding for the collection thereof.

(6) The property valuation administrator shall provide to the department by December 1 of each year a recapitulation of motor vehicles to be assessed as of January 1 of the next year.

(7) Procedures for protest, appeal, and correction of erroneous assessments shall be the same for motor vehicles as for other properties subject to ad valorem taxes.

Section 8. KRS 186.021 is amended to read as follows:

No county clerk shall issue a registration for renewal or transfer for any motor vehicle on which state, county, *city,* school, or special taxing district ad valorem taxes are due and have not been paid.

Section 9. KRS 133.185 is amended to read as follows:

Except as provided in KRS 132.487, no tax rate for any taxing district imposing a levy upon the county assessment shall be determined before the assessment is certified by the department of revenue to the county clerk as provided in KRS 133.180.

Section 10. KRS 91.420 is amended to read as follows:

During December of each year or as soon as the rates for the coming year are fixed, the tax bills shall be made out according to the provisions of the ordinances levying taxes and the following January shall be listed with the tax receiver for collection. *Except as provided in KRS 133.240,* taxes on personal property may be included with those on some one (1) parcel of land and improvements. Any tax bill so listed with the tax receiver shall be prima facie proof that all steps have been taken to make it a binding tax bill for the amounts and purposes and against the person and property therein named or described.

Section 11. KRS 92.280 is amended to read as follows:

(1) *Except as provided in KRS 132.487,* the legislative body of each city of the second to the sixth class shall provide each year, by ordinance, for the assessment of all real and personal property within the corporate limits that is subject to taxation for city purposes, and shall levy an ad valorem tax thereon for city purposes.

(2) The legislative body of each city of the second to sixth class may impose license fees on stock used for breeding purposes, and on franchises, trades, occupations and professions, and may provide for the collection of such fees.

Section 12. KRS 92.290 is amended to read as follows:

With the exception that the taxable situs of motor vehicles is governed by KRS 132.227, all real and personal property within any city of the third, fifth or sixth class, and all personal property, except such tangible personal property as has an actual and bona fide situs without the city, of persons domiciled or actually residing in the city on the assessment date, and of all corporations having their chief office or place of business in the city on that date, and all franchises of same, shall be subject to assessment and taxation for city purposes, unless exempt from taxation by the constitution or statutes of this state. Any franchise granted in whole or in part by a city of the third, fifth or sixth class, and exercised within the city, may be taxed by the city notwithstanding the corporation owning or exercising the same may have its chief office or place of business elsewhere. Any corporation doing business in a city of the sixth class, whether its franchise was granted by such city or not, may be required to pay a license tax.

Section 13. KRS 92.420 is amended to read as follows:

Except as provided in KRS 132.487, property subject to city taxation shall be assessed for city taxation as of the following dates:

(1) In cities of the second class, July 1;
(2) In cities of the third class, a date fixed by the city legislative body;
(3) In cities of the fourth class, January 1;
(4) In cities of the fifth class, January 1;
(5) In cities of the sixth class, January 1.

Section 14. KRS 92.430 is amended to read as follows:

(1) *Except as provided in KRS 132.487,* the assessor in each city of the second class shall assess in one (1) book all property subject to city taxation, and in making the assessment for any year shall assess any property subject to taxation that he finds to have been omitted in any former year.

(2) On or before July 1 of each year the city assessor shall give notice, by publication pursuant to KRS chapter 424 and by handbills posted throughout the city, that all persons owning real estate on July 1 and all persons owning or having in their possession or under their control on July 1 any personal property subject to city taxation shall, before September 1, appear at the assessor's office and furnish him a true and complete list of the property, with its true cash value as of July 1, under oath, upon forms to be furnished by the assessor on application at his office, and that all merchants doing business in the city shall in like manner, in addition to listing their personal property, state the highest amount in value of all merchandise owned or kept on hand for sale by them during the three (3) months next preceding July. The assessor and his deputies may administer oaths, and examine any person on oath concerning his real and personal property and its value, and may examine merchants on oath as to the statements required of them. The assessor may also gather information by other means.

(3) For the purpose of assessing property for taxation, the assessor shall keep his office open, with himself or a deputy in attendance, during the hours from 8 a.m. to 6 p.m. or such other or additional hours as are fixed by ordinance, from July 1 to September 1, except Sundays and legal holidays. The assessor shall constantly keep on hand, and furnish to persons lawfully requesting them, all necessary blanks and forms for the lists and statements required by this section.

(4) If any taxpayer is an artificial person, its chief officer or agent in the city at the time shall perform the duties imposed upon the taxpayer by this section.

(5) On and after September 1 of each year and until the date fixed by ordinance for the closing of the assessment books, it shall be the duty of the assessor personally or through deputies to see in person or to call at the residence, usual place of abode or business place of all taxpayers who have not listed their property by appearing at the assessor's office for that purpose prior to September 1 or whose property is not well known to him, and the assessor or his deputies shall secure the assessment list by making such calls and shall view the property when practicable to do so.

(6) Any person who fails or refuses to supply the assessor or his deputies with a complete list of his property and the value thereon when called upon at his residence, usual place of abode or place of business may be subject to a fine to be fixed by ordinance but not exceeding fifty dollars ($50.00).

(7) On or before December 1 of each year the assessor shall return to the auditor his assessment books, certified by him to be a full, careful and honest assessment of all property in the city subject to assessment. He shall take the auditor's receipt therefor in duplicate, and shall transmit one (1) of the duplicates to each board of the general council at its first regular meeting in December. The assessment books and reports shall remain in the auditor's office, subject to public inspection, until transmitted to the board of equalization.

Section 15. KRS 92.490 is amended to read as follows:

(1) The assessor in each city of the fourth class shall, on or before the first Monday in May of each year, take a list of all the taxable property in the city and return it to the city legislative body. *Except as provided in KRS 132.487,* he shall list all personal property in the city, whether belonging to residents or to nonresidents, that is liable for taxation, in the same manner as provided by law for the property valuation administrator, and shall also list every male resident of the city who is twenty-one (21) years of age or over. He shall list the residents of the city and owners of property in the city together in one or more books, as nearly as possible in alphabetical order, and the books shall be ruled in columns so as to show the property subject to taxation and its value. The assessor shall value the property at its fair cash value, and shall enter in the book, opposite the name of the owner, the amount of each kind of property, and opposite the name of each adult male resident, the amount of poll tax.

(2) The assessor shall call upon each person from whom taxes are collectible, and shall administer to him an oath to give in a true and complete list of all taxable property in his possession, whether as owner or in the right of another, as of April 1, and that he will give true and correct answers to all questions asked concerning such taxable property. The assessor shall thereupon make out a list and assess the property of the taxpayer. In the case of corporations, one or more of its officers or agents found in the city shall perform the duties imposed by this section on individual taxpayers. If any person refuses to take the oath or to give in a list of his property or that of the person for which he is agent or attorney, the assessor shall assess the property

from the best of his information.

(3) Every person who, on April 1, owns any taxable property or holds it in the right of another shall, when called upon, list it with the city assessor, and shall remain bound for the tax, notwithstanding he may have sold or parted with the property. The list shall be made upon blanks prepared by the assessor, and shall show the value of the personalty, the amount of investments, and all property assessed for state taxes. The person making the list shall make oath to the list before the assessor or one (1) of his deputies, who may administer the oath.

(4) Improvements not owned by the owner of the land may be assessed in the name of the owner of the improvements. The assessor shall not assess any property in such a name as "A B's heirs," "A B's devisees," "A B's executor," or the like, but may assess real property in such a name as "A B's unknown heirs," "A B's unknown devisees," or the like; when the names cannot be obtained by diligent inquiry. When there are more than three (3) joint owners, three (3) of the names with the words "and others," shall be sufficient. Where remainders or future estates are outstanding, the name of the holder of the particular estate shall be assessed, with the words "holder of present estate" after his name.

(5) The assessor or one (1) of his deputies shall view all real property and tangible personal property before assessing it. Tangible personal property shall be viewed by going upon the premises where it or the greater part of it is found. The failure of the assessor to view any property shall not invalidate the assessment.

(6) The assessor shall obtain, at the expense of the city, copies of all recorded plats of land in the city. He shall keep them in his office, and mark on them all changes occurring in the ownership and in the subdivision or combination of the lots.

(7) The assessor shall take a census of the city every two (2) years.

Section 16. KRS 92.560 is amended to read as follows:

As soon as the tax levy ordinance in each city of the second class becomes in force, the auditor shall deliver the assessment books to the city clerk, who shall from them make out the tax bills. Each bill shall show each lot and the assessment thereon separately, the name of the supposed owner, the net total assessment of personal property, *other than motor vehicles governed by the provisions of KRS 132.487,* against the person and the tax thereon. The tax bills shall be so arranged that the bill for each half-year may be detached and have each part intelligible. There shall be attached to each bill a stub showing in condensed form the items and amounts in the bill, and the bills and stubs shall be numbered consecutively, the number of each stub to correspond to the bill to which it is attached. The bills and stubs shall be bound in book form. On or before April 1 of each year the clerk shall deliver the assessment books and tax bills to the auditor, and together they shall ascertain whether the sum of the tax bills equals the amount of the tax which, at the rate fixed, the total assessment should realize, and if it does not, they shall find and correct the error. When the error is corrected, the auditor shall receipt for the assessment books and tax bills. The auditor shall then deliver all tax bills to the treasurer and take his receipt for the gross amount of the bills. As soon as practicable after receiving the tax bills, the treasurer shall mail to each person against whom a tax bill has been listed, or to his guardian or conservator, a postpaid notice, directed to the best of his knowledge, stating the number and amount of the bill, the date when due and the penalties imposed for nonpayment. The failure of the treasurer to send the notice, or of the taxpayer, guardian or conservator to receive it, shall not invalidate the tax or the interest or penalties, or any subsequent proceeding for the collection thereof.

Section 17. KRS 132.285 is amended to read as follows:

(1) *Except as provided in subsection (3) of this section,* any city may by ordinance elect to use the annual county assessment for property situated within such city as a basis of ad valorem tax levies ordered or approved by the legislative body of the city. Any city making such election shall notify the Department of Revenue and property valuation administrator prior to the next succeeding assessment to be used for city levies. In such event the assessment finally determined for county tax purposes shall serve as a basis of all city levies for the fiscal year commencing on or after the county assessment date. Each city which elects to use the county assessment shall annually appropriate and pay each fiscal year to the office of the property valuation administrator for deputy and other authorized personnel allowance, supplies, maps and equipment, and other authorized expenses of the office one-half of one cent for each one hundred dollars of assessment; provided, that sums paid shall not be less than two hundred fifty dollars, nor more than forty thousand dollars in a city having an assessment subject to city tax of less than two billion dollars or fifty thousand dollars in a city having an assessment subject to city tax of more than two billion dollars. This allowance shall be based on the assessment as of the previous January 1. Each property valuation administrator shall file a claim with the city and the city shall order payment in an amount not to exceed the appropriation authorized by this section. The property valuation administrator shall be required to account for all monies paid to his office by the city and any funds unexpended by the close of each fiscal year shall carry over to the next fiscal year. Notwithstanding any statutory provisions to the contrary, the assessment dates for such city shall conform to the corresponding dates for the county, and such city may by ordinance establish additional financial and tax procedures that will enable it effectively to adopt the county assessment. The legislative body of any city adopting the county assessment may fix the time for levying the city tax rate, fiscal year, due and delinquency dates for taxes and any other dates that will enable it effectively to adopt the county assessment,

notwithstanding any statutory provisions to the contrary. Any such city may, by ordinance, abolish any office connected with city assessment and equalization; except that in the case of a city assessor who is elected by the qualified voters of the city, the office may not be abolished before the end of the term of such assessor. Any city which elects to use the county assessment shall have access to the assessment records as soon as completed and may obtain a copy of that portion of the records which represents the assessment of property within such city by additional payment of the cost thereof. Once any city elects to use the county assessment, such action cannot be revoked without notice to the Department of Revenue and the property valuation administrator six months prior to the next date as of which property is assessed for state and county taxes.

(2) In the event any omitted property is assessed by the property valuation administrator as provided by KRS 132.310 such assessment shall be considered as part of the assessment adopted by the city according to subsection (1) of this section.

(3) For purposes of the levy and collection of ad valorem taxes on motor vehicles, cities shall use the assessment required to be made pursuant to KRS 132.487(5).

Section 18. This Act shall take effect on January 1, 1985.

The Committee on Transportation reported **HB 17, HB 30** with Committee Amendment attached thereto, **HB 44, HB 46** with Committee Amendment attached thereto, **HB 66,** and **HB 176** with Committee Amendment attached thereto, with the expression of opinion that the same should pass. Read at length for the first time and ordered placed in the Calendar.

HB 17, AN ACT relating to the licensing of motor vehicles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 186.1701 is amended to read as follows:

(1) Any owner of a motor vehicle required to be registered under the provisions of KRS 186.050(1) or (4)(a) who is a former prisoner of the enemy during World War I, World War II, the Korean War, or the Viet Nam War, shall be issued a five (5) year license plate, for either one (1) automobile, or one (1) truck of one-half (1/2) or three-quarter (3/4) ton rating, upon application to the county clerk in the county of his residence and after payment of a twenty-five dollar ($25.00) state fee and a one dollar ($1.00) clerk's fee. Application shall be made on a form prescribed by the cabinet and shall be accompanied by written evidence from the United States *veteran's administration or any other appropriate federal agency* [~~department of defense~~] stating the period of time that the applicant was a prisoner of war.

(2) The license plates in subsection (1) of this section shall be printed in three (3) colors: red, white, and blue. Each tag shall contain the name of the state, the year, the registration number and the words "Former P.O.W." Annually thereafter, upon application to the county clerk of the county of his residence, together with proof that he is a former prisoner of war, and without payment of the registration fee provided in subsection (1) of this section, the clerk shall issue a new plate, or a renewal decal, as directed by the transportation cabinet. For services performed to renew such registration, the clerk shall receive a one dollar ($1.00) fee.

(3) (a) Upon the sale or transfer of a vehicle licensed as authorized under this section, the owner shall remove the prisoner of war license plate and return it and the certificate of title and registration to the county clerk. The clerk shall issue a regular license plate and certificate of title and registration upon payment of an eleven dollars fifty cents ($11.50) state fee and a one dollar ($1.00) clerk's fee. When the prisoner of war plate has been presented to the clerk, he shall reissue same free of charge by the transportation cabinet and upon payment of a one dollar ($1.00) clerk's fee for use on any other vehicle owned by the same person who purchased the prisoner of war plate for the current licensing period. The license plate and decal on this other vehicle shall be turned in to the county clerk, who will forward the license plate to Frankfort.

(4) In the event a prisoner of war license plate is lost, stolen or mutilated, if the owner has not transferred a vehicle during the current license period, he may obtain a regular plate free of charge. In the event a prisoner of war license plate, within five (5) years of the date of its issue, deteriorates to the point where the inscriptions thereon are not discernible, the owner may obtain a replacement plate free of charge.

(5) License plates issued under this section shall expire on December 31.

HB 30, AN ACT relating to motor vehicles.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 189.150 is amended to read as follows:

[~~(1)~~] No vehicle shall be operated upon any highway unless it is so constructed as to prevent its contents from escaping.

[~~(2) No vehicle shall be operated upon any public highway for a distance of over one (1) mile whose load is susceptible to shifting or spillage unless said load is covered with a device suitable for prevention of spillage.~~]

The Committee Amendment No. 1 to **HB 30** is as follows:

Amend printed copy of **HB 30** on page 1, after line 10, add the following language:

"Section 2. KRS 350.060 is amended to read as follows:

(1) No person shall engage in surface coal mining and reclamation operations without having first obtained from the department a permit designating the area of land affected by the operation. Permits shall authorize the operator to engage in surface coal mining and reclamation operations upon the area of land described in his application for a period of not to exceed five (5) years; provided that if an applicant demonstrates that a specified longer term is reasonably needed to obtain necessary financing for equipment and the opening of the operation and if the application is full and complete for such specified longer term, the department may grant a permit for such longer term. No mining shall be permitted beyond the time period obligations of the initial or extended bond coverage.

(2) All operators who wish to engage in surface coal mining and reclamation operations and who have a valid permit from the department and who are in expectation of operating such mines after the expiration of eight (8) months from the approval by the secretary of the interior of the permanent regulatory program shall within two (2) months of the effective date of such approval apply for a new permit for such mines in compliance with the requirements of this section. The department for natural resources and environmental protection shall establish procedures and programs consistent with this chapter to issue or deny such permits within eight (8) months of such approval. The general assembly finds the fact that, due to the large number of permitted operations within the Commonwealth, the eight-month period may be administratively impracticable, and hereby authorizes the secretary to devise procedures to comply with this section in the most expeditious and reasonable manner possible, and a filing shall be deemed timely for the purposes of this subsection and surface coal mining operations may continue under an existing permit if that filing is in substantially complete form and submitted within the time limits set forth herein.

(3) Any permit validly issued by the department under the interim regulatory program in effect on March 21, 1980 and which would expire at any time after May 1, 1980 and before eight (8) months after approval of the permanent regulatory program by the United States secretary of the interior, shall be extended and remain in effect until eight (8) months after approval of the permanent regulatory program. Any interim permit so extended shall continue as a valid existing permit for purposes of this subsection if the permittee so requests and files an application for a permit with the department within two (2) months of the date of approval of the permanent regulatory program. The permittee may conduct operations under that existing permit beyond the eight (8) month period if an application has been filed in accordance with this subsection, but the initial administrative decision has not been rendered.

(4) No permit or revision application shall be approved unless the application affirmatively demonstrates and the department finds in writing on the basis of the information set forth in the application or from information otherwise available, that the permit application is accurate and complete and that all the requirements of this chapter have been complied with.

(5) An operator desiring a permit to engage in surface coal mining operations shall file an application which shall state:

(a) The location and area of land to be affected by the operation, with a description of access to the area from the nearest public highways;

(b) The owner or owners of the surface of the area of land to be affected by the permit and the owner or owners of all surface area adjacent to any part of the affected area;

(c) The owner or owners of the coal to be mined;

(d) The source of the applicant's legal right to mine the coal on the land affected by the permit;

(e) The permanent and temporary post-office addresses of the applicant;

(f) Whether the applicant or any person, partnership or corporation associated with the applicant holds or has held any other permits under this chapter, and an identification of such permits;

(g) Whether or not the applicant is in compliance with subsection (3) of KRS 350.130 and whether or not every officer, partner, director or any individual owning of record or beneficially (alone or with associates) a ten percent (10%) or more interest of the applicant, is subject to any of the provisions of subsection (3) of KRS 350.130 and he shall so certify;

(h) A listing of any and all violations of this chapter, P.L. 95-87, and any law, rule or regulation in effect for the protection of air or water resources incurred by the applicant in connection with any surface coal mining and reclamation operation during the three-year period prior to the date of an application. Such a list shall indicate the final resolution of the violations; and

(i) Whether the area of land to be affected by the operation has been previously mined and is not in compliance with current reclamation standards, if so then identify the needed reclamation work.

(6) The application for a permit shall be accompanied by an official document (and an affidavit attesting to the document's authenticity) which will evidence what particular business entity the applicant is, whether a foreign or domestic corporation, a partnership, an entity doing business as another, or, if sole proprietorship, then an affidavit so stating.

(7) The application for a permit shall be accompanied by copies, in numbers satisfactory to the department, of a United States geological survey topographic map or such other map acceptable to the department on which the operator has indicated the location of the operation, the course which would be taken by drainage from the operation to the stream or streams to which such drainage would normally flow, the name of the applicant and date, and the name of the person who located the operation on the map.

(8) The application for a permit shall be accompanied by copies, in numbers satisfactory to the department, of an enlarged United States geological survey topographic map or such other map acceptable to the department meeting the requirements of the subsections below. The map shall:

(a) Be prepared and certified by a professional engineer, registered under the provisions of KRS Chapter 322. The certification shall be in the form as provided in subsection (10) below, except that the engineer shall not be required to certify the true ownership of property under paragraph (d) of this subsection;

(b) Identify the area to correspond with the application;

(c) Show adjacent deep mining;

(d) Show the boundaries of surface properties and names of owners on the affected area and adjacent to any part of the affected area;

(e) Be of a scale of 1:24,000 or larger;

(f) Show the names, and locations of all streams, creeks, or other bodies of public water, roads, buildings, cemeteries, oil and gas wells, and utility lines on the area of land affected and within five hundred (500) feet of such area;

(g) Show by appropriate markings the boundaries of the area of land affected, the cropline of the seam or deposit of coal to be mined, and the total number of acres involved in the area of land affected;

(h) Show the date on which the map was prepared, the north point and the quadrangle name; and

(i) Show the drainage plan on and away from the area of land affected. Such plan shall indicate the directional flow of water, constructed drainways, natural waterways used for drainage, and the streams or tributaries receiving the discharge.

(9) Each application shall include a determination of the probable hydrologic consequences of the mining and reclamation operations, both on and off the mine site, with respect to the hydrologic regime, quantity and quality of water in surface and groundwater systems, including the dissolved and suspended solids under seasonal flow conditions and the collection of sufficient data for the mine site and surrounding areas so that an assessment can be made by the department of the probable cumulative impacts of all anticipated mining in the area upon the hydrology of the area and particularly upon water availability; provided, however, that this determination shall not be required until such time as hydrologic information on the general area prior to mining is made available from an appropriate federal or state agency. Provided further, that the permit shall not be approved until such information is available and is incorporated into the application.

(10) All certifications required by this chapter to be made by professional engineers shall be done in the form prescribed by the department and shall be reasonably specific as to the work being certified. The department may reject any document or map as incomplete if it is not properly certified.

(11) The application shall be accompanied by a transportation plan which shall set forth the portions of the state primary road system, if any, over which the applicant proposes to transport minerals extracted in the mining operation. The transportation plan shall specify the legal weight limits for each portion of any such highway or bridge over which the applicant proposes to transport minerals. The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the department of transportation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges. [~~All trucks hauling coal on a fully controlled limited access highway shall be covered by a tarp or equivalent cover to prevent spillage.~~]

(12) In addition to the information and maps required above, each application for a permit shall be accompanied by detailed plans or proposals showing the method of operation, the manner, time and distance for backfilling, grading work and a reclamation plan for the affected area, which proposals shall meet the

requirements of this chapter and rules and regulations adopted pursuant thereto.

(13) The application for a permit shall be accompanied by proof that the applicant has public liability insurance coverage satisfactory to the department for the surface mining and reclamation operations for which the permit is sought, or proof that the applicant has satisfied self-insurance requirements as provided by regulations of the department. Such coverage shall be maintained in full force and effect during the terms of the permit and any renewal thereof, and until reclamation operations are completed.

(14) A basic fee set by regulation, and bearing a reasonable relationship to the cost of processing the permit application but not to exceed three hundred seventy-five dollars ($375) plus a fee set by regulation but not to exceed seventy-five dollars ($75) for each acre or fraction thereof of the area of land to be affected by the operation, shall be paid before the permit required herein shall be issued. The operator shall file with the department a bond payable to the Commonwealth of Kentucky with surety satisfactory to the department in the penal sum to be determined by the department for each acre or fraction thereof of the area of land affected, with a minimum bond of ten thousand dollars ($10,000), conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules and regulations of the department. In determining the amount of the bond the department shall take into consideration the character and nature of the overburden, the future suitable use of the land involved and the cost of backfilling, grading and reclamation to be required and the probable difficulty of reclamation giving consideration to such factors as topography, geology, hydrology, and revegetation potential. The bond amount shall initially be computed to be sufficient to assure completion of reclamation if the work had to be performed by the department in the event of forfeiture. The department shall promulgate regulations setting forth bonding requirements including, but not limited to, requirements for the amount, duration, release, and forfeiture of such bonds. Where the circumstances are such as to warrant an exception, the department, in its discretion, may reduce the amount of the bond for a two (2) acre operation to less than the required minimum.

(15) Surface coal mining and reclamation operations which affect two (2) acres or less shall be exempt from the requirements of this chapter, except that the department shall promulgate reasonable minimal regulations for permitting, bonding, controlling offsite water quality, revegetation, refuse piles, and use of explosives; and shall prohibit disposal of soil over the outslope in an uncontrolled manner. Such regulations shall recognize the distinct difference between two (2) acre operations and other surface coal mining operations and shall be less stringent than those imposed on other surface coal mining operations affecting more than two (2) acres, and in no event shall the department require that the highwalls left by such operations be eliminated. In no event shall the bond be more than one thousand dollars ($1,000) per acre. The department shall promulgate a short form application which will require the basic business information and a brief description of the method of operation. These applications shall be processed within thirty (30) calendar days. All procedural provisions and the penalty provisions of KRS 350.990 shall, however, apply to operations conducted and permits granted pursuant to this subsection. The department shall enforce this subsection consistent with KRS Chapter 350 except that the department shall not issue orders requiring cessation of operations for mere failure to abate a violation.

(16) The department shall promulgate rules and regulations for the permitting of operations with surface effects of underground mining and other surface coal mining and reclamation operations consistent with this section. The department shall recognize the distinct differences between the surface effects of underground mining and strip mining, as also provided in KRS 350.151, in promulgating permitting requirements for these operations; provided, that the department shall require, for underground mines that are greater than two (2) acres under subsection (15) of this section, that all of the areas overlying underground workings be permitted but that the areas overlying underground workings not affected by operations and facilities occurring on the surface shall not be subject to the payment of acreage fees or bond requirements of subsection (14) of this section or of KRS 350.151; provided, however, that applications for operations of two (2) acres or less filed under subsection (15) of this section shall clearly identify the boundaries of the proposed deep mine operation.

(17) Any valid permit issued pursuant to this chapter shall carry with it the right of successive renewal upon expiration with respect to areas within the boundaries of the existing permit. The holders of the permit may apply for renewal and such renewal shall be issued (provided that on application for renewal the burden shall be on the opponents of renewal), subsequent to the fulfillment of the public notice requirements of this chapter unless it is established and written findings by the department are made that:

(a) The terms and conditions of the existing permit are not being satisfactorily met;

(b) The present surface coal mining and reclamation operation is not in compliance with the environmental protection standards of this chapter;

(c) The renewal requested substantially jeopardizes the operator's continuing responsibility on existing permit areas;

(d) The operator has not provided evidence that the performance bond in effect for said operation will continue in full force and effect for any renewal requested in such application as well as any additional bond the department might require; or

(e) Any additional revised or updated information required by the department has not been

provided;
Prior to the approval of any renewal of permit the department shall provide notice to the appropriate public authorities.

(18) If an application for renewal of a valid permit includes a proposal to extend the mining operation beyond the boundaries authorized in the existing permit, the portion of the application for renewal of a valid permit which addresses any new areas of surface disturbance shall be subject to the full standards applicable to new applications under this chapter.

(19) Any permit renewal shall be for a term not to exceed the period of the original permit. Application for permit renewal shall be made at least one hundred and twenty (120) days prior to the expiration of the valid permit.

(20) Notwithstanding any of the provisions of this section, a permit shall terminate if the permittee has not commenced the surface coal mining operations covered by such permit within three (3) years of the issuance of the permit. However, the department may grant reasonable extensions of time upon a showing that such extensions are necessary by reason of litigation precluding commencement of operations, or threatening substantial economic loss to the permittee, or by reason of conditions beyond the control and without the fault or negligence of the permittee. With respect to coal to be mined for use in a synthetic fuel facility or specific major electric generating facility, the permittee shall be deemed to have commenced surface mining operations at such time as the construction of the synthetic fuel or generating facility is initiated.

(21) Each application for a permit or revision for auger mining on a previously mined area must contain information to describe the area to be affected, to show that the proposed method of operation will result in stable post-mining conditions, and reduce or eliminate adverse environmental conditions created by previous mining activities. If the department determines that the affected area cannot be stabilized and reclaimed subsequent to augering or that the operation will result in an adverse impact to the proposed or adjacent area, the permit or revision shall not be issued. The department shall, consistent with all applicable requirements of KRS Chapter 350, issue a permit or revision if the applicant demonstrates that the proposed coal mining operations will provide for reduction or elimination of the highwall, or reduction or abatement of adverse impacts resulting from past mining activities, or stabilization or enhancement of a previously mined area. The department shall insure that all reasonably available spoil material will be used to backfill the highwall to the extent practical and feasible; provided, however, that in all cases the holes be properly sealed and backfilled to a minimum of four (4) feet above the coal seam being mined.

(22) All operations involving the crushing, screening, or loading of coal which do not separate the coal from its impurities, and which are not located at or near the mine site, shall be exempt from the requirements of this chapter."

Section 7. KRS 67A.320 is amended to read as follows:

(1) Any urban-county government in which there existed a municipality which had in effect an employes' pension fund prior to its merger into the urban-county form of government shall provide by comprehensive plan or ordinance for the maintenance of the said pension fund for those employes covered by the said pension fund [~~by a levy of a tax of not exceeding five cents ($.05) on each one hundred dollars' value of taxable property in the urban area of the urban-county government, as established in the comprehensive plan or by ordinance, the proceeds of that tax to be paid to the pension fund in cash~~], and shall in each case provide[~~, by such tax or otherwise,~~] for the payment to the pension fund in each month of the sum necessary to maintain such fund in accordance with the actuarial principles established by the actuarial studies described hereafter, and may assess monthly such amount or percent of the salary of the employes as may be equitably determined on a fair actuarial basis, and in any case not in excess of eight percent (8%) of the monthly salary of each employe unless a higher rate was charged prior to the merger of governments, in which case the higher rate may be charged, the assessment to be deducted from the employes' salaries or picked up pursuant to subsection (2) of this section and paid in cash into the pension fund. Within six (6) months after the effective date of the urban-county form of government, or within six (6) months after June 21, 1974, whichever shall be later, the trustees of the board shall, at the expense of the urban-county government, provide for the performance of an actuarial study, which study shall be completed within six (6) months thereafter, and which study shall describe the amounts necessary to be contributed by the urban-county government or other sources to fund on an actuarially sound basis the benefits promised or described in the said fund, including any payments required to bring said fund to an actuarially sound position in the event that it was not so at the time of the performance of the study, in which latter event the legislative body shall also determine a

reasonable period over which such additional funding shall be made, which period shall not exceed thirty (30) years. A similar study shall be arranged by the board at the cost of the urban-county government at least once in every three-year period thereafter. In the event that fund created by this section is extended to cover employes not described in the first sentence hereof, the actuarial study shall determine the required payments so as to keep the expanded fund on an actuarially sound basis, and the urban-county government shall maintain such fund as set out herein; and shall assess against the additional covered employes the same monthly contribution as is required for other government employes.

(2) The urban-county government shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, the urban-county government shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement fund satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. The urban-county government shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the urban-county government to the fund. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of this section in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

(3) The pick up of employe contributions by the employer shall not be construed to reduce the final salary or the average salary upon which the employe retirement benefit is based.

(4) There is hereby created a board for the existing employes pension fund and trustees of that board. Trustees from the pension fund board shall consist of the mayor, four (4) members of the legislative body of the urban-county government selected by the legislative body, the secretary of the department of finance, the director of the division of personnel, and three (3) civil service employes to be elected to the board by those employes covered by the employes' pension fund. In the event that there is no position in the urban-county government denominated secretary of the department of finance and/or director of the division of personnel, the appointed office of the urban-county government exercising the functions most closely resembling such office shall serve as trustee.

(5) Temporary employes appointed without examination shall not be compelled to contribute to any pension fund and shall not be eligible to benefits.

(6) In no year shall the contribution by the urban-county government to the pension fund, in the manner provided in this section, be less than the total amount assessed upon and deducted from the salary of the employes.

(7) The trustees of the pension fund shall, at least once every three (3) months, report in writing to the mayor the receipts, expenditures and financial status of the pension fund, stating the places of deposit of funds, or the character of investments made, and the mayor shall cause copies of the report to be posted in at least three (3) places where urban-county employes frequent and report.

HB 99, AN ACT relating to state purchasing.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 45A.070 is amended to read as follows:

As used in KRS 45A.070 to 45A.165, unless the context in which they are used clearly requires a different meaning:

(1) "Cost-reimbursement contract" shall mean a contract under which the Commonwealth reimburses the contractor for those contract costs, within a stated ceiling, which are allowable and allocable in accordance with cost principles (as provided in KRS 45A.215), and a fee, if any.

(2) "Established catalogue price" shall mean the price included in the most current catalogue, price list, schedule, or other form that:

(a) Is regularly maintained by the manufacturer or vendor of an item; and

(b) Is either published or otherwise available for inspection by customers; and

(c) States prices at which sales are currently or were last made to a significant number of buyers constituting the general buying public for that item.

(3) "Evaluated bid price" shall mean the dollar amount of a bid after bid price adjustments are made pursuant to objective measurable criteria, set forth in the invitation for bids, which affect the economy and effectiveness in the operation or use of the product, such as reliability, maintainability, useful life, and residual value.

(4) "Invitation for bids" shall mean all documents, whether attached or incorporated by reference, utilized for soliciting bids in accordance with the procedures set forth in KRS 45A.080 of this code.

(5) "Request for proposals" shall mean all documents, whether attached or incorporated by reference, utilized for soliciting proposals in accordance with the procedures set forth in KRS 45A.085, 45A.090, 45A.095 or 45A.100.

(6) "Responsible bidder or offeror" shall mean a person who has the capability in all respects to perform fully the contract requirements, and the integrity and reliability which will assure good faith performance.

(7) "Responsive bidder" shall mean a person who has submitted a bid under KRS 45A.080 which conforms in all material respects to the invitation for bids, so that all bidders may stand on equal footing with respect to the method and timeliness of submission and as to the substance of any resulting contract.

(8) "Kentucky bidder" shall mean any individual partnership, association, or corporation which maintains at the time of submission of the bid, a bona fide place of business and a representative inventory of the commodities on which the bid is submitted, within the state of Kentucky, and in the case of corporations is duly qualified to do business and is in good standing under the laws of the state of Kentucky.

(9) "Nonresident firm" shall mean a firm which does not meet the definition of a "Kentucky bidder" as provided in subsection (8) of this section.

SECTION 2. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) The chief purchasing officer, in the purchase of all supplies, services and construction by competitive sealed bidding, competitive negotiation, and negotiation after competitive sealed bidding when all bids exceed available funds, shall accept the lowest qualified bid from a responsive and responsible Kentucky bidder, provided that the bid does not exceed the lowest bid price or lowest evaluated bid price from a nonresident firm by more than five percent (5%). In calculating the preference to be allowed, the chief purchasing officer shall take the amount of each bid of the Kentucky bidders and deduct five percent (5%) from its total. If after making such deduction, the bid of any Kentucky bidder is lower than the bid of the

nonresident firm, then the award shall be made to the Kentucky bidder. The preference provided shall be applicable only in comparing bids where one (1) or more bids are by a Kentucky bidder and the other bid is by a nonresident firm, and shall have no application with respect to competing bids if all bidders are Kentucky bidders. In the case of tie bids between Kentucky bidders and nonresident firms, the award shall be made to the Kentucky bidder.

(2) If any provision or condition of this Act conflicts with any provision of federal law or any rule or regulation made under federal law pertaining to federal grant-in-aid programs or other federal aid programs, such provision or condition shall not apply on such federal supported contracts for the purchase of commodities to the extent that the conflict exists, but all provisions or conditions of this Act with which there is no conflict shall apply to contracts for the purchase of commodities to be paid in whole or part from federal funds. This section shall not apply to purchases which are subject to Kentucky Constitution, Section 247.

(3) Nothing in this section is intended to override KRS 45A.470 relating to purchase preferences given to prison industries and handicapped industries.

Section 3. KRS 45A.080 is amended to read as follows:

(1) Contracts exceeding the amount provided by KRS 45A.100 shall be awarded by competitive sealed bidding unless it is determined in writing that this method is not practicable. Factors to be considered in determining whether competitive sealed bidding is not practicable shall include whether:

(a) Specifications can be prepared that permit award on the basis of either the lowest bid price or the lowest evaluated bid price; and

(b) The available sources, the time and place of performance, and other relevant circumstances as are appropriate for the use of competitive sealed bidding.

(2) The invitation for bids shall state whether award shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter basis is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids.

(3) Adequate public notice of the invitation for bids shall be given a sufficient time prior to the date set forth therein for the opening of bids. Such notice shall include publication in a newspaper or newspapers of general circulation in the state as determined by the secretary of the finance and administration cabinet for all price contracts and purchase contracts estimated to exceed ten thousand dollars ($10,000) not less than seven (7) days before the date set for the opening of the bids.

(4) Bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and be open to public inspection.

(5) The contract shall be awarded *in compliance with Section 2 of this Act* [~~with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or lowest evaluated bid price~~].

(6) Correction or withdrawal of bids may be allowed only to the extent permitted by regulations issued by the secretary.

Section 4. KRS 45A.085 is amended to read as follows:

(1) When, under regulations issued by the secretary, the purchasing officer determines in writing that the use of competitive sealed bidding is not practicable, and except as provided in KRS 45A.095 and 45A.100, a contract may be awarded by competitive negotiation.

(2) Adequate public notice of the request for proposals shall be given in the same manner and circumstances as provided in KRS 45A.080(3).

(3) Contracts may be competitively negotiated when it is determined in writing by the purchasing officer that the bid prices received by competitive sealed bidding either are unreasonable as to all or part of the requirements, or were not independently reached in open competition, and for which:

(a) Each competitive bidder has been notified of the intention to negotiate and is given reasonable opportunity to negotiate; and

(b) The negotiated price is lower than the lowest rejected bid by any competitive bidder; and

(c) The negotiated price is the lowest negotiated price offered by any competitive offeror.

(4) The request for proposals shall indicate the relative importance of price and other evaluation factors.

(5) Award shall be made *in compliance with Section 2 of this Act* [~~to the responsible offeror whose proposal is determined in writing to be the most advantageous to the Commonwealth, taking into consideration price and the evaluation factors set forth in the request for proposals~~].

(6) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where such prices are fixed by law or regulation, except that consideration shall be given to competitive terms and conditions; or

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or accurate prior cost experience with the particular supply, service, or construction item, that acceptance of an initial offer without discussion would result in fair and reasonable prices, and the request for proposals notifies all offerors of the possibility that award may be made on the basis of the initial offers.

Section 5. KRS 45A.090 is amended to read as follows:

(1) In the event that all bids submitted pursuant to competitive sealed bidding under KRS 45A.080 result in bid prices in excess of the funds available for the purchase, and the chief purchasing officer determines in writing:

(a) That there are no additional funds available from any source so as to permit an award to the lowest responsive and responsible bidder; and

(b) The best interest of the state will not permit the delay attendant to a resolicitation under revised specifications, or for revised quantities, under competitive sealed bidding as provided in KRS 45A.080, then a negotiated award may be made as set forth in subsections (2) or (3) of this section.

(2) Where there is more than one bidder, competitive negotiations pursuant to KRS 45A.085 shall be conducted with the three (3) (two (2) if there are only two (2)) bidders determined in writing to be the lowest responsive and responsible bidders to the competitive sealed bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

(a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and

(b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded *in compliance with Section 2 of this Act* [~~upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror~~].

(3) Where, after competitive sealed bidding, it is determined in writing that there is only one responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with KRS 45A.095.

Section 6. KRS 45A.205 is amended to read as follows:

(1) It shall be the policy of this Commonwealth to publicly announce all requirements for architectural and engineering services, and to negotiate contracts for architectural and engineering services on the basis of demonstrated competence and qualification for the type of professional services required and at fair and reasonable prices.

(2) In the procurement of architectural and engineering services, the purchasing officer shall encourage firms engaged in the lawful practice of their profession to submit annually a statement of qualifications and performance data. The purchasing officer shall evaluate current statements of qualifications and performance data on file with the Commonwealth, together with those that may be submitted by other firms regarding the proposed project, and shall conduct discussions with no less than three (3) firms regarding anticipated design concepts and the relative utility of alternative methods of approach for furnishing the required services, and shall then select therefrom, in order of preference, based upon criteria established and published by him, no less than three (3) of the firms deemed to be the most highly qualified to provide the services required.

(3) The purchasing officer shall negotiate a contract with the highest qualified firm for architectural and engineering services, *which has an office with an architectural and engineering staff located in the Commonwealth,* at compensation which the purchasing officer determines in writing to be fair and reasonable to the Commonwealth. In making this decision, the purchasing officer shall take into account the estimated value of the services to be rendered, the scope, complexity, and professional nature thereof. Should the purchasing officer be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price the purchasing officer determines to be fair and reasonable to the Commonwealth, negotiations with that firm shall be formally terminated. The purchasing officer shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the purchasing officer shall formally terminate negotiations. The purchasing officer shall then undertake negotiations with the third most qualified firm. Should the purchasing officer be unable to negotiate a satisfactory contract with any of the selected firms, the purchasing officer shall select additional firms in order of their competence and qualification and the purchasing officer shall continue negotiations in accordance with this section until an agreement is reached.

(4) KRS 45A.080 to 45A.100 and KRS 45A.165 shall not apply to architect-engineer contracting under this section.

The Committee Substitute to **HB 99** is as follows:

(3) "Evaluated bid price" shall mean the dollar amount of a bid after bid price adjustments are made pursuant to objective measurable criteria, set forth in the invitation for bids, which affect the economy and effectiveness in the operation or use of the product, such as reliability, maintain ability, useful life, and residual value.

(8) "Kentucky bidder" shall mean any individual, partnership, association, or corporation which maintains at the time of submission of the bid, a bona fide place of business, within the state of Kentucky, and in the case of corporations is duly qualified to do business and is in good standing under the laws of the state of Kentucky.

SECTION 2. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

(1) The chief purchasing officer, in the purchase of all supplies, services, equipment, commodities and construction by competitive sealed bidding, competitive negotiation, and negotiation after competitive sealed bidding when all bids exceed available funds, shall grant preference to responsive and responsible Kentucky bidders over a nonresident bidder whose state grants preference on like purchases to its resident bidders. The preference applied to Kentucky bidders shall be the same preference as is applied to resident bidders on like purchases in the nonresident firm's state. If a bidder is a resident of a state that has no in-state preference, no preference shall be granted to Kentucky bidders, except that in the case of tie bids between Kentucky bidders and nonresident firms, the award shall be made to the Kentucky bidder.

(2) The secretary of finance and administration shall compile and maintain an up-to-date compilation of the statutes and regulations of other states which statutes and regulations grant a preference to bidders located within those states. The secretary shall specify the documentation, other than statutes and regulations, that state purchasing officers shall accept for purposes of this Act as sufficient evidence that a state grants a preference to resident bidders.

(3) If any provision or condition of this Act conflicts with any provision of federal law or any rule or regulation made under federal law pertaining to federal grant-in-aid programs or other federal aid programs, such provision or condition shall not apply on such federally supported contracts for purchases to the extent that the conflict exists, but all provisions or conditions of this Act with which there is no conflict shall apply to contracts for purchases to be paid in whole or part from federal funds. This section shall not apply to purchases which are subject to Kentucky Constitution, Section 247.

(4) Nothing in this section is intended to override KRS 45A.470 relating to purchase preferences given to prison industries and handicapped industries.

Section 3. KRS 45A.080 is amended to read as follows:

(1) Contracts exceeding the amount provided by KRS 45A.100 shall be awarded by competitive sealed bidding unless it is determined in writing that this method is not practicable. Factors to be considered in

determining whether competitive sealed bidding is not practicable shall include whether:

(a) Specifications can be prepared that permit award on the basis of either the lowest bid price or the lowest evaluated bid price; and

(b) The available sources, the time and place of performance, and other relevant circumstances as are appropriate for the use of competitive sealed bidding.

(2) The invitation for bids shall state whether award shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter basis is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids.

(3) Adequate public notice of the invitation for bids shall be given a sufficient time prior to the date set forth therein for the opening of bids. Such notice shall include publication in a newspaper or newspapers of general circulation in the state as determined by the secretary of the finance and administration cabinet for all price contracts and purchase contracts estimated to exceed ten thousand dollars ($10,000) not less than seven (7) days before the date set for the opening of the bids.

(4) Bids shall be opened publicly at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and be open to public inspection.

(5) *Subject to Section 2 of this Act,* the contract shall be awarded with reasonable promptness by written notice to the responsive and responsible bidder whose bid is either the lowest bid price or lowest evaluated bid price.

(6) Correction or withdrawal of bids may be allowed only to the extent permitted by regulations issued by the secretary.

Section 4. KRS 45A.085 is amended to read as follows:

(1) When, under regulations issued by the secretary, the purchasing officer determines in writing that the use of competitive sealed bidding is not practicable, and except as provided in KRS 45A.095 and 45A.100, a contract may be awarded by competitive negotiation.

(2) Adequate public notice of the request for proposals shall be given in the same manner and circumstances as provided in KRS 45A.080(3).

(3) Contracts may be competitively negotiated when it is determined in writing by the purchasing officer that the bid prices received by competitive sealed bidding either are unreasonable as to all or part of the requirements, or were not independently reached in open competition, and for which:

(a) Each competitive bidder has been notified of the intention to negotiate and is given reasonable opportunity to negotiate; and

(b) The negotiated price is lower than the lowest rejected bid by any competitive bidder; and

(c) The negotiated price is the lowest negotiated price offered by any competitive offeror.

(4) The request for proposals shall indicate the relative importance of price and other evaluation factors.

(5) Award shall be made to the responsible offeror whose proposal is determined in writing to be the most advantageous to the Commonwealth, taking into consideration price and the evaluation factors set forth in the request for proposals *and the requirements of Section 2 of this Act.*

(6) Written or oral discussions shall be conducted with all responsible offerors who submit proposals determined in writing to be reasonably susceptible of being selected for award. Discussions shall not disclose any information derived from proposals submitted by competing offerors. Discussions need not be conducted:

(a) With respect to prices, where such prices are fixed by law or regulation, except that consideration shall be given to competitive terms and conditions; or

(b) Where time of delivery or performance will not permit discussions; or

(c) Where it can be clearly demonstrated and documented from the existence of adequate competition or accurate prior cost experience with the particular supply, service, or construction item, that acceptance of an initial offer without discussion would result in fair and reasonable prices, and the request for proposals notifies all offerors of the possibility that award may be made on the basis of the initial offers.

Section 5. KRS 45A.090 is amended to read as follows:

(1) In the event that all bids submitted pursuant to competitive sealed bidding under KRS 45A.080 result in bid prices in excess of the funds available for the purchase, and the chief purchasing officer determines in writing:

(a) That there are no additional funds available from any source so as to permit an award to the lowest responsive and responsible bidder; and

(b) The best interest of the state will not permit the delay attendant to a resolicitation under revised specifications, or for revised quantities, under competitive sealed bidding as provided in KRS 45A.080, then a negotiated award may be made as set forth in subsections (2) or (3) of this section.

(2) Where there is more than one bidder, competitive negotiations pursuant to KRS 45A.085 shall be conducted with the three (3) (two (2) if there are only two (2)) bidders determined in writing to be the lowest responsive and responsible bidders to the competitive sealed bid invitation. Such competitive negotiations shall be conducted under the following restrictions:

(a) If discussions pertaining to the revision of the specifications or quantities are held with any potential offeror, all other potential offerors shall be afforded an opportunity to take part in such discussions; and

(b) A request for proposals, based upon revised specifications or quantities, shall be issued as promptly as possible, shall provide for an expeditious response to the revised requirements, and shall be awarded, *subject to Section 2 of this Act,* upon the basis of the lowest bid price or lowest evaluated bid price submitted by any responsive and responsible offeror.

(3) Where, after competitive sealed bidding, it is determined in writing that there is only one responsive and responsible bidder, a noncompetitive negotiated award may be made with such bidder in accordance with KRS 45A.095.

Section 6. KRS 45A.175 is amended to read as follows:

(1) As used in KRS 45A.170 to 45A.205, "architect" or "engineer" services shall mean those professional services within the scope of practice of architecture, professional engineering, or registered land surveying, pertaining to construction, as defined by the laws of this Commonwealth*;*

(2) "Kentucky firm" shall mean an architectural or engineering firm which has an office with an architectural or engineering staff located in the Commonwealth; and

(3) "Nonresident firm" shall mean an architectural or engineering firm that is not a Kentucky firm.

SECTION 7. A NEW SECTION OF KRS 45A.170 TO 45A.205 IS CREATED TO READ AS FOLLOWS:

(1) In selecting firms under KRS 45A.205(2) for the negotiation of contracts for architectural and engineering services, the purchasing officer shall grant preference to qualified Kentucky firms over a nonresident firm whose state grants preference in awarding such contracts to its resident firms. The preference applied to Kentucky firms shall be the same preference applied to in-state firms in the nonresident firm's state. If a qualified nonresident firm is a resident of a state that has no in-state preference, no preference shall be granted to Kentucky firms.

(2) If any provision or condition of this Act conflicts with any provision of federal law or any rule or regulation made under federal law pertaining to federal grant-in-aid programs or other federal aid programs, such provision or condition shall not apply on such federally supported contracts for architectural or engineering services to the extent that the conflict exists, but all provisions or conditions of this Act with which there is no conflict shall apply to contracts for such services to be paid in whole or part from federal funds. This section shall not apply to purchases which are subject to Kentucky Constitution, Section 247.

(3) Nothing in this section is intended to override KRS 45A.470 relating to purchase preferences given to prison industries and handicapped industries.

Section 8. KRS 45A.205 is amended to read as follows:

(1) It shall be the policy of this Commonwealth to publicly announce all requirements for architectural and engineering services, and to negotiate contracts for architectural and engineering services on the basis of demonstrated competence and qualification for the type of professional services required and at fair and reasonable prices.

(2) In the procurement of architectural and engineering services, the purchasing officer shall encourage firms engaged in the lawful practice of their profession to submit annually a statement of qualifications and performance data. The purchasing officer shall evaluate current statements of qualifications and performance data on file with the Commonwealth, together with those that may be submitted by other firms regarding the proposed project, and shall conduct discussions with no less than three (3) firms regarding anticipated design concepts and the relative utility of alternative methods of approach for furnishing the required services, and shall then, *subject to Section 7 of this Act,* select therefrom, in order of preference, based upon criteria established and published by him, no less than three (3) of the firms deemed to be the most highly qualified to provide the services required.

(3) The purchasing officer shall negotiate a contract with the highest qualified firm for architectural and engineering services at compensation which the purchasing officer determines in writing to be fair and reasonable to the Commonwealth. In making this decision, the purchasing officer shall take into account the estimated value of the services to be rendered, the scope, complexity, and professional nature thereof. Should the purchasing officer be unable to negotiate a satisfactory contract with the firm considered to be the most qualified, at a price the purchasing officer determines to be fair and reasonable to the Commonwealth, negotiations with that firm shall be formally terminated. The purchasing officer shall then undertake negotiations with the second most qualified firm. Failing accord with the second most qualified firm, the purchasing officer shall formally terminate negotiations. The purchasing officer shall then undertake negotiations with the third most qualified firm. Should the purchasing officer be unable to negotiate a satisfactory contract with any of the selected firms, the purchasing officer shall, *subject to Section 7 of this Act,* select additional firms in order of their competence and qualification and the purchasing officer shall continue negotiations in accordance with this section until an agreement is reached.

(4) KRS 45A.080 to 45A.100 and KRS 45A.165 shall not apply to architect-engineer contracting under this section.

SECTION 9. A NEW SECTION OF KRS CHAPTER 174 IS CREATED TO READ AS FOLLOWS:

(1) As used in this section unless the context requires otherwise:

(a) "Kentucky bidder" shall mean any individual, partnership, association, or corporation which maintains at the time of submission of the bid, a bona fide place of business, within the state of Kentucky, and in the case of corporations is duly qualified to do business and is in good standing under the laws of the state of Kentucky.

(b) "Nonresident firm" or "nonresident bidder" shall mean a firm or bidder which does not meet the definition of a "Kentucky bidder."

(2) The secretary of transportation shall grant preference to responsive and responsible Kentucky bidders over a nonresident bidder whose state grants preference on like purchases to its resident bidders in the award of highway construction and maintenance contracts under this chapter and under KRS Chapters 175, 176, 177 and 180. The preference applied to Kentucky bidders shall be the same preference as is applied to resident bidders on like purchases in the nonresident firm's state. If a bidder is a resident of a state that has no in-state preference, no preference shall be granted to Kentucky bidders, except that in the case of tie bids between Kentucky bidders and nonresident firms, the award shall be made to the Kentucky bidder.

(3) If any provision or condition of this Act conflicts with any provision of federal law or any rule or regulation made under federal law pertaining to federal grant-in-aid programs or other federal aid programs, such provision or condition shall not apply on such federally supported contracts for purchases to the extent that the conflict exists, but all provisions or conditions of this Act with which there is no conflict shall apply to contracts for purchases to be paid in whole or part from federal funds.

Section 10. KRS 176.080 is amended to read as follows:

(1) Each bidder shall accompany his bid with a bond or certified check payable to the state treasurer for a reasonable sum, fixed by the *department* [~~bureau~~], guaranteeing that he will enter into a contract with the *department* [~~bureau~~] for doing the work if the work is awarded to him.

(2) *Subject to Section 9 of this Act,* the contract shall be awarded to the lowest and best bidder. The *department* [~~bureau~~] may require bonds from any contractor to secure the performance of any contract or may require security by any other means it deems advisable.

(3) The *department* [~~bureau~~] may reject any bid when it finds it for the best interest of the state to do so. When all bids are rejected, the *department* [~~bureau~~] shall advertise for new bids as in the first place.

SECTION 11. A NEW SECTION OF KRS CHAPTER 45A IS CREATED TO READ AS FOLLOWS:

The secretary of finance and administration shall collect and analyze data necessary to determine the effects of this Act upon the state government and economy of Kentucky. Such evaluation shall include, without being limited to, the effect of this Act on the costs of state purchasing, bidding by resident and nonresident firms, laws relating to bidding in surrounding states, Kentucky unemployment rates, and the state's efforts to attract firms to locate in Kentucky. All purchasing officers and all state officials responsible for the generation, collection or analysis of data that the secretary deems relevant to the analysis required by this section shall assist the secretary in determining the effects of this Act. On or before January 1, 1986, the secretary shall report his findings to the legislative research commission, which shall have full access to the data collected and analyses performed under this section.

HB 67, AN ACT relating to banks.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. A NEW SECTION OF KRS CHAPTER 287 IS CREATED TO READ AS FOLLOWS:

(1) For purposes of Sections 1 and 3 of this Act:

(a) "Bank" means any institution organized under this chapter or the National Bank Act, as amended, to do a banking business, and having its principal place of business in this state. However, it shall not include an "interim bank" chartered solely for the purpose of facilitating the acquisition of an existing bank unless the existing bank has been in existence for less than five (5) years.

(b) "Bank holding company," "company," and "control" have the meanings accorded them in the federal Bank Holding Company Act of 1956, as amended (12 U.S.C. Section 1841, et seq.). "Control" may be acquired by acquisition of voting securities, by purchase of assets, by merger or consolidation, by contract, or otherwise.

(c) "Individual" means a natural person, partnership, association, business trust, voting trust, or similar organization. Individual does not include a corporation.

(d) "Deposit" has the meaning accorded it in the Federal Deposit Insurance Act, as amended, and regulations promulgated thereunder; excluded, however, from deposits are all interbank deposits and all deposits in foreign branches and international banking facilities, as shown in the reports made by all banks to their respective supervisory authorities.

(2) Any individual, or any bank holding company having its principal place of business in this state, may acquire control of one (1) or more banks or bank holding companies wherever located, except that no individual, who on the effective date of this Act controls a bank or bank holding company wherever located, and no bank holding company wherever located, may acquire, directly or indirectly, control of a bank having its principal place of business in this state if the bank was chartered after the effective date of this Act and if, at the time of the acquisition, the bank has been in existence less than five (5) years. The provisions of this subsection shall not prohibit the organization of a one-bank holding company for the purpose of acquiring control of a bank even if the bank was chartered after the effective date of this Act and has been in existence less than five (5) years at the time of the acquisition.

(3) No individual or bank holding company wherever located may acquire control of any bank or bank holding company if, upon the acquisition, the individual or bank holding company would control banks in this state holding more than twenty percent (20%) of the total deposits in all banks in this state as reported in the most recent year-end reports made by the banks to their respective supervisory authorities which are available at the time of the acquisition.

(4) No individual or bank holding company wherever located may acquire control of more than three (3) banks or bank holding companies in this state during any twelve (12) month period.

(5) The limitations set forth in this section or any other provision of KRS Chapter 287 or any regulation promulgated thereunder, as now in effect or amended after this Act takes effect, shall not apply to the acquisition of a bank if, in his discretion, the commissioner, if the bank is organized under the laws of this state, or the comptroller of the currency, if the bank is a national bank, determines that an emergency exists and the acquisition is appropriate in order to prevent the probable failure of the bank which is closed or is in

danger of closing.

(6) From and after two (2) years after the effective date of this Act any bank holding company having its principal place of business in the United States may acquire control of any bank or bank holding company having its principal place of business in this state, if the state wherein the bank holding company has its principal place of business shall authorize the acquisition of control of a bank or bank holding company in that state by a bank holding company having its principal place of business in this state under conditions substantially no more restrictive than those imposed by this section. For the purposes of this subsection, a bank holding company shall be deemed to be located or have its principal place of business in the state or other jurisdiction in which the total deposits of all the bank holding company's banking subsidiaries are largest.

(7) The provisions of this section shall not be construed to prohibit or restrict the merger or consolidation of banks or bank holding companies having their principal places of business in the same county and the operation by the merged or consolidated corporation of the banks, nor to prohibit the sale of any bank or bank holding company to, and the purchase thereof by, any other bank or bank holding company with its principal place of business in the same county and the operation of the bank as a branch so long as the provisions of KRS 287.180(4) have been satisfied.

Section 2. KRS 287.030 is amended to read as follows:

(1) *As used in this section, "person" includes a natural person, partnership, corporation, association, business trust, voting trust, or similar organization.*

(2) No persons, *except corporations,* [~~as individuals or copartners~~] shall engage in the business of private banking in this state.

(3)[~~(2)~~] No bank [~~or banking institution~~] incorporated under the laws of another state *or national bank having its principal place of business outside this state* shall transact any banking business in this state except to lend money.

(4) No person who after this Act takes effect owns or acquires more than one-half (1/2) of the capital stock of a bank shall [~~(3) No person shall, directly or indirectly, hold or own more than one-half of the capital stock of a bank or combined bank and trust company, exclusive of stock held as collateral, except that a person may own or acquire more than one-half of the capital stock of not more than one bank or combined bank and trust company, but no person who hereafter owns or acquires more than one-half of the capital stock of one bank or combined bank and trust company shall: (a) own or acquire directly or indirectly any capital stock in any other bank or combined bank and trust company domiciled in Kentucky, or (b)~~] act as insurance agent or broker with respect to any insurance except credit life insurance, credit health insurance, insurance of the interest of a real property mortgagee in mortgaged property, other than title insurance[~~; but there is no limitation on the amount of capital stock that may be held by the United States or by a corporation in which the United States owns or holds the majority of the stock. As used herein, "person" includes a natural person, partnership, corporation, association, business trust, voting trust, or similar organization~~].

(5) Any person[~~, partnership, corporation, association, business trust, voting trust, or similar organization,~~] or successor or successors thereto, may continue to hold or own capital stock of any bank or combined bank and trust company held or owned by such person or entity upon *the effective date of this Act* [~~June 16, 1972~~], and may thereafter acquire such additional capital stock as is necessary to maintain the same percentage of ownership of capital stock which exists upon *the effective date of this Act* [~~June 16, 1972~~].

(6)[~~(4)~~] No bank incorporated under the laws of the Commonwealth of Kentucky shall make any loan or discount on the security of the shares of its own capital stock, nor be the purchaser or holder of any such shares, except that a bank may take property of any kind to satisfy or protect a loan previously made in good faith and in the ordinary course of business; and stock so purchased or acquired, shall, within six months from the time of its purchase, be sold or disposed of at public or private sale. This subsection shall not affect or modify in any way KRS 386.025, but said section shall remain in full force and effect.

SECTION 3. A NEW SECTION OF KRS CHAPTER 287 IS CREATED TO READ AS FOLLOWS:

(1) Any bank holding company which proposes to acquire control of a state-chartered bank or bank holding company which includes a state-chartered bank, shall file a copy of the application for approval of the acquisition with the commissioner for comment, concurrently with its filing with the Federal Reserve Board as provided by the federal Bank Holding Company Act of 1956 as amended.

(2) The commissioner may elect to participate in a joint examination, with the applicable federal reserve bank, of any holding company that controls a state-chartered bank which is on the department's problem bank list as determined by generally accepted bank rating classifications.

The president or cashier of any bank or trust company to which any person becomes indebted in violation of subsection (3) of KRS 287.440 shall immediately report such fact to the commissioner of banking and securities, who shall remove the person so offending.

(4) Any receiver of an insolvent institution who fails to comply with the provisions of this chapter shall be subject to the same penalties provided for solvent institutions and officers so offending.

(5) Any directors of a bank who knowingly violate, or knowingly permit any officer or employe of the bank to violate, any of the laws relating to banks, shall be jointly and severally liable to the creditors and stockholders for any loss or damage resulting from such violation. If the loss or damage is not made good within a reasonable time, the commissioner, with the consent of the attorney general, shall institute proceedings to revoke the corporate powers of the bank.

(6) Any deputy commissioner or any examiner who has knowledge of the insolvency or unsafe condition of a state bank or trust company, or that it is inexpedient to permit the bank or trust company to continue business, and who fails to immediately present a signed report of such facts to the commissioner, or who violates any of the provisions of this chapter, shall forfeit his office and shall be fined not less than one hundred ($100) nor more than two thousand dollars ($2,000) for each offense.

(7) Any commissioner who has knowledge of the insolvency or unsafe condition of a state bank or trust company, or that it is inexpedient to permit the bank or trust company to continue business, and who wilfully fails to take the action prescribed by this chapter, or who violates any of the provisions of this chapter, shall forfeit his office and shall be fined not less than five hundred ($500) nor more than five thousand dollars ($5,000) for each offense.

(8) Any bank or trust company that knowingly fails to make a report required by law or by the commissioner within the time designated for the making thereof, or fails to include in such report any matter required by law or by the commissioner, or fails to publish a report within thirty (30) days after it should have been published, or fails to pay when due the fees for filing reports or for an examination of the bank, shall be subject to a penalty of twenty-five dollars ($25.00) for each day of delinquency, but the aggregate penalty for each kind of offense shall not exceed two hundred and fifty dollars ($250).

(9) Each person, bank or trust company that wilfully makes or transmits a false report or refuses to submit its books, papers and assets for examination, or any officer of a bank who refuses to be examined under oath concerning the affairs of the bank, shall be severally fined not less than one hundred ($100) nor more than five hundred dollars ($500).

(10) Whenever any penalty imposed by subsections (4), (6), (7), (8), or (9) *of this section* is not paid, the attorney general shall institute an action, in the name of the state, in the Franklin Circuit Court or the circuit court of the county in which the offense was committed, for the recovery of the penalty.

(11) Any person violating any of the provisions of KRS 287.225 shall be guilty of a misdemeanor and fined not less than fifty dollars ($50.00) nor more than two thousand dollars ($2,000).

(12) Any person who willfully makes charges in excess of those permitted by KRS 287.710 to 287.770 shall be guilty of a misdemeanor and upon conviction shall be punished by a fine not exceeding five hundred dollars ($500.00) or by imprisonment for not more than six (6) months, or both.

(13) Any bank which violates any provision of KRS 287.710 to 287.770, except as a result of an accidental or bona fide error shall be barred from the recovery of any finance charges permitted by KRS 287.740 and 287.750, and the debtor, or his legal representatives, may recover back, in an action against the bank, any amounts paid to the bank on account of such finance charge; provided such action is commenced within two (2) years from the date such violation first occurred; but the bank may nevertheless recover from the debtor an amount equal to the principal of extensions of credit made pursuant to a revolving credit plan and any charges not prohibited by KRS 287.760.

(14) Notwithstanding the provisions of subsections (12) and (13) of this section, any failure, other than a willful and intentional failure, to comply with any provisions of KRS 287.710 to 287.770 may be corrected during the billing cycle next succeeding the receipt by the bank of written notice thereof from the debtor, and if so corrected, the bank shall not be subject to any penalty under KRS 287.710 to 287.770.

The penalty shall be assessed and collected by the commissioner by written notice. As used in this subsection, the term "violates" includes any action causing, participating in, counseling, aiding or abetting a violation. HJR 1, A JOINT RESOLUTION directing the Kentucky Commerce Cabinet to study the impact of the closure of the locks and dams on recreational activities and tourism in the Kentucky River Basin, and

making an appropriation therefor.

WHEREAS, the Kentucky River has provided the Commonwealth with a natural tourist attraction for water enthusiasts, naturalists, sportsmen, and boaters; and

WHEREAS, these people provide the state with tax revenue through the payment for various types of required licenses, sales tax, and gasoline tax; and

WHEREAS, the closure of the locks and dams may have a significant impact on local economics as a result of limiting boaters to intrapool movements; and

WHEREAS, the Kentucky River Task Force received testimony that adverse economic conditions occurred in the communities above Lock 10 as a result of the 1982 lock closings; and

WHEREAS, the 1983 closure of Locks 5-10 could affect tourist operations in Boonesboro, Shakertown and Frankfort, but time constraints placed on the Task Force made a thorough analysis virtually impossible;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. The Kentucky Commerce Cabinet study the impact of the closure of the locks and dams on recreational activities and tourism in the Kentucky River Basin to determine:

(a) Whether the decision to close the Kentucky River by the U.S. Army Corps of Engineers created a detrimental economic impact and what legal liability the Corps might incur resulting from their decision; and

(b) Whether those adverse consequences can be relieved by state participation in the operation of the locks on the Kentucky River.

Section 2. The Kentucky Commerce Cabinet complete its study and make recommendations to the Legislative Research Commission on or before July 1, 1985.

Section 3. A sum of fifty thousand dollars ($50,000) be appropriated from the general fund during the fiscal year beginning July 1, 1984, for the purposes of completion of this study.

HJR 2, A JOINT RESOLUTION directing the Natural Resources and Environmental Protection Cabinet to commence negotiations with the U.S. Army Corps of Engineers for the operation and maintenance of the Kentucky River by the Commonwealth of Kentucky and making appropriations therefor.

WHEREAS, by act of the 1880 General Assembly, the Commonwealth of Kentucky ceded to the federal government title to the existing locks and dams on the Kentucky River and the right of acquisition of any lands, buildings, or other property necessary for the extension of the navigation system; and

WHEREAS, the U.S. Army Corps of Engineers constructed additional locks and dams and assumed responsibility for the operation and maintenance of all locks and dams on the Kentucky River for the next one hundred years; and

WHEREAS, the Corps of Engineers has ceased operation of locks 5-14 on the Kentucky River; and

WHEREAS, the closure of these locks affects recreational boating, tourism, the potential for commercial navigation, and economic and industrial development; and

WHEREAS, KRS 151.580 allows the Natural Resources and Environmental Protection Cabinet to "negotiate with the appropriate federal agencies for the operation or maintenance of a navigable waterway within the state boundaries;" and

WHEREAS, the drought of 1983 emphasizes the importance of the present stage of the Kentucky River in supplying water vital to the health and welfare of many Kentuckians;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. In the event that the U.S. Army Corps of Engineers neglects its statutory responsibility, that the Natural Resources and Environmental Protection Cabinet is hereby directed to commence negotiations with the U.S. Army Corps of Engineers for the reopening and operation of locks 5-14 on the Kentucky River. These negotiations shall be subject to approval of the Governor and Secretary of the Finance and Administration Cabinet. These negotiations shall be completed as early as possible during the 1984-85 fiscal year.

Section 2. That the Natural Resources and Environmental Protection Cabinet is hereby directed to operate and perform routine maintenance on locks 5-14 as agreed to by the Corps and the Commonwealth as provided in Section 1 of this resolution. The operation and routine maintenance of locks 5-14 shall commence as early as possible during the 1984-85 fiscal year.

Section 3. To carry out the provisions of Section 1 of this resolution, there is appropriated out of the General Fund to the Natural Resources and Environmental Protection Cabinet the sum of $25,000 for the 1984-85 fiscal year.

Section 4. To carry out the provisions of Section 2 of this resolution, there is appropriated out of the General Fund to the Natural Resources and Environmental Protection Cabinet the sum of $150,000 for fiscal year 1984-85 and the sum of $150,000 for fiscal year 1985-86. Any amount of the appropriation remaining at the close of the 1984-85 fiscal year shall be carried forward into the 1985-86 fiscal year.

HJR 3, A JOINT RESOLUTION prohibiting the Commerce Cabinet from imposing boat launching ramp fees at Taylorsville Lake.

WHEREAS, first consideration should be given to the citizens of the Commonwealth; and

WHEREAS, no other Corps of Engineers' lake in the Commonwealth has imposed boat launching fees upon the citizens of the Commonwealth; and

WHEREAS, the Taylorsville Lake project has been constructed at the taxpayer's expense;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Commerce Cabinet shall not charge any boat launching ramp access fees at Taylorsville Lake nor shall it permit such fees to be imposed by any third party concessionaire.

Section 2. That free access to all boat ramps at Taylorsville Lake should be available to the citizens of the Commonwealth.

HCR 21, A CONCURRENT RESOLUTION urging the Congress to take action that will limit foreign steel imports.

WHEREAS, the American steel industry has engaged in extraordinary self-help efforts including the commitment of millions of dollars to modernization and the reduction of employment cost; and

WHEREAS, foreign steel imports now account for approximately twenty percent (20%) of the steel consumed in the United States; and

WHEREAS, the American steel and coal industries, and those particularly in Kentucky, are suffering from painfully high levels of unemployment which result in large measure from foreign steel imports; and

WHEREAS, most steel entering the United States is unfairly traded because it is dumped, subsidized or the beneficiary of targeted foreign government development assistance; and

WHEREAS, United States trade laws have been ineffective in stemming the tide of unfairly traded foreign steel; and

WHEREAS, unfair trade in steel is the single most serious threat to the survival of a healthy industry in Kentucky and in the United States; and

WHEREAS, the American steel industry produces industrial material which is essential to the United States economy and necessary to our national defense; and

WHEREAS, the steel industry is an important part of the Kentucky economy, providing employment for thousands of the Commonwealth's residents; and

WHEREAS, the American steel industry and Kentucky's coal mining industry are linked by an important and mutually beneficial customer-supplier relationship;

NOW, THEREFORE,

Be it resolved by the House of Representatives of the General Assembly of the Commonwealth of Kentucky, the Senate concurring therein:

Section 1. That the Commonwealth of Kentucky urges Congress to support the Fair Trade in Steel Act of 1983 which limits imports of foreign steel to not more than fifteen percent (15%) of American steel consumption for a period of at least five (5) years; and

Section 2. That a copy of this resolution be sent to each member of the Kentucky delegation to Congress, each member of the Congressional Steel Caucus, the presiding officers of each House of Congress, and the President of the United States.

However, nothing contained in this section shall constitute a defense to a prosecution for or preclude a conviction of manslaughter in the first degree or any other crime; or

(b) Under circumstances manifesting extreme indifference to human life, he wantonly engages in conduct which creates a grave risk of death to another person and thereby causes the death of another person.

(2) Murder is a *Class A felony* [~~capital offense~~].

Kidnapping is a capital offense~~] when the victim is not released alive or when the victim is released alive but subsequently dies as a result of:

(a) Serious physical injuries suffered during the kidnapping; or
(b) Not being released in a safe place; or
(c) Being released in any circumstances which are intended, known or should have been known to cause or lead to the victim's death.

Section 7. KRS 532.010 is amended to read as follows:

Felonies are classified, for the purpose of sentencing, into *four (4)* [~~five~~] categories:

Section 9. KRS 543.040 is amended to read as follows:

When a person is convicted of an offense[~~, other than a capital offense,~~] the court, where authorized by KRS Chapter 533, may sentence such person to a period of probation or to a period of conditional discharge as provided in that chapter. A sentence to probation or conditional discharge shall be deemed a tentative one to the extent that it may be altered or revoked in accordance with KRS Chapter 533, but for purposes of appeal shall be deemed to be a final judgment of conviction. In any case where the court imposes a sentence of probation or conditional discharge, it may also impose a fine as authorized by KRS Chapter 534.

Section 10. KRS 532.050 is amended to read as follows:

(1) No court shall impose sentence for conviction of a felony[~~, other than a capital offense,~~] without first ordering a presentence investigation after conviction and giving due consideration to a written report of such investigation.

(2) The report shall be prepared and presented by a probation officer and shall include an analysis of the defendant's history of delinquency or criminality, physical and mental condition, family situation and background, economic status, education, occupation, personal habits, and any other matters that the court directs to be included.

(3) Before imposing sentence for a felony conviction, the court may order the defendant to submit to psychiatric observation and examination for a period not exceeding sixty days. The defendant may be remanded for this purpose to any available clinic or mental hospital or the court may appoint a qualified psychiatrist to make the examination.

(4) Before imposing sentence, the court shall advise the defendant or his counsel of the factual contents and conclusions of any presentence investigation or psychiatric examinations and afford a fair opportunity and a reasonable period of time, if the defendant so requests, to controvert them. The sources of confidential information need not, however, be disclosed.

Section 11. KRS 533.010 is amended to read as follows:

(1) Any person who has been convicted of a crime [~~and who has not been sentenced to death~~] may be sentenced to probation or conditional discharge as provided in this chapter.

(2) Before imposition of a sentence of imprisonment the court shall consider the possibility of probation or conditional discharge. After due consideration of the nature and circumstances of the crime and the history, character and condition of the defendant, probation or conditional discharge should be granted unless the court is of the opinion that imprisonment is necessary for protection of the public because:

(a) There is substantial risk that during a period of probation or conditional discharge the defendant will commit another crime; or

(b) The defendant is in need of correctional treatment that can be provided most effectively by his commitment to a correctional institution; or

(c) A disposition under this chapter will unduly depreciate the seriousness of the defendant's crime.

Governor Martha Layne Collins
Budget Address
January 26, 1984

You and I have been entrusted with an opportunity to dramatically improve the future of our people.

What we do with this Budget--what we fail to do--will say much about what Kentucky becomes in the decades ahead. We will determine whether our children are able to live the kind of lives we want for them; we will determine the quality of schools they attend; the kinds of jobs they have--indeed whether they can find jobs here at home; we will determine the range of opportunities available to all Kentuckians.

We should feel honored. A challenge of this magnitude comes to elected officials perhaps only once in a generation. We begin the test tonight. Can we measure up to the challenge?

We can make this an historic session. Our children, our grandchildren could reflect on what we do here and be proud that we began a new era. But if we fail the test, they will look back in disappointment and say that once more the supposed leaders of the Commonwealth lacked the courage and vision to seize the moment.

The choice is ours.

I have made my decision. I am looking to Kentucky's future. I am confident you will too. These are not partisan issues before us. They are far too important for partisanship.

Certainly there will be room for debate on specifics. There is always room for discussion. But this is no time for obstructionism.

We have been chosen to lead. And we have heard the people of Kentucky speak clearly. They want a brighter future for our state.

They want better schools. You want them. I want them.

We will have them.

The budget I bring to you lays the foundation for improving our childrens' education, and opening up opportunities for all Kentuckians. It is a fair and equitable plan for the future. We share in what it demands; we share in the benefits it brings.

In presenting this budget tonight, I have met the deadline set by the 1982 Regular Session of the General Assembly. I am the first Governor to have to work under the restrictions of putting together a two year budget within the first 15 working days of the legislative session.

On your desks, you will see the *Executive Budget* recommendation for 1984-86. In addition to the two volume *Executive Budget*, you also have a *Budget in Brief*, which will give you an analysis of the major proposals in the biennial budget. You will also receive a document which outlines in detail my plan for education. Four volumes in all.

And you will find a draft appropriations bill available for your consideration in the weeks ahead.

So, we in the Executive Branch have complied with the Legislative mandate concerning the introduction of the budget. We have also complied with the Supreme Court decision and you will have an Appropriations Bill--and not a Joint Resolution--to consider. We have met the other statutory requirements for a budget reduction and a surplus expenditure plan.

It is now time to assess our situation.

The sober reality is that our state economy remains depressed. Three weeks ago when I addressed this body on the State of the Commonwealth, I had hoped I could be more optimistic today.

Less than two weeks ago, however, my Revenue Secretary informed me that he anticipated a reduction in revenue for the 1984-86 biennium. Immediately, I challenged the Revenue Cabinet to go back and scrutinize every figure to ensure accuracy.

Last week, they reaffirmed that, once again, for the sixth time in the past four years, revenue estimates were being revised downward--this time by over $100 million in the General Fund alone.

Our problems have been building for some time. For the better part of a decade, our state has been spending more annually than we have been taking in. That may seem puzzling since we are mandated by law to have a balanced budget. But we have balanced the budget through some extraordinary measures.

We're balanced today--in this fiscal year--because we've spent one-time monies. And, we've been tapping obscure surpluses accumulated over many years. We've also been cancelling maintenance projects and transferring monies in a wholesale fashion.

These patchwork methods, the shortfalls, and the news that another $100 million shortfall was imminent meant that further cuts could not be made without reducing needed services to our people.

This forced me to reassess the budget, and to face some extremely difficult decisions as I considered my responsibilities to all Kentuckians.

The *Executive Budget* I recommend is bold in its approach to critical public services. It squarely addresses the foremost responsibilities of our State Government. It continues vital services. It sets in motion a program of educational enrichment that is both basic - and innovative. It focuses on our Commonwealth's greatest asset for major development - our young people.

The budget I propose with provide a level of support for education unmatched in the history of the Commonwealth. It will provide a range of incentives for change, and for excellence. It will demand a degree of educational accountability *we should never have abandoned.*

But improving Education is not all we need to do in this budget. Education will take the most money. It always has-- and it always will. That's an investment we must make.

Still, we have other areas that demand attention. Some of them are tough--like Corrections and Jails. For others a little money, given a sharp focus and clear direction can go a long way.

My *Executive Budget* is largely a continuation budget. It will be very tight for most agencies; nearly everyone will have to manage with the same dollars they now receive.

There are some things, however, we can't postpone or hold the line on. Criminal Justice is one of them.

The plain facts are these. We have more criminals locked up today in Kentucky than our system can handle.

We've been under a Federal Court Consent Decree since 1980. Our Women's Prison is also under Federal court order. Local jails throughout the state are overcrowded with felons.

All but one of our major prisons was built a half century or more ago. Our maximum security institution dates from the 19th century. The rules of the game have changed since these institutions were constructed--and we must now pay for it.

It's not very palatable, I know. We have other things most of use would rather do. But, we have no choice but to address the issue squarely.

The Corrections Cabinet estimates that by the end of the new biennium we will have over 1,000 more convicted felons in our corrections system than we do today.

We can't put any more at Eddyville and LaGrange. The Courts have made that clear.

We will not put any more at Northpoint. And I have no intention of putting any at Waverly Hills--or in any other populous neighborhood.

We need a new prison. There is no doubt about it. The *Executive Budget* includes $25 million for a medium security prison for 500-600 inmates.

I've looked at ways of not building that prison--as have many of you. But I see no alternative.

I have also recommended the first major construction program in nearly 50 years at PeeWee Valley, and have called for continued full compliance with the Federal Consent Decree.

Many of you have been hearing from your County Judge/Executives, Magistrates, Commissioners, Jailers, and concerned citizens about a related matter--the County Jails.

Many jails were in far worse shape than the state prisons until just recently. Over 20 of the worst jails have been shut down and many others need immediate attention.

It is not feasible for the state to take over these local jails.

Still, state government has historically shared much of the financial responsibility for them. In many counties, the state provides most of the money for the jail.

State government's oversight responsibilities and financial subsidy of local jails was strengthened considerably by this General Assembly during the 1982 Session.

The *Executive Budget* before you builds upon that record. I am working on a program that bolsters the existing allocation formula for county jails--and makes it more fair to poorer counties.

I also intend to work with you on a legislative package to consolidate in one agency the state's responsibility for dealing with the county jail problem.

The *Executive Budget* includes $16 million per year for this effort--an increase from the current $12 million allocation.

The program is consistent with recommendations of the Jail Study Committee. It should help open some jails that are closed, and provide more security, more safety,a nd better conditions throughout the counties. It should also help tremendously on the liability question.

I have also provided for full funding of the Local Government Economic Assistance Fund in the new biennium. This revenue sharing program can continue to assist local governments in managing their own affairs.

This same human desire--to manage their own way--their own lives--is at the heart of my recommendation for a better human service program in the next two years.

Basic human dignity requires that we provide a reliable program for our elderly who are functionally disabled and in danger of institutionalization. Entering an institution is costly--and can be crushing to the individual.

My *Executive Budget* recommendation includes a cost-effective program of in-home care for the elderly. This will offer important services they may be incapable of providing for themselves, even though they are otherwise independent.

I also support a similar program for expanded in-home medical services for the elderly. This program will be coordinated with three additional adult day care centers that allow the elderly to remain in the community.

I have endorsed in this budget a long overdue expansion of our mental health effort. Over the biennium, an additional 10 transitional homes will be available to assist persons released from state mental hospitals. This will provide for a transitional residential program in each of the comprehensive care regions by fiscal year 1986.

We will be completing the construction of the new Central State Hospital in this biennium, and beginning to service the debt on that facility for the first time.

But our human services emphasis remains on avoiding institutionalization when possible. In this regard, the Commonwealth has sought and received a waiver from the federal government in order to provide Alternative Intermediate Services for Mentally Retarded. This service provides community based treatment to mentally retarded or developmentally disabled people.

We were unable to fund the Youthful Offender Act or the Decriminalization of Public Intoxication Act previously enacted and deferred in implementation by the General Assembly. Nevertheless, the *Executive Budget* includes a well-targeted start on addressing youth and alcohol problems.

For the new biennium, I have recommended funding for the creation of 13 youth diversion homes that will help fill a void in juvenile treatment services.

Each home will be operated by a married couple, supervised by professional juvenile specialists who can formulate a specific treatment plan for every child.

In addition, I have recommended funding for a new alcohol and drug abuse program for juveniles. Reliable studies have indicated that between 40 and 60 percent of juveniles in treatment programs have significant substance abuse problems. These young people need our help today.

There is one more child-help program we should single out for immediate attention. I have included adequate funding to modernize and update the child abuse registry maintained by Human Resources. At present, over 30,000 reports of child abuse are received annually. The registry cannot now handle such a volume and their statistics are often outdated and of limited use.

Two other areas are worthy of mention as they are critical to the efficient operation of state government. One is our personnel policy. I have recommended that five percent salary increases be included for all personnel in state agencies, and elementary and secondary education. This should enable us to fairly compensate our dedicated employees while we reassess a proper system of incentives, rewards, and performance-based pay in the coming year.

We also have an obligation to preserve and maintain the billion dollar physical plant the state has invested in over the years. The time is not right for major new construction in state government. I recommend that we direct funding toward maintenance, repair and renovation of existing facilities. It is my proposal that the capital construction fund and equipment purchase recommendations take that direction.

These are among the measures I propose to meet Kentucky's needs.

But the most pressing need of the Commonwealth, the one that can vastly improve the future of our people, is better education. Without quality schools, our state simply cannot provide the opportunities Kentuckians deserve.

We are more concerned about education today than at any time in our recent history. One reason for that is the valuable public service the state's media have performed in focusing attention on this critical problem. They are to be commended.

I should also note that my administration has profited from observing the educational reforms that have been developed in other states. We have benefited from the ideas of the various groups which have evolved to address educational reform here in Kentucky. In particular, reports by the Chamber of Commerce Study Group and the Prichard Committee have been valuable resources. A variety of useful suggestions have been made by the State board of Education and the Superintendent of Public Instruction.

I have considered these ideas. And based on my own understanding of our schools and their problems, and my own commitment to better education, I have developed a comprehensive proposal that can turn our schools around.

We share with parents, educators, and the public a willingness to support a sound educational system. Our expectations can be realized if we work together, and if we insist on excellence and accountability.

My plan for education requires a commitment to move forward--and to move forward now. Together we can send a powerful message to the people of this state that we are committed to substantial improvement in our schools. Results are what count--simply spending more money is not the answer.

The educational package I present to you is one that stresses achievement, demands competence, and promotes the skills essential to success. It requires accountability of our teachers and administrators. It combines elements that can bring solid improvements over the long-term as well as those than can help our schools today.

First, I propose a wide range of reforms to improve educational administration.

Most of these items involve no cost or minimal cost; however, they are an essential component of my plan. Without this kind of basic reform, new money will simply not bring the improvement we need. In fact, the approach "shotgunning" huge amounts of money, through the traditional allocation channels, is part of our problem. I seek fundamental change.

I support a Constitutional Amendment to make the position of Superintendent of Public Instruction an appointive office.

I support the repeal of the tenure law for school administrators.

In our local school districts, board of education members will be required to have a high school diploma.

Each local school district must publish an annual report in the newspaper of widest circulation in the community. This report would address the district's accomplishments, including retention rates, student performance on standardized tests and goals for the coming year.

I suggest the following reforms for the State Board of Education:

I will request that the State Board assist school districts in developing a performance evaluation system for both teachers and administrators.

My plan suggests that the Board be required to review extracurricular activities and formulate regulations to assure that academic pursuits are the number one priority in the local schools.

The Board would also review teacher certification requirements and teacher education programs.

It is proposed that the state board establish a program to certify part-time instructors to teach high school courses in areas where teacher shortages exists.

The Board should also require prospective school principals to successfully complete an internship in order to receive certification.

The second major area of my plan addresses teaching essential skills to students.

In my education plan all students would be required to master a common set of basic academic and learning skills as they progress through the various levels of the school system.

I also recommend funding for essential skill remediation for those students who fall behind. I am proposing General Fund support of $25 million for this program in 1986, to be supplemented by federal funds. this remediation will be the key to making our comprehensive testing program effective. The remedial program includes grades one through ten but will emphasize grades one through three.

I propose a new writing program for students in grades seven through twelve. My plan provides $12 million for teaching assistants who would help English teachers handle the increased work this program will require.

To ensure that our commitment to educational achievement includes a sound beginning for our students, I am proposing that we spend $19 million for all eligible children statewide to be enrolled in the kindergarten program before entering the first grade in the 1986-87 school year. I am also proposing that we provide the funding to reduce the student-teacher ratio in kindergarten from 25 to 1 down to 20 to 1

The third major area which my education plan addresses is upgrading the quality of school instruction.

The current comprehensive system for school teachers in Kentucky simply does not provide adequate financial incentives for good teachers. I propose instituting a Career Ladder approach to the evaluation and compensation of school teachers. A Career Ladder is useful not only for creating financial incentives but also provides an important method of publicly acknowledging our best teachers. Realizing that the task for designing a Career Ladder is a sensitive matter, I am proposing that a Governor's Commission be created to start on July 1 of this year to draw up the specific plan for the Career Ladder in a careful and prudent fashion. I am proposing that the Career Ladder be implemented for the 1985-86 school year.

I am recommending $40 million for my Career Ladder program--the largest single new budget item proposed. It is important to understand that this program will be in addition to my recommended 5 percent across-the-board pay increases for teachers, which will total over $90 million in new General Fund money.

We must reward our best teachers. We cannot afford to adhere to the ways of the past and provide everyone with large salary increases simply because they are on the payroll. The Career Ladder approach is a key to improved teaching in our schools.

Another critical element for improving the quality of instruction will be a new teacher testing and internship program. This program will require beginning teachers to pass a comprehensive examination and successfully complete an internship before being certified to teach in the state. New teachers will be given the support and guidance they need to successfully begin their careers. Parents and the public will know that new teachers are qualified and suited for the teaching profession.

The fourth critical area of my education plan addresses improving the effectiveness and accountability of our schools.

Accountability must become the watchword for Kentucky education. Funding should be tied to measurable performance. Performance, in turn, must be linked to academic standards. I am proposing a number of items to strengthen the state's efforts to ensure that school districts meet minimum academic standards.

I recommend a process whereby the State Board of Education can place in "academic receivership" a local school district which fails to meet minimum academic standards. This would be comparable to the Commonwealth, through its State/Local Finance Officer, taking over the financial operations of a county when county officials fails to meet certain minimum standards. Before taking over a district, the state would first work with that district on a plan to help overcome its deficiencies.

My budget recommends that we greatly expand the program of technical assistance which the Department of Education make available to low performing school districts. If we expect those districts to be more accountable, we must furnish the Department additional support to help the local districts help themselves.

I propose also a substantial increase in the Power Equalization Program to expand educational opportunities statewide. I am recommending increased General Fund support of $43 million over the biennium. This program currently equalizes the ad valorem tax rate of approximately 7 cents. The massive amount of new funding I am recommending will equalize slightly more than 9 cents in 1985 and about 11.5 cents in 1986.

The fifth major section of my education plan addresses improving the Classroom Learning Environment.

I propose to fully fund the free textbook program which provides all Kentucky students with the basic educational tools.

My plan recommends $2.5 million to implement a classroom computer program. It will be developed this year and implemented during the 1985-86 school year. The program will provide funds for the acquisition of hardware and software and training for teachers. This will be a matching program for local school districts with the state providing 25 percent of the cost.

The final major emphasis of my education plan is the upgrading of local school buildings.

I am proposing a $10 million increase in the School Building Authority. This additional funding for debt service for the Authority, when matched with an equal sum by local school districts, will result in over $160 million worth of actual school construction at the local level. This major commitment of financial support will serve to substantially reduce the current backlog of local school construction needs. I am specifically proposing to allocate this money through the School Building Authority rather than the capital outlay component of the Minimum Foundation Program. This will ensure that these funds reach the areas of greatest need.

The Executive recommendation for Higher Education, although not included in my education reform package, is noteworthy in three aspects--First, it supports the formula funding mechanism developed by the Higher Education community to ensure proper recognition of the common and unique roles of our individual universities. Second, the Desegregation Plan will be fully implemented statewide in accordance with the Civil Rights laws of the land. And third, the universities will receive across-the-board inflationary increases we were unable to give other state agencies in this tight budget.

Having outlined the major features of my education package, I believe it is important to understand that there are no "quick fixes" for such long-standing and pervasive problems. We need sustained efforts over time to ensure long-term success.

But I assure you...this plan is a necessary beginning.

The new money, the increased accountability of teachers, and our academic plans mean we are changing the direction of Kentucky education. We are looking at education in new ways.

With this budget, you can go home proudly and tell the people you represent that their children will be going to better schools. You can tell them we have broken out of the old spending patterns. We are seeking that money goes for things that make a difference in the classroom.

In short, we are ensuring that Kentuckians get a far better return on their education dollars.

We are building toward excellence. We are seeing that our young people have a better chance of mastering the basic skills that are the foundations of all further learning. And through these improvements, we are ensuring that Kentucky can keep pace with the rest of America in providing new opportunities and jobs for our people.

What will it take to meet the responsibilities we share? After four years of cutbacks and recession...With a depressed state economy still at hand...And with our responsibilities being what they are--we must respond.

A pattern of shortfalls and cutbacks indicates that our revenue structure is substantially out of balance.

That structure is inadequate. It needs reform. And it needs reform now.

Experts on Kentucky's revenue codes have concluded that Kentucky tax laws and rate structures have not been adjusted to reflect inflation and other economic changes over the past 30 years.

Too often, Kentucky lags behind our nation and our sister states because we have not addressed the issue of sufficient revenues to support our goals and needs.

Tonight, we are all challenged to lead. I am prepared to meet that challenge.

I have asked Secretary Gillis and the Revenue Cabinet to inventory and assess the merits and problems in our present revenue structure. I share their conclusions with you tonight.

Kentucky is in need of tax reform that is fair, equitable, and consistent with the ability to pay. We must have a reform program to fund solid educational improvement, to support responsible advances in human services, and to balance the budget. This will require some $98 million in new revenues for fiscal year 1985 and $226 million in fiscal year 1986.

Specifically, I ask you to consider the following options:

First, Individual Income Tax Reform. I recommend that the standard deduction be raised to $1,000 per taxpayer from the present $650. This will eliminate 100,000 low income taxpayers from paying Kentucky individual income tax. To compensate, two rate categories will need to be added to the current rate structure which taxes all income over $8,000 at 6 percent. The proposed structure would tax income between $15,000 and $50,000 at 7 percent and all income over $50,000 at 8 percent. Assuming an effective date of January 1 of 1985, this reform will generate $43 million in new revenue in fiscal 1985 and $109 million in fiscal 1986. This would be the first change in the rate structure in 34 years.

Second, I propose a change in the Corporation License Tax. I propose that this tax, which is imposed on corporations for the privilege of doing business in Kentucky, be raised effective January 1, 1984, to a rate of $1.75 per $1,000 of capital employed. This change will generate $12 million in fiscal year 1985 and $27 million in fiscal year 1986. The change will be the first time the rate has been increased since 1926.

Third, I propose a Sales Tax on Services Not Previously Taxed in Kentucky. I suggest that the existing 5 percent sales and use tax be extended to services previously exempted. There will be no increase in the sales tax rate. Services which should be included for the first time are repair and installation of tangible personal property, the lease and rental of tangible personal property, laundry, dry cleaning, television cable service, computer and data processing services, and miscellaneous business services. With an effective date of December 1, 1984, the extension of the sales tax to these services will generate $43 million in fiscal year 1985 and $90 million in fiscal 1986.

A critical part of my revenue policy is the repeal of the sunset provision regarding the federal accelerated cost recovery system. This repeal will allow the Commonwealth to retain $186 million in the state's corporate tax base over the biennium.

The administration also proposed keeping all coal severance tax receipts in the General Fund, rather than transferring over the biennium approximately $92 million to the Road Fund.

These are not the only measures that might be considered. We must be open to all options. But again, we need, at a minimum, $98 million more in fiscal year 1985 and $226 million more in fiscal year 1986 to enact the responsible budget I have set before you. I count on your hard work, your dedication, and the voice of the public to assist us in carrying out these bold initatives.

The package I have recommended to you includes needed improvements in human services, a continuation of the sound fiscal policies mandated by our state constitution, and the most comprehensive educational improvement program in memory. Yet, the revenue measures I propose are reasonable, even conservative. The fact is the budget that I have recommended, even including the revenue reform and tax package, totals some $34 million less than you approved for the current year in the 1982 session.

Yet, as I have outlined, this budget can dramatically improve the future of our people.

Some will fail to grasp the scope of the challenge before us. They will not see that we deal with far more than a question of the moment. They will reduce all that faces us to whether or not we will raise taxes.

But let me assure you, that is not the issue.

The issue is whether we will meet the needs of our people.

The issue is whether we have the vision to see that improved schools are necessary to provide the jobs and other opportunities our people want and need.

The issue is whether we have the courage to do what is right for Kentucky.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 281.619 is amended to read as follows:

(1) The term "nonprofit bus certificate" means a certificate authorizing a private, nonprofit corporation or a community action agency, not otherwise exempt from the provisions of this chapter, to operate motor bus or van equipment to transport passengers for hire, on other than a casual or occasional basis, between certain points within a given county or counties over regular or irregular routes, or a combination of such routes. A nonprofit bus system shall be deemed "for hire" if there is charged, contributed or received any compensation or grant of funds from the passengers themselves, individually or as a group, or from any outside source paying for or subsidizing, in whole or in part, the operating expenses attributable to the transportation services being provided, but a holder of a nonprofit bus certificate shall be deemed to be exempt from rates and services regulation by the bureau, as provided for by KRS 281.675 through 281.705, unless otherwise provided therein.

(2) *All private, nonprofit corporations or community action agencies seeking funding for bus services under Title 49, Chapter 21, Sections 1603 and 1618 of the U.S. Code, shall be assisted in the completion of any application required by the transportation cabinet by the appropriate area development district as created in KRS 147A.050.*

(3) If any intracity passenger service is proposed by an applicant for a nonprofit bus certificate, a letter or resolution of support from the affected city shall be filed with the application.

(4)[~~(3)~~] Any nonprofit bus certificate issued by the bureau shall describe the passenger service or services authorized to be performed, including the types of passengers who may be transported if service is not to be held out to the general public, the points between which or the area within which such passengers may be transported, and whether regular or irregular route operations, or both, are authorized. If regular route operations are to be authorized, the certificate may merely set forth that such are permitted between certain points or within a certain area, leaving it to the certificate holder to develop its own specific route structures and schedules.

(5)[~~(4)~~] Any private, nonprofit corporation or community action agency engaged, as of June 17, 1978, in the for-hire transportation of persons, as defined in subsection (1), pursuant to a valid certificate of public convenience and necessity or permit shall, upon application, be entitled to the issuance of a nonprofit bus certificate to thereafter authorize a continuation of the same operations. STATE OF JUDICIARY ADDRESS

TO THE GENERAL ASSEMBLY OF THE COMMONWEALTH OF KENTUCKY

BY: ROBERT F. STEPHENS

CHIEF JUSTICE, KENTUCKY SUPREME COURT

JANUARY 31, 1984

Acknowledge:

Lieutenant Governor

Speaker of the House

Members of the General Assembly of the Commonwealth

Fellow Members of the Judiciary

Guests

Friends, and

Citizens of the Commonwealth of Kentucky

I deeply appreciate the opportunity to appear before this joint session of the Kentucky General Assembly to give my constitutionally mandated report to you and to the people of the commonwealth, on the State of the Judiciary.

I consider it a great honor and personal privilege to stand here, following in the footsteps of two great former Chief Justices Scott Reed and John S. Palmore - both of whom were instrumental in the creation and implementation of the constitutional amendment which brought Kentucky's judicial system into the 20th century and placed the Commonwealth in a position of leadership in the United States.

Some of what I say this day will be familiar to many of you, but because of the new faces here, I feel constrained to give a brief overview of our judicial system. It consists of four courts. The district court and circuit court are basically trial courts. The Court of Appeals and Supreme Court are appellate courts. We have 123 district judges, 91 circuit judges, 14 judges of the Court of Appeals, and seven justices of the

Supreme Court, totalling 235 in all. All of these judges are elected, on a non-partisan basis, by the people of their respective districts; the district judges for terms of four years and all others for terms of eight years.

For each county in which no district judge resides, a trial commissioner who does reside in the county serves by appointment of the judge for the limited purposes of issuing warrants, accepting guilty pleas and disposing of minor criminal charges, probating wills and appointing executors and administrators, issuing orders of attachment and providing for the temporary detention of juveniles and mentally ill persons.

As the functioning of all courts entails a great deal of paper work and record keeping, our district and circuit courts are supported by 120 circuit court clerks, each elected by the people of his or her county, and by their locally appointed staffs. The Supreme Court and Court of Appeals likewise are supported by an appointed clerk and staff.

Section 110 of the Constitution of Kentucky assigns the executive authority over this entire unified court of justice to the chief justice and directs the chief justice to appoint such administrative assistants as are necessary to carry out that responsibility. Accordingly, we have an Administrative Office of the Courts for that purpose, consisting of some 75 people. This office, commonly referred to as AOC, provides the administrative services that are necessary to the orderly functioning of the system, such as: procurement and distribution of supplies and equipment, rental of courthouse facilities, employment and regulation of personnel, handling of payrolls and expense accounts, training of new clerk personnel and continuing education of clerks and judges, gathering and monitoring of caseload statistics, special assignment of judges, preparation and distribution of instruction manuals, financial control and accounting, budget preparation, pretrial release of arrested persons, and general supervision over the operation of the 120 offices of the circuit clerks.

In all, the judicial system has a complement of about 2,100 salaried personnel, consisting of 235 judges, 66 trial commissioners, 120 clerks, 1100 deputy clerks, 75 AOC employees, 150 pretrial release employees, and 250 secretaries, court reporters, and other staff.

Upon assuming office, each judge takes an oath of office. He or she swears that they will - and I quote:

"Support the Constitution of the United States and the Constitution of this Commonwealth."

Moreover, they swear that they will - and, I again, quote:

> "Administer justice without respect to persons, and do equal right to the poor and to the rich, and will faithfully and impartially discharge all the duties incumbent upon (them) as a judge."

It is well considered, I think, in *both good and bad economic times*, to reflect upon the fact that administering *equal justice* is the primary and constant purpose of the judicial branch of government. Our ability to do that is the ultimate test of whether or not we have been successful.

The most important ingredient of the judicial department is the dedicated men and women who serve the Commonwealth as judges and circuit clerks with integrity, discretion and a measure of wisdom. It is only through a judiciary of competence, independence, and integrity that another important purpose of government can be achieved. *That purpose is to maintain the rule of law.* This important philosophy is too often taken for granted. But, it is only through the rule of law that we have our freedom. It is for this reason that a fair and effective judicial system must be maintained and it is for this reason also that the failure to do so is immediately noticed and judged very harshly by the public. The failure of courts, nationally, to promptly dispose of their business is widely seen as a breakdown in the justice system and has been a serious public concern in this country for many years and is likely to remain so for the foreseeable future.

Except for a few notable, but limited, exceptions, shortcomings of courts have not been as a consequence of corrupt or incompetent judges. On the contrary, the failures for the most part, are failures of administration.

In most of the states of this union, the administration of courts remains fragmented and in serious disarray. Courts subsists to varying degrees on local, state and federal funding and have no clear cut and definitive lines of authority or leadership for administrative purposes. For the most part, the administration of justice is languishing in a quagmire of inadequate facilities, insufficient support personnel, antiquated equipment and procedural rules more suited to the leisurely pace of the 19th century than to the press of modern day volume and change. Indeed, it is the failure of the administration of courts to heed, let alone cope with this age of profound and sweeping change, which has caused courts to sink to a level of low public repute.

It is in this struggle to modernize, to streamline and to more effectively meet the responsibilities of courts, that Kentucky has assumed a position of nationwide leadership. Kentucky has, and is generally recognized nationally as having, one of the finest constitutional frameworks for its judiciary. Those states attempting to improve their framework of justice come to see how we do things in Kentucky. This is a development for which the General Assembly can and should take great pride, because it was this body which put the judicial article on the ballot for the voters' consideration and it was this body which has, since 1976, regularly provided the leadership, the statutory enactment and financing to implement the new judicial article.

This is not to say that Kentucky is immune from the problems which I have described, but rather to say that we have within our constitutional scheme of things the means to better cope with the problems which beset us all.

As familiar as we all are with the components of the judicial article it is, I think, wise to remind ourselves of the basic principles of the article and where we stand today in terms of avoiding the administrative failures which might thwart the full realization of these principles.

The first of these great principles is that all of the public's business with the courts shall be disposed by full-time hard working judges, well trained in the law. Kentucky is one of the few states wherein all of the judicial business is handled by full-time judges who are required to be attorneys. This principle assures that judges will be trained to make skilled decisions and that those decisions will not be tainted by conflicts of interest which would inevitably arise if the judges were not full time. Basic to this principle are provisions for sufficient number of judges, adequate judicial compensation, adequate physical facilities, adequate support staff, and mandatory continuing judicial education. Presently, the number of district judges is sufficient to handle the work of that court. Likewise, we are very close to having a sufficient number of circuit judges to promptly handle all of the business of that court, in spite of the regular annual increasing case load. However, there are two notable exceptions which our court has certified to you for immediate relief. The 22nd judicial circuit consisting of Fayette County, which has the highest weighted caseload in the state and the 41st judicial circuit consisting of Clay, Jackson and Leslie Counties, which is one of three circuits in the Cumberland region of judicial circuits which have too much work for the present complement of judges.

Of greater concern is the present condition of the Court of Appeals. Since its inception in 1976 the workload of that court has grown by *56.2%*. In the last two years it has increased by *17%*. It has become a virtual impossibility for the hard working judges of that court to product quality dispositions in a timely manner. We have, therefore, certified one additional judge for the Court of Appeals for each of the seven appellate districts. No increase has been requested for the Supreme Court, which has a sufficient number of justices to promptly handle the business to the court.

On the subject of compensation, no judicial salary increase has been requested other than the modest cost-of-living increases which have been provided over the last three years and which we hope will be continued through the next biennium.

To help assure a competent judiciary, our court has developed a program of mandatory continuing judicial education. All our judges are required to attend programs which will further their education and, which, more importantly, will help enable them to both apply the law and make their own contribution to the law's development. The continuing judicial education commission, which includes members of the House and Senate, oversees the administration of the continuing judicial education rules. Likewise, our circuit clerks and deputies benefit from periodic programs which enable them to stay abreast of the procedural and statutory changes which affect the performance of their duties.

The second great principle of the judicial article is unity of administration. It is this principle which enables the Supreme Court, through the Chief Justice and his staff, to administer the system as a unit, to marshal our resources to solve critical problems, to bring about steady improvements and to plan for the near and distant future.

The regional administration program, which has been recently restructured, has become a major administrative tool to equalize the workload and provide for prompt substitution of judges in cases of disability or disqualification. The state has been organized along lines roughly comparable to our appellate districts and in each such geographic region I have *appointed* a chief regional judge. It is the responsibility of that chief regional judge and, in his absence or disqualification, the vice-chief regional judge, whom I also appoint, to provide for prompt substitutions, *and more importantly*, to formulate plans to equalize the workload among all the judges. *Equal work for equal pay is the essence of this program.* We have requested modest funds to fully support it.

During the past six years, since the full implementation of the article, there has been no greater improvement in the conditions of our trial courts than the improvement in local court facilities. Since the passage of the Local Court Facilities Act in 1978, we have seen a near complete halt to the deterioration of courthouses and in many, many instances a marked improvement. Refurbishments, renovations, new construction and improvements of all nature and descriptions have taken place. These improvements have come about as a consequence of your legislation which has made it possible for state and local government to work in cooperation to maintain and improve these structures which house the seat of government for each of our 120 counties. We have requested funds to continue this program at present levels and have also requested funds for major courthouse improvements in Fayette and Warren Counties, both of which are badly needed.

The circuit clerks form the backbone of our courts at the local level. The circuit court clerks and their deputies have a major responsibility for providing administrative support to our courts at the local level. While their workload has dramatically increased, their complement of deputies has remained fairly constant. The clerks' offices in more than half of the counties are staffed by three or fewer deputies. We have requested funds for modest salary improvement for these underpaid dedicated employees and some funds for a limited increase in the number of employees in the most hard pressed counties with the fewest employees. Some limited secretarial help for our district judges, many of whom have *no secretarial help at all*, has also been requested.

No discussion of administration would be complete without mentioning our rule-making process. For the last year our court has limited rules changes to one annually in order that these changes might be adopted at regular intervals after public discussion. Justices of the Supreme Court head committees which review the civil and criminal rules, and the judicial ethics rules of our court. Our court has implemented a special set of rules relating to the economical litigation project in three selected localities in order to determine the best methods of reducing the expense and delay involved in civil litigation. As I mentioned previously, one of the serious criticisms of the courts is the failure to dispose of their business in a manner which is timely and economical for the litigants. This so-called ELP program has been extremely successful in both reducing the delay and economic burden of moving cases through court and we will consider the adoption of some of the most effective of these rules on a broader basis.

All members of the Supreme Court are keenly ware of the dire financial straits into which the Commonwealth has gradually become immersed. We have, accordingly, presented to you a budget request which contains no fat and one which has been carefully and extensively reviewed by the staff of the Legislative Research Commission and by various members of the General Assembly. We are also aware that there are many priorities in the expenditure of money which ultimately must be determined by this body. We believe that you will, as you have in the past, respond to the needs of the people's judicial system.

It is given fact, in this country, and in our Commonwealth, that we are living in a litigious society. People are using the court system more and more - to air and settle disputes. Issues that never appeared before us 10-20 years ago, are now becoming commonplace on our dockets. It is also a given fact that the issues litigated are becoming more and more complex and require greater time, concentration and skill for the sitting judges to consider. It is equally true that the judicial branch of government, in bad economic times, has an inordinate amount of work to do. Because of this increased work load and because of the lack of available money for expansion, the Court of Justice is literally caught in a "Catch 22" situation.

The Kentucky judicial system has, I believe, responded to the problem well. The energy of the members of the judiciary is shown by the increasing rate of disposition of cases. Our continuing legal education programs have helped to equip judges to better decide cases. The many programs we have instituted have shown the way to make the system more efficient and more economical. I believe all of us in the Kentucky Court of Justice have recognized the problems and have jointly "put our shoulders to the wheel" to solve those problems without simply throwing taxpayers' money into the breach in an attempt to solve those problems. I pledge to you and to the citizens of the Commonwealth, that while I am chief justice, these efforts will be continued and strengthened.

But the fact remains that the growth of litigation is increasing and will undoubtedly continue to be increased. It is my duty to bring this fact to your attention and to the attention of the people whom we serve.

We have problems now and I foresee more in the near and in the distant future. Our budget request for new money is reluctantly made. Even though the judiciary's share of the General Fund Budget has consistently been a modes 2.1% to 2.3% of the General Fund and even though the system generates nearly 70% of the money spent by the system, we have deliberately minimized our request. But, the problems still exist. I have suggested to you, in separate documents, certain programs which are needed to solve the problems. I have suggested - in certain instances - alternatives which are, at best, a band-aid approach. I hope you will give them your deepest consideration.

The constitutional responsibility of the judiciary has not been, historically, and is not now, an easy one. The seas of judicial decisions are often covered with high waves. We are duty bound to provide for *all* the people of this Commonwealth a system of courts that adequately and economically serve the people. There must be a sufficient number of qualified, well-trained judges. These men and women should be adequately compensated. There must be sufficient staff to handle and process the flood of paperwork that inundates all of us in government these days. We must have physical facilities which are large enough, in good condition, and appropriate to our task. We must see that every citizen in all of our 120 counties has a judge, and a court available to them at all times.

The judicial system - while not perfect - while no better than the men and women who occupy it - remains, I believe, a bastion of our democracy. It is the essence of freedom. It is - along with a free and independent legislature - the shield that keeps our democracy from veering into arbitrariness. My feeling about the role of the judiciary cannot be better.

(2) A city may change the manner of election of city officers within the provisions of subsection (1)

of this section by ordinance, except that no change shall be made earlier than five (5) years from the last change.

(3) The city shall pay the costs of city elections only if city elections are held at a time other than prescribed by law for elections generally.

Section 14. KRS 83A.170 is amended to read as follows:

(1) In any city which has under the provisions of KRS 83A.050 required nonpartisan city elections, or in any city of the second class operating under the city manager form of government pursuant to KRS 83A.150, no person shall be elected to city office except as provided in this section.

(2) No person shall be elected to city office without being nominated in the manner provided in this section at a nonpartisan primary election to be held at the time prescribed by law for primary elections generally, *provided, however, that there shall be no primary elections held in cities of the third, fourth, fifth or sixth class in which nonpartisan elections are held.* Nonpartisan [~~primary~~] elections shall be conducted by the same officers, chosen and acting in the same manner, with the same rights and duties as *those provided in the general election statutes* [~~in regular elections~~].

(3) Each applicant for nomination shall *by,* at least *the last date prescribed by the election law generally for filing notification and declaration forms with the county clerk, and each candidate in a nonpartisan election in a city of the third, fourth, fifth or sixth class shall, by at least the last date prescribed by the election law generally for filing certificates or petitions of nomination with county clerk* [~~fifty-five (55) days before the primary election~~], file with the county clerk a petition signed by at least one percent (1%) of the registered voters in the city or twenty (20) voters, whichever is less. Each voter may sign a slated petition up to the number of offices to be filled for a particular position or may sign individual petitions equal to the number of offices to be filled.[~~,~~] If a voter signs petitions for more candidates than he is authorized then he shall be counted as a petitioner for the candidate whose petition is filed first. The petition *for a nonpartisan primary election* shall be in the following form:

"We the undersigned, qualified voters of the City of ______________ request that the name of ______________ be placed before the voters of the city as that of an applicant for nomination for the office of ______________ at the primary election to be held in our city on the *date prescribed by law for primary elections generally* [~~fourth Tuesday in August ,~~ ________]. We know the applicant to be a qualified voter of the city and a person of good character, and he is, in our judgment, qualified for the duties of the office.

The petition for a nonpartisan regular election in a city of the third, fourth, fifth or sixth class shall be in the following form:

"We the undersigned, qualified voters of the City of ______________ request that the name of ______________ be placed before the voters of the city as that of a candidate for the office of ______________ at the regular election to be held in our city on the date prescribed by law for regular elections generally. We know the candidate to be a qualified voter of the city and a person of good character, and he is, in our judgment, qualified for the duties of the office.

Name $	*Number* N	*Street*

The petition shall be verified by the affidavit of some person as to the genuineness of signatures and addresses of the signers. No voter shall sign more than one (1) petition with reference to each applicant *or candidate.* If any voter signs more than one (1) petition of an applicant *or candidate,* the name of that voter shall not be counted as valid on any petition.

(4) Immediately upon expiration of the time for filing petitions *prior to a primary election,* the county clerk shall have published in accordance with KRS Chapter 424 the names of the applicants as they will appear before the voters at the primary.

(5) Subsection (4) of this section shall not apply *to primary elections* if it appears, immediately upon expiration of the time for filing petitions, that there are not more than two (2) applicants for nomination for each city office to be filled, or, when the nominations are for city legislative body members in cities electing legislative body members at large, and there are no more than twice the number of applicants for nomination for the number of offices to be filled. In that case, the applicants for nomination shall thereby be nominated and no primary election shall be held for that office.

(6) Names of applicants for each nomination *in the primary election* shall be placed before the voters of the city. The voters shall be instructed to vote for one candidate, except that they shall be instructed to vote *in a primary election* for the number of legislative body members to be elected in cities nominating legislative body members at-large. No party designation or emblem of any kind, nor any sign indicating any [~~applicant's~~]

political belief or party affiliation *of any applicant or candidate* shall be used.

(7) Persons qualified to vote at a regular election are qualified to vote at a nonpartisan primary election and the law applicable to challenges made at a regular election is applicable to challenges made at a nonpartisan primary election.

(8) Votes shall be counted as provided in general election laws and the result shall be published as provided in KRS Chapter 424.

(9) The two (2) applicants *in a primary election* receiving the highest number of votes for nomination for each city office shall be nominated, or where the nominations are for city legislative body members in cities electing legislative body members at large, there shall be nominated the number of applicants receiving the highest number of votes equal to twice the number of offices to be filled.

(10) At the regular election following a nonpartisan primary election, the names of the successful nominees shall be placed before the voters.

(11) The nominee receiving the greater number of votes cast for each city office shall be elected.

(12) General election law prescribing duties of county clerks and other public officers in the conduct of elections shall be applicable in all respects to nonpartisan city elections, except no election officer or other person within a polling place shall tell or indicate to a voter, by word of mouth or otherwise, the political affiliation of any candidate for city office.

Section 15. KRS 116.145 is amended to read as follows:

[~~(1)~~] The fee for registration of all voters shall be paid to the county clerk by the state in the amount of twenty-five cents (25) for each person registered.

[~~(2) The amount of sixty dollars ($60) per precinct shall be paid biennially by the state to the county board of elections in counties containing a city of the first class for the purgation of precincts.~~]

Section 16. KRS 117.055 is amended to read as follows:

(1) Each county shall be divided into election precincts. The political territory having the least area within the county's boundaries, with the exception of the total area of a city or town contained within such boundaries, shall be designated an election precinct. Each election precinct shall be composed of contiguous and, as nearly as practicable, compact areas having clearly definable boundaries and wholly contained within any larger district. The county board of elections shall have the authority to draw precinct lines so as to enable more than one precinct to vote at one location. The county board of elections shall review election precinct boundaries as often as necessary. Without exception they shall review the boundaries of all election precincts exceeding seven hundred (700) votes cast in the last regular election prior to each primary election. Consideration to the division of said election precincts should be based on the anticipated growth factor within the specified boundaries; however, the county board of elections shall not be prohibited from dividing election precincts in excess of seven hundred (700) votes cast in the last regular election or less than seven hundred (700) votes cast in the last regular election if they elect to do so. No election precinct shall be created, divided, abolished or consolidated or the boundaries therein changed later than fifty-five (55) days prior to any primary [~~or general~~] election to comply with the provisions of this section *later than the last date prescribed by election law generally for filing notification and declaration forms with the county clerk or secretary of state. No election precinct shall be created, divided, abolished or consolidated or the boundaries therein changed prior to any general election to comply with the provisions of this section later than the last date prescribed by election law generally for filing certificates or petitions of nomination with the county clerk or secretary of state.* The county board of elections shall designate the name or number and the boundaries of the election precincts. Each precinct shall contain, as nearly as practicable, an equal number of voters, based on the number of registered voters in the county. A map and listing of the exact election precinct boundaries shall be filed by the county board of elections with the state board of elections, and any changes in boundaries thereafter made shall also be filed with the state board of elections. A copy of this map indicating all precinct boundaries within the county shall be included in the election supplies of each precinct.

(2) If the county board of elections fails to perform the duty herein required, then the state board of elections or any citizen and voter of the county may apply to the circuit court of the county for a summary mandatory order requiring the board to perform this duty. Appeals may be taken to the Court of Appeals by either party.

(3) The county board of elections shall coordinate all precinct boundary changes with the affected school board, magisterial and municipal boundaries.

Section 17. KRS 117.145 is amended to read as follows:

(1) At least two (2) days before any special election and at least *thirty (30)* [~~fifteen (15)~~] days before any primary *election, and at least fifteen (15) days before any* [~~or~~] regular election, the county clerk of each county shall cause to be printed and ready for use ballot labels for each candidate who, and each question which, is entitled to be voted upon in such election. The ballot labels shall be printed on clear white paper or other material which shall be furnished by the printer. They shall be printed in black ink, in plain, clear type clearly legible to a person with normal vision, and shall be of such size as will fit the ballot frames. The labels shall include the necessary party designations.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

SECTION 1. KRS CHAPTER 95B IS ESTABLISHED AND A NEW SECTION THEREOF IS CREATED TO READ AS FOLLOWS:

As used in this Act, unless the context otherwise requires:

(1) "Adjudicating body" means that body authorized to hear evidence relating to a charge filed against a police officer, to determine the truth of said charge and to fix the degree and extent of any punishment;

(2) "Complaint" means a written statement alleging improper conduct either of commission or omission;

(3) "Charge" means a statement alleging specific wrongdoing with an offer to prove the facts, and a request that the offender be punished;

(4) "Employed full time" means working as a sworn peace officer and being paid compensation by a hiring authority for working a uniform schedule;

(5) "Hiring authority" means the agency of government employing a person as a police officer;

(6) "Inefficiency" means conduct exhibiting a lack of ability, skill or capability to perform assigned duties according to acceptable police standards;

(7) "Insubordination" means the willful refusal or failure to comply with a lawful order of a superior officer;

(8) "Misconduct" means conduct or the use of language that is indecent, immoral, profane, obscene, slanderous, disrespectful, disloyal, threatening or defamatory while on duty or in uniform, which is calculated or tends to subvert good order, efficiency or discipline, or which tends to discredit the police department;

(9) "Neglect of duty" means a failure to carry out some expected or required duty or action, either through carelessness or by intention;

(10) "Police officer" means a sworn peace officer who is employed full time by a lawfully organized police department of the Commonwealth of Kentucky;

(11) "Summary disposition" means the imposition of a penalty prior to any hearing by an adjudicating body.

SECTION 2. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

No police officer shall be dismissed, suspended, fined, reduced in pay or grade or required to make disposition for loss or damage to governmental property for any reason except inefficiency, neglect of duty, misconduct, insubordination, negligence or violation of law or the rules adopted by the legislative body or governing board, and only after charges are preferred and a hearing is conducted as provided in Section 3 of this Act except as otherwise provided in this Act.

SECTION 3. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

Any person may file a complaint against a police officer with the chief of police. If a complaint is against the chief of police, the complaint shall be filed with the chief executive officer of the hiring authority. Any complaint taken from any individual alleging misconduct, neglect of duty, insubordination, neglect or violation of law or rule on the part of any police officer shall be taken under oath in the form of an affidavit, signed, and sworn to by the individual and notarized. Specifically excluded from the complaint requirements are corrective orders, duty critiques, duty performance directives, counseling and reprimands which are necessary, appropriate and consistent with management responsibilities in the daily functioning of a police department to assure compliance with established rules and regulations.

(1) No threats, promises, or coercion shall be used at any time against any police officer while he is a suspect in a criminal or departmental matter. Suspension from duty with or without pay, or reassignment to other than an officer's regular duties during such period shall not be deemed coercion.

(2) Upon receipt of a complaint the chief of police shall acknowledge receipt of the complaint in person or in writing to the complainant at the complainant's last known address. The acknowledgement shall state that the complaint will be investigated and that the complainant will be advised of the resolution of the matter.

(3) Upon receipt of a complaint the chief of police, or the chief executive officer of the hiring authority, in the event the complaint is against the chief of police, shall promptly conduct an investigation of the allegations contained in the complaint by appropriate administrative procedures. A complaint based on allegations of wrongdoing must be filed within three (3) months after the facts are alleged to have occurred, except where the alleged conduct would constitute a felony or in instances where the filing of a complaint has been inhibited by the officer. Pending an investigation of a complaint, and a final disposition, the chief of

police, or the chief executive officer of the hiring authority, in the event the complaint is against the chief of police, may impose administrative suspension of police power of the officer or reassign the officer to other duties with pay.

(4) The chief of police or the chief executive officer of the hiring agency, in the event the complaint is against the chief of police, shall notify the complainant in writing what final disposition has been made of the complaint.

(5) If as a result of an investigation of a complaint the chief of police or the chief executive officer of the hiring authority, where complaint is against the chief, has reasonable grounds for believing the allegations are true and has reasonable grounds for believing that such allegations constitute inefficiency, neglect of duty, misconduct, insubordination, negligence, or violation of law or of the rules adopted by the legislative body or governing board, the chief of police or the chief executive officer of the hiring authority, if the complaint is against the chief, may file formal charges or may impose summary discipline in the form of: (a) a written reprimand, or (b) suspension from duty for not more than thirty (30) calendar days without pay.

(6) A police officer who receives a written reprimand or who is suspended from duty without pay may appeal the summary disposition by filing a written statement of appeal with the chief executive officer of the hiring authority within seven (7) days after the date of the written formal notification. The appeal shall proceed as though formal charges had been filed.

(7) Written reprimands shall be expunged from a police officer's personnel records after two (2) years from the date of the reprimand and all records in a police officer's personnel file relating to other forms of disciplinary action shall be expunged from the officer's personnel file after five (5) years from the date of the action.

(8) Unless summary disposition is made or formal charges filed within sixty (60) days of the filing of a complaint, unless justifiable cause is given for the delay, further administrative disciplinary action based on the complaint shall be barred.

SECTION 4. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

(1) A police officer shall not be subjected to questioning nor be required to file a written response to a complaint after a complaint has been filed as provided in Section 3 of this Act until forty-eight (48) hours have expired from the time the request for questioning or request for a written response is made, unless the officer waives such time restrictions; however, such officer may be required to submit a written report of the alleged incident no later than the end of the tour of duty on which the incident is alleged to have occurred. A copy of the complaint shall be furnished to the officer prior to questioning or prior to a request for a written response to the complaint.

(2) Any charge filed as the result of an investigation of a complaint or filed by the chief of police or hiring authority directly without a prior complaint shall be made in writing with specificity as to the nature and circumstances of the alleged violation. The original statement of charges shall be filed with the chief executive officer of the hiring authority and a copy shall be furnished to the officer against whom the charges are filed and the chairman of the adjudicating body.

(3) If a police officer is under arrest, or likely to be arrested, or a suspect in any criminal investigation, he shall be afforded the same constitutional due process rights that are accorded to any citizen, including but not limited to the right to remain silent and the right to counsel, and shall be notified of those rights before any questioning commences. Nothing in this section shall prevent the suspension with or without pay or reassignment of such police officer pending disposition of criminal charges.

(4) When charges or a complaint have been filed against a police officer, no public statements shall be made concerning the charges or complaint by any person of the hiring authority, the police officer or his attorney except identification of the officer and the nature of the charges or complaint, until final disposition of the charges or complaint.

(5) No police officer as a condition of continued employment by a hiring authority shall be compelled to submit to a polygraph examination; speak or testify or be questioned by any non-governmental person or body.

SECTION 5. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

When a hearing is to be conducted by any adjudicating body, the following due process rights and procedures shall be recognized and these rights shall be the minimum rights afforded any police officer charged:

(1) The police officer shall have been given at least seven (7) calendar days' written notice by the chairman of the adjudicating body of the date, time and place of the hearing;

(2) Copies of any sworn statement or affidavits to be considered by the adjudicating body shall be furnished to the police officer no less than five (5) days prior to the time of the hearing;

(3) If the charges are based on a complaint, the individual who filed the complaint shall be subpoenaed to appear at the hearing;

(4) The police officer shall have the right and opportunity to be represented by counsel and to have

counsel present;

(5) The police officer shall be allowed to present witnesses and other evidence, and to cross-examine any witnesses called by the hiring authority. The hiring authority by counsel shall also have the right to cross-examine all witnesses presented by the accused officer;

(6) Strict compliance with the Kentucky Civil and Criminal Rules of Procedure shall not be required. The adjudicating body shall adopt rules of procedure to provide for an orderly hearing;

(7) If any police officer is not given a hearing as provided by this Act within sixty (60) days of any charges being filed, unless justifiable cause is given for the continuance, the charges shall be dismissed with prejudice and not be considered by any administrative adjudicating body. However, a police officer against whom charges have been filed may in writing agree to a postponement to a day certain;

(8) All time limits set out in this Act shall be calculated in accordance with KRS 446.030; and

(9) Upon the hearing, all charges shall be considered denied, unless otherwise stipulated by the officer, and put in issue, and the hearing shall be confined to matters related to the issues presented. All hearings on charges before the adjudicating body shall be closed unless the officer requests an open hearing.

SECTION 6. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

(1) Any police officer who is found guilty by any adjudicating body of any charge, may appeal the decision of the body by filing a complaint in the circuit court of the county except that all appeals by officers of the state police shall be to Franklin Circuit Court. The appeal shall be taken within thirty (30) days of the date the adjudicating body renders its written decision, and the method of appeal shall follow the Rules of Civil Procedure. An appeal shall be an administrative appeal on the record and not a de novo trial on the merits of the case. The aggrieved officer shall have the burden of producing the transcript of evidence before the adjudicating body. The circuit court's review shall be limited to a determination of whether the adjudicating body acted arbitrarily and whether the evidence preponderates against such action. An appeal shall not suspend the penalty imposed by the adjudicating body pending a hearing and determination by the circuit court or any appellate court.

(2) The judgment of the circuit court shall be subject to appeal to the court of appeals. The procedure as to appeal shall be the same as in any civil action.

SECTION 7. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

Nothing contained in this Act shall be construed as limiting or in any way abridging additional rights afforded police officers by statute, ordinance, regulation, contract or other agreement.

SECTION 8. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

(1) For the Commonwealth, the adjudicating body shall consist of the commissioner of the bureau of state police and a panel of ten (10) officers of the bureau to be appointed by the commissioner; in a city of the first class the adjudicating body shall consist of the civil service board as organized under KRS 90.120; and for county police the adjudicating body shall consist of the county police force merit board as organized under KRS 78.440.

(2) Except as otherwise provided in subsection (1) of this section, a hiring authority may by ordinance or regulation, establish an adjudicating body for the purpose of conducting hearings and making final resolution of charges filed against police officers. If a hiring authority does not establish an adjudicating body, then the legislative body or governing board of the hiring authority shall conduct such hearings.

(3) An adjudicating body shall consist of not less than three (3) members selected from the legislative body or governing body of the hiring authority. Terms of office which shall be for fixed periods of time, and conditions of appointment shall be as provided by ordinance or regulation. The members of the adjudicating body shall elect one of its members as chairman. The adjudicating body shall keep full and complete minutes of its proceedings, including any evidence presented at any hearing.

(4) The adjudicating body shall conduct a hearing on all charges filed with it, including all appeals of summary dispositions filed with it pursuant to Section 3 of this Act and may adjourn or continue hearings from time to time until a matter brought before it is resolved. The adjudicating body shall be subject to and have the following authority:

(a) The body is authorized to subpoena and require the attendance of witnesses and the production by them of books, papers, records, and evidence (real or documentary) pertinent to an adjudication of issues before it. The subpoenas shall be issued by the chairman or in his absence any member of the adjudicating body and executed by those peace officers authorized to execute civil or criminal process. Requests for subpoenas shall be submitted in writing to the chairman of the adjudicating body not less than seventy-two (72) hours prior to the date of a hearing. In the event that any person should fail or refuse to appear under such subpoena, or to testify, or to attend, or to produce the books, papers, records, documents or other evidence lawfully required, the adjudicating body through its chairman may report to the circuit court judge or to the district court judge such failure or refusal, and apply for a rule, and said judge may, on such application, compel obedience by proceedings for contempt as in the case of disobedience of the requirements

of a subpoena issued from such court;

(2) Any officer holding a temporary or non-permanent rank may be reduced to the permanent rank he held prior to assuming the temporary or non-permanent rank without compliance with the provisions of this Act.

SECTION 3. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

Any person may file a complaint against a police officer with the chief of police. If a complaint is against the chief of police, the complaint shall be filed with the chief executive officer of the hiring authority. Any complaint taken from any individual alleging misconduct, neglect of duty, insubordination, neglect or violation of law or rule on the part of any police officer shall be taken under oath in the form of an affidavit, signed, and sworn to by the individual and notarized. Specifically excluded from the complaint requirements are corrective orders, duty critiques, duty performance directives, counseling and reprimands which are necessary, appropriate and consistent with management responsibilities in the daily functioning of a police department to assure compliance with established rules and regulations.

(1) No threats, promises, or coercion shall be used at any time against any police officer while he is a suspect in a criminal or departmental matter. Suspension from duty with or without pay, or reassignment to other than an officer's regular duties during such period shall not be deemed coercion.

The acknowledgement shall state that the complaint will be investigated and that the complainant will be advised of the resolution of the matter.

(3) Upon receipt of a complaint the chief of police, or the chief executive officer of the hiring authority, in the event the complaint is against the chief of police, shall promptly conduct an investigation of the allegations contained in the complaint by appropriate administrative procedures. A complaint based on allegations of wrongdoing must be filed within three (3) months after the facts are alleged to have occurred, except where the alleged conduct would constitute a violation of law or in instances where the filing of a complaint has been inhibited by the officer. Pending an investigation of a complaint, and a final disposition, the chief of police, or the chief executive officer of the hiring authority, in the event the complaint is against the chief of police, may impose administrative suspension of police power of the officer or reassign the officer to other duties with pay.

(4) The chief of police or the chief executive officer of the hiring agency, in the event the complaint is against the chief of police, shall notify the complainant in writing what final disposition has been made of the

complaint.

(5) If as a result of an investigation of a complaint the chief of police or the chief executive officer of the hiring authority, where complaint is against the chief, has reasonable grounds for believing the allegations are true and has reasonable grounds for believing that such allegations constitute inefficiency, neglect of duty, misconduct, insubordination, negligence, or violation of law or of the rules adopted by the legislative body or governing board, the chief of police or the chief executive officer of the hiring authority, if the complaint is against the chief, may file formal charges or may impose summary discipline in the form of: (a) a written reprimand, or (b) suspension from duty for not more than thirty (30) working days without pay.

(6) A police officer who receives a written reprimand or who is suspended from duty without pay may appeal the summary disposition by filing a written statement of appeal with the chief executive officer of the hiring authority within seven (7) days after the date of the written formal notification. The appeal shall proceed as though formal charges had been filed.

(7) Written reprimands shall be expunged from a police officer's personnel records after two (2) years from the date of the reprimand and all records in a police officer's personnel file relating to other forms of disciplinary action shall be expunged from the officer's personnel file after five (5) years from the date of the action.

(8) Unless summary disposition is made or formal charges filed within sixty (60) days of the filing of a complaint, unless justifiable cause is given for the delay, further administrative disciplinary action based on the complaint shall be barred.

SECTION 4. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

(1) A police officer shall not be subjected to questioning nor be required to file a written response to a complaint after a complaint has been filed as provided in Section 3 of this Act until forty-eight (48) hours have expired from the time the request for questioning or request for a written response is made, unless the officer waives such time restrictions; however, such officer may be required to submit a written report of the alleged incident no later than the end of the tour of duty on which the incident is alleged to have occurred. Notice of the complaint and a summary of the allegations contained therein shall be furnished to the officer prior to questioning or prior to a request for a written response to the complaint.

(2) Any charge filed as the result of an investigation of a complaint or filed by the chief of police or hiring authority directly without a prior complaint shall be made in writing with specificity as to the nature and circumstances of the alleged violation. The original statement of charges shall be filed with the chief executive officer of the hiring authority and a copy shall be furnished to the officer against whom the charges are filed and the chairman of the adjudicating body.

(3) If a police officer is under arrest, or likely to be arrested, or a suspect in any criminal investigation, he shall be afforded the same constitutional due process rights that are accorded to any citizen, including but not limited to the right to remain silent and the right to counsel, and shall be notified of those rights before any questioning commences. Nothing in this section shall prevent the suspension with or without pay or reassignment of such police officer pending disposition of criminal charges.

(4) When charges or a complaint have been filed against a police officer, no public statements shall be made concerning the charges or complaint by any person of the hiring authority, the police officer or his attorney except identification of the officer and the nature of the charges or complaint, until final disposition of the charges or complaint.

(5) No police officer as a condition of continued employment by a hiring authority shall be compelled to submit to a polygraph examination; speak or testify or be questioned by any non-governmental person or body.

SECTION 5. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

When a hearing is to be conducted by any adjudicating body, the following due process rights and procedures shall be recognized and these rights shall be the minimum rights afforded any police officer charged:

(6) Strict compliance with the Kentucky Civil and Criminal Rules of Procedure and the rules of

evidence shall not be required. The adjudicating body shall adopt rules of procedure to provide for an orderly hearing;

(7) If any police officer is not given a hearing as provided by this Act within sixty (60) days of any charges being filed, unless justifiable cause is given for the continuance, the charges shall be dismissed with prejudice and not be considered by any administrative adjudicating body. However, a police officer against whom charges have been filed may in writing agree to a postponement to a day certain;

(8) All time limits set out in this Act shall be calculated in accordance with KRS 446.030; and

(9) All hearings on charges before the adjudicating body shall be closed unless the officer requests an open hearing.

SECTION 6. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

(1) Any police officer who is found guilty by any adjudicating body of any charge, may appeal the decision of the body by filing a complaint in the circuit court of the county except that all appeals by officers of the state police shall be to Franklin Circuit Court. The appeal shall be taken within thirty (30) days of the date the adjudicating body renders its written decision, and the method of appeal shall follow the Rules of Civil Procedure. An appeal shall be an administrative appeal on the record and not a de novo trial on the merits of the case. The aggrieved officer shall have the burden of producing the transcript of evidence before the adjudicating body. The circuit court's review shall be limited to a determination of whether the adjudicating body acted arbitrarily and whether the evidence preponderates against such action. An appeal shall not suspend the penalty imposed by the adjudicating body pending a hearing and determination by the circuit court or any appellate court.

(2) The judgment of the circuit court shall be subject to appeal to the court of appeals. The procedure as to appeal shall be the same as in any civil action.

SECTION 7. A NEW SECTION OF KRS CHAPTER 95B IS CREATED TO READ AS FOLLOWS:

The adjudicating body shall be subject to and have the following authority:

The subpoenas shall be issued by the chairman or in his absence any member of the adjudicating body and executed by those peace officers authorized to execute civil or criminal process. Requests for subpoenas shall be submitted in writing to the chairman of the adjudicating body not less than seventy-two (72) hours prior to the date of a hearing. Upon the record being filed the case shall be docketed in the circuit court and tried de novo.

(b)[~~(5)~~] If the secretary fails to certify the record to the circuit court within five (5) days after the request is made, then the aggrieved person may file an affidavit in that court setting out as fully as possible the charges, together with a copy of the board's findings and a statement that demand for the transcript had been made of the secretary more than five (5) days prior to the filing of the affidavit. (2) Any person may prefer charges in writing against any employe by filing them with the mayor or other appointing authority who shall communicate the charges without delay to the civil service commission of the city. The charges must be signed by the person making them and must set out clearly each charge. The appointing authority shall, whenever probable cause appears, prefer charges against any employe whom he believes guilty of conduct justifying his removal. Upon the filing of charges the clerk of the civil service commission shall notify its members and serve a copy of the charges upon the accused employe with a statement of the date, place and hour at which the hearing of charges will begin, this hearing not to be held within three (3) days of the date of the service of charges upon the accused employe. The accused employe shall have the right to have subpoenaed any witnesses he may desire, upon furnishing their names to the clerk. As many as ten (10) subpoenas may be served on the request of the accused employe without charge but each additional subpoena requested by him shall be issued by the clerk and served by the police department only upon payment of fifty cents (50) to the city clerk by the employe. The action and decision of the civil service commission on the charges shall be reduced to writing and kept in a book for that purpose and the written charge shall be attached to the book containing the body's decision.

(5) In cases where the head of the department or the appointing authority has probable cause to believe an employe has been guilty of conduct justifying his removal or punishment he shall immediately suspend that employe from duty or from both pay and duty pending trial and the employe shall not be placed on duty or allowed pay thereafter until the charges are heard by the civil service commission.

(6) The civil service commission shall punish any employe found guilty by reprimand or a suspension for any length of time not to exceed six (6) months, or by reducing the grade, if the employe's classification warrants, or by combining any two (2) or more of these punishments, or by dismissal. No employe shall be reprimanded, removed, suspended or dismissed except as provided in this section.

(7) No police officer shall be dismissed, suspended, fined, reduced in pay or grade or required to make disposition for loss or damage to governmental property except in accordance with the procedures set forth in Sections 1 to 8 of this Act.

(3) Upon the hearing all charges shall be considered traversed and put in issue, and the trial shall be confined to matters related to the issues presented. Within three (3) days after the charges have been filed with the legislative body, that body shall proceed to hear the charges. At least two (2) days before the hearing the member accused shall be served with a copy of the charges and a statement of the day, place and hour at which the hearing of the charges will begin. The member accused may have subpoenaed any witnesses he may desire, upon furnishing their names to the clerk. The action and decision of the body on the charges shall be reduced to writing and entered in a book kept for that purpose, and the written charges filed in the matter shall be attached to the book containing the decision.

If the member is suspended, there shall be no continuances granted without the consent of the member accused.

(6) The legislative body shall fix the punishment of a member of the [~~police or~~] fire department found guilty, by a reprimand, suspension for any length of time not to exceed six (6) months, by reducing the grade if the accused is an officer, or by combining any two (2) or more of those punishments, or by dismissal from the service.

(7) No member of the police department in cities of the second and third classes or urban-county government shall be dismissed, suspended, fined, reduced in pay or grade or required to make disposition for loss or damage to governmental property except in accordance with the procedures set forth in Sections 1 to 8 of this Act.

The notice of the appeal shall be filed not later than thirty (30) days after the date the legislative body makes its determination on the charge.

(2) Upon request of the accused the clerk of the legislative body shall file a certified copy of the charges and the judgment of that body in the circuit court. Upon the transcript being filed the case shall be docketed in the circuit court and tried as an original action.

(3) If the clerk fails to certify the transcript to the circuit court within seven (7) days after the request is made, the party aggrieved may file an affidavit in the circuit court setting out as fully as possible the charges made, the time of the hearing, and the judgment of the legislative body, together with a statement that demand for transcript was made upon the clerk more than five (5) days before the filing of the affidavit. Upon the filing of the affidavit in the circuit court the case shall be docketed and the circuit court may compel the filing of the transcript by the clerk by entering the proper mandatory order, and by fine and imprisonment for contempt. (b) Controlled substances listed in Schedule I, which are seized or come into the possession of the state, the owners of which are unknown, are contraband and shall be summarily forfeited to the state.

(c) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily destroyed or forfeited to the state. The failure, upon demand by the law enforcement agency or its authorized agent, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored, to produce an appropriate registration, or proof that he is the holder thereof, constitutes authority for the seizure and forfeiture of the plants.

(d) All substances, machinery or devices used for the manufacture, packaging, repackaging, or marking, and books, papers and records, and all vehicles owned and used by the seller or distributor for the manufacture, distribution, sale or transfer of substances in violation of KRS 218A.350 shall be seized and forfeited to the state. Substances manufactured, held, or distributed in violation of KRS 218A.350 shall be deemed contraband.

(e) All controlled substances which have been manufactured, distributed, dispensed, possessed, being held or acquired in violation of this chapter.

2. No conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without his knowledge or consent;

4. The forfeiture provisions of this paragraph shall not apply to any misdemeanor offense relating to marijuana.

(i) All books, records, and research products and materials, including formulas, microfilm, tapes and data which are used, or intended for use, in violation of this chapter.

(j) Everything of value furnished, or intended to be furnished, in exchange for a controlled substance in violation of this chapter, all proceeds traceable to such an exchange, and all moneys, negotiable

instruments, and securities used, or intended to be used, to facilitate any violation of this chapter; except that no property shall be forfeited under this paragraph, to the extent of the interest of an owner, by reason of any act or omission established by him to have been committed or omitted without his knowledge or consent. It shall be a rebuttable presumption that all moneys, coin and currency found in close proximity to forfeitable controlled substances, to forfeitable drug manufacturing or distributing paraphernalia, or to forfeitable records of the importation, manufacture or distribution of controlled substances, are presumed to be forfeitable under this paragraph. The burden of proof is upon claimants of the property to rebut this presumption.

(2) Property taken or detained under this section shall not be subject to replevin, but is deemed to be in the custody of the law enforcement agency subject only to the orders and decrees of the court having jurisdiction over the forfeiture proceedings. HB 303, AN ACT relating to liens.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 134.420 is amended to read as follows:

(1) The state and each county, city or other taxing district shall have a lien on the property assessed for taxes due them respectively for five (5) years following the date when the taxes become delinquent, and also on any real property owned by a delinquent taxpayer at the date when the sheriff offers the tax claims for sale as provided in KRS 134.430 and 134.440. This lien shall not be defeated by gift, devise, sale, alienation or any means whatever except by sale to a bona fide purchaser, but no purchase of property made before final settlement for taxes for a particular assessment date has been made by the sheriff shall preclude the lien covering such taxes. The lien shall include all interest, penalties, fees, commissions, charges and other expenses incurred by reason of delinquency in payment of the tax bill or in the process of collecting it, and shall have priority over any other obligation or liability for which the property is liable. The lien of any city, county or other taxing district shall be of equal rank with that of the state. When any proceeding is instituted to enforce the lien provided in this subsection, it shall continue in force until the matter is judicially terminated.

(2) The state shall have a lien of equal rank with the lien provided in subsection (1) of this section on all property of a taxpayer who owes any property tax, license tax, inheritance or estate tax, excise tax, income tax, or other tax, when such taxes are not included in or covered by the lien provided in subsection (1) of this section. This lien shall arise at the time any assessment becomes delinquent, and it shall continue *only for five (5) years from the date that notice thereof is filed, unless the notice is renewed* [~~until the amount of the original assessment and any subsequent assessments of liability for taxes, fees, penalties, interest or costs are fully paid~~]. The lien shall attach to all interest in property, either real or personal, tangible or intangible, in this state then owned or subsequently acquired by the person against whom the assessment is made. The department of revenue *shall* [~~may~~] file notice of the lien and every city of the third, fourth, fifth and sixth class shall file notice of the delinquent tax liens with the county clerk of any county or counties in which the taxpayer's business or residence is located, or in any county in which the taxpayer has an interest in property and such notice shall be recorded in the same manner as notices of lis pendens are filed, and the file shall be designated miscellaneous state and city delinquent and unpaid tax liens. Such recordation shall constitute notice of both the original assessment and all subsequent assessments of liability against the same taxpayer. Upon request, the department of revenue shall disclose the specific amount of liability at a given date to any interested party legally entitled to such information. The lien of the Commonwealth of Kentucky for taxes shall be superior to all liens and security interests created under Kentucky law except that nothing in this

subsection shall be construed to alter or change in any way the law relative to the rights and duties of a holder in due course as provided in KRS Chapter 355, Art. 3, or affect the rights of any person taking the property or a lien thereon for value without actual or constructive notice. The clerk may charge a fee pursuant to KRS 64.012 for filing the notice of lien or releasing the lien. The fees for filing or releasing the lien shall be paid by the taxing authority filing same and shall become a part of the lien as an added cost of the delinquent taxpayer to be paid by him as a part of the amount necessary to release the lien. The lien shall be released by the taxing authority that filed the notice of lien.

Section 2. KRS 341.310 is amended to read as follows:

(1) A lien on a parity with state, county, and municipal ad valorem tax liens, and superior to the lien of any mortgage or other encumbrance heretofore or hereafter created is hereby created in favor of the department upon all property of any subject employer from whom contributions, interest or penalties are or may hereafter become due. This lien shall be for a sum equal to the amount at any time due from each subject employer to the department on account of contributions, interest and penalties thereon. The lien shall commence from such time as the contributions, interest or penalties become due *and shall continue only for five (5) years from the date that notice thereof is filed, unless the notice is renewed.*

(2) The secretary *shall* [~~may~~] file notice of this lien with the county clerk of any county where the subject employer has property, giving the name of the subject employer, his address, and the amount of the lien. The clerk shall file same in the same manner as lis pendens are filed. The files shall be designated "Miscellaneous State Tax Liens." The notice, when so filed, shall be conclusive notice to all persons of the lien on the property having legal situs in that county, except that nothing in this chapter shall be construed to alter or change in any way the law relative to the rights and duties of a holder in due course as provided in KRS Chapter 355 Art. 3, or affect the rights of any person taking the property or a lien thereon for value without actual or constructive notice. The clerk shall be entitled to a fee of $1.25 for filing the lien, and said fee shall become a part of the lien as an added cost of the delinquent subject employer to be paid by him as a part of the amount necessary to release the lien, and in no event shall the Commonwealth, or the department be required to pay same.

(3) In addition and as an alternative to any other remedy, the secretary may enforce the lien by petition in the name of this state to the Franklin Circuit Court, if the ministerial acts necessary to enforce the lien by the sale of the liened property or any part of it are performed by the appropriate officers of the circuit court of the county in which the property is situated under the direction of and reporting to the Franklin Circuit Court. The manner of enforcement shall be the same as that provided for the enforcement of other tax liens.

(4) (a) The secretary may issue a certificate of release of lien upon the furnishing of a corporate surety bond satisfactory to the secretary by such employing unit in the amount of one hundred and twenty-five percent (125%) of the sum of such contributions, interest and penalty, for which lien is claimed, conditioned upon the prompt payment of such contribution, together with interest and penalty thereon, by such employing unit to the department in accordance with the provisions set forth in such bond.

(b) The secretary may issue a certificate of partial release of any part of the property subject to the lien if he finds that the fair market value of that part of such property remaining subject to the lien is at least equal to the amount of all other liens upon such property plus double the amount of the liability for contributions, interest and penalties thereon remaining unsatisfied.

(c) The secretary may issue a certificate of partial release of any part of the property or individual piece of property subject to the lien if he finds that the interest of the Commonwealth in the property to be so released has no value.

HJR 8, A JOINT RESOLUTION directing the Legislative Research Commission to establish a Task Force on Rail Passenger Service in Kentucky.

WHEREAS, the development of rail passenger service can contribute to the orderly growth of the Commonwealth, the redevelopment of older central cities, the promotion of tourism, the improvement of general mobility, and the evolution of a less petroleum-dependent transportation system; and

WHEREAS, the development of such service is possible utilizing existing rail rights-of-way and would not require extensive land acquisition or new construction; and

WHEREAS, the rail mode of transportation is the easiest mode to convert to electric or steam, making it capable of utilizing Kentucky produced coal as a source of power; and

WHEREAS, surveys of the metropolitan areas of Louisville, Lexington, Ashland and Northern Kentucky indicate sufficient ridership to justify the development of rail passenger service; and

WHEREAS, the potential economic benefits to the Commonwealth from the development of this service in terms of tourism, expanded markets, enhanced local economic bases, increased employment opportunity, and a balanced transportation system, justify an examination of the feasibility of financing and operation of such service by state government; and

WHEREAS, state administration of a passenger rail service development program would make federal funding available for part of the costs to provide such service;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That a Special Task Force on Rail Transportation be created to study:

(1) The feasibility of establishing state operated intercity and commuter rail passenger service over existing rights-of-way, using steam power and available reconditioned equipment suitable for this service between Louisville, Frankfort, Lexington and Ashland and connecting at Ashland with National Railway Corporations' (AMTRAK) through Chicago - Washington - New York route;

(2) The administration and operation of such service under a state rail transportation authority;

(3) The potential economic and social benefits of future rail passenger service development;

(4) The projected incremental costs, patronage, and revenues resulting from development of the following:

(a) Intercity rail service between Louisville and Indianapolis using the Conrail route;

(b) Combined intercity/commuter rail services between Cincinnati and Lexington using the Southern route;

(c) Combined intercity/commuter rail services between Louisville, Bowling Green and Nashville using the L&N route;

(d) Intercity rail service between Louisville and Owensboro using the L&N route;

(e) Combined intercity/commuter rail services between Louisville and Paducah using the ICG route;

(f) Intercity rail passenger service between Louisville and Cincinnati using the L&N route;

(g) Combined intercity/commuter rail services between Cincinnati, Winchester, Richmond, Berea, Corbin and Knoxville using the L&N route;

(h) Combined intercity/commuter rail passenger services between Cincinnati, Maysville, Ashland and Huntington, West Virginia using the C&O route.

(5) The inclusion of Kentucky in the Interstate High Speed Intercity Rail Transportation Network

Compact with Ohio, Illinois, Indiana, Michigan and Pennsylvania.

Section 2. The membership of the Task Force shall be limited to twenty (20) persons and shall include state officials, area business leaders, affected local officials, an engineering advisor, and five (5) such persons who, on account of their previous education, vocation, employment or affiliation can be considered knowledgeable in rail service or rail transportation, to be appointed by the Co-Chairmen of the Legislative Research Commission. The Co-Chairmen shall appoint the Chairman of said Task Force. All members are to be reimbursed actual expenses for attending meetings or for travel made necessary to accurately complete the work assigned in this study, provided such travel is approved by the director of the Legislative Research Commission.

Section 3. That staffing for the meetings and for assistance to the committee in compiling the research of its members be provided by the Legislative Research Commission.

Section 4. That the Task Force shall report its findings to the Legislative Research Commission by July 1, 1985.

Section 5. Staff services to be utilized in completing this study are estimated to cost $12,000. These services shall be provided from the regular commission budget and are subject to the limitations and other research responsibilities of the commission.

HJR 9, A JOINT RESOLUTION directing the division of disaster and emergency services to develop and maintain an earthquake hazards reduction program for the Commonwealth.

WHEREAS, earthquakes have caused, and can be expected to cause in the future, great destruction of property, economic and social disruption, injury and death; and

WHEREAS, it has now been recognized that the central United States is one of the three areas in the country likely to be affected by a severe earthquake; and

WHEREAS, twenty-five counties in western Kentucky, as well as counties in six other neighboring states, lie in those areas of the New Madrid Fault zone that can expect considerable devastation; and

WHEREAS, a majority of Kentucky's population is centered in towns and cities which lie along the Ohio and other rivers and are thus endangered, since such areas can expect high ground amplification; and

WHEREAS, the U.S. Army Corps of Engineers has classified 210 dams as "high hazards," 75 as "unsafe," and 5 as "urgent"; and

WHEREAS, the risk of human life and property can be substantially reduced through implementation of earthquake hazards reduction measures;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the division of disaster and emergency services develop and maintain an earthquake hazards reduction program which includes, but is not limited to:

(1) Evaluation of earthquake hazards;

(2) Development of adequate safety standards to safeguard life and property;

(3) Plans for earthquake preparedness and recovery;

(4) Participation in appropriate federal-state earthquake hazards reduction programs such as those provided by the federal emergency management agency, the United States geological survey, and the national science foundation;

(5) Participation in and cooperation with interstate earthquake hazards reduction programs which involve neighboring states along the New Madrid Fault, such as those provided by the central United States earthquake consortium;

(6) Participation in the five-year earthquake hazard reduction program which has been presented and will be funded by the federal emergency management agency and which includes the major categories of state and local response planning, public education, and mitigation.

Section 2. That the division of disaster and emergency services include in its annual written report to the governor, as provided in KRS 36.040(7), an account of the status of the earthquake hazards reduction program, and describe and evaluate progress achieved during the preceding fiscal year in reducing the risks of earthquake hazards. A copy of this annual report shall also be sent to the legislative research commission. Each report shall include any recommendations for legislative and other action which the division of disaster and emergency services deems necessary and appropriate.

(1) The term "health maintenance organization" for the purposes of this section means a health maintenance organization as defined in KRS 304.38-030 or as a nonprofit hospital, medical-surgical, dental and health service corporation, which has been licensed by the Kentucky health facilities and health services certificate of need and licensure board and issued a certificate of authority by the department of insurance as a health maintenance organization or as a nonprofit hospital, medical-surgical, dental and health service corporation and which is qualified under the requirements of the United States department of health, education and welfare except as provided in subsection (2) of this section.

(2) The secretary of the department of finance, upon the recommendation of the commissioner of personnel, may procure, *in compliance with the provisions of KRS 45A.080, 45A.085 and 45A.090,* from one (1) or more health, hospitalization, medical, major medical and dental insurance companies or from one (1) or more health maintenance organizations authorized to do business in this state, a policy or policies of group health, hospitalization, medical, major medical and dental insurance or health maintenance organization coverage encompassing all or any class or classes of state employes. All state employes for whom such insurance or health maintenance organization coverage is provided shall annually be given an option to elect either standard insurance coverage or coverage by a health maintenance organization; except that if a qualified health maintenance organization is not engaged in providing basic health services in a health maintenance service area in which at least twenty-five (25) of such employes reside, the state employes may annually be given the option to elect either standard insurance coverage or coverage by a health maintenance organization which has been licensed by the Kentucky health facilities and health services certificate of need and licensure board and issued a certificate of authority by the department of insurance as a health maintenance organization or as a nonprofit hospital, medical-surgical, dental and health service corporation and which is engaged in providing basic health services in a health maintenance service area in which at least twenty-five (25) of such employes reside. The policy or policies shall be approved by the commissioner of insurance and may contain such provisions as he approves whether or not otherwise permitted by the insurance laws. It is intended that either insurance or health maintenance organization coverage may be made available for state employes, except that the procuring of each is permissive.

(3) The premiums may be paid by the policyholder:

(a) Wholly from funds contributed by the insured employe, by payroll deduction or otherwise;

(b) Wholly from funds contributed by the state or department, board or agency; or

(c) Partly from each, except that any premium due for health maintenance organization coverage over the premium amount contributed by the state or department, board or agency for any other insurance coverage shall be paid by the employe.

(4) If an employe moves his place of residence or employment out of the service area of a health maintenance organization, under which he has elected coverage, into either the service area of another health maintenance organization or into an area of the state not within a health maintenance organization service area, such employe shall be given an option, at the time of the move or transfer, to elect coverage either by the health maintenance organization into which service area he moves or is transferred or to elect standard insurance coverage offered by the employer.

(5) No payment of premium by the state or department, board or agency shall constitute compensation to an insured employe for the purposes of any statute fixing or limiting the compensation of such an employe. Any premium or other expense incurred by the state or department, board or agency shall be considered a proper cost of administration.

(6) The policy or policies may contain such provisions with respect to the class or classes of employes covered, amounts of insurance or coverage for designated classes or groups of employes, policy options, terms of eligibility, continuation of insurance or coverage after retirement, and such other provisions as the commissioner of insurance may approve.

(7) The secretary of the department of finance is authorized to perform all acts necessary or advisable for the purpose of contracting for and maintaining insurance and health maintenance organization coverage under the provisions of this section.

(8) The health insurance contract or contracts for state employes shall be entered into for a period of not less than two (2) years, except the contract awarded October 1, 1984 shall be awarded for the period between October 1, 1984 and June 30, 1986.

Section 2. KRS 45A.022 is amended to read as follows:

(1) This chapter shall apply to all insurance contracts purchased by the Commonwealth except where the commissioner of insurance determines, with the concurrence of the secretary of finance, that:

(c)[~~(3)~~] The annual premium is less than ten thousand dollars ($10,000).

(2) Notwithstanding subsection (1) of this section, the health insurance contract or contracts for state

employes as authorized by KRS 18A.225 shall be subject to the provisions of KRS 45A.080, 45A.085 and 45A.090.

Section 3. KRS 136.340 is amended to read as follows:

(1) Every stock insurance company, other than life, doing business in this state shall, on or before the first day of March of each year, return to the department of revenue a statement under oath of all amounts paid to the company or its representative, whether designated as premiums or otherwise, for insurance or services incident thereto, on property or risks in this state during the preceding calendar year or since the last returns were made, including amounts received for reinsurance on Kentucky risks from unauthorized companies, and shall at the same time pay a tax of two dollars ($2.00) upon each one hundred dollars ($100) of such amounts paid to the company, less amounts returned on canceled policies and policies not taken.

(2) The health insurance contract or contracts for state employes as authorized by KRS 18A.225 shall not be subject to taxation under this section.

Section 4. KRS 136.350 is amended to read as follows:

(2) In addition to the foregoing tax, mutual insurance companies and Lloyd's insurers shall pay an annual tax as prescribed for stock insurance companies by KRS 136.360 and for like purposes.

(3) In computing premiums upon which tax is to be paid there shall be deducted, in both direct and reinsurance business, return premiums on canceled policies and policies not taken, and dividends paid or credited to policyholders.

(4) The provisions of this section shall not apply to domestic mutual companies, cooperative or assessment fire insurance companies.

(5) The health insurance contract or contracts for state employes as authorized by KRS 18A.225 shall not be subject to taxation under this section.

Section 5. KRS 136.330 is amended to read as follows:

(1) Every foreign life insurance company doing business in this state, other than fraternal assessment life insurance companies, shall, by March 1 of each year, return to the department of revenue a statement under oath of all premium receipts on business done in this state during the preceding calendar year or since the last return was made. "Premium receipts" includes single premiums, annuity premiums, premiums received for original insurance, premiums received for renewal, revival or reinstatement of the policies, annual and periodical premiums, dividends applied for premiums and additions, and all other premium payments received on policies that have been written in this state, or on the lives of residents of this state, or out of this state on business done in this state, less returned premiums. No deduction shall be made for dividends on life insurance or annuity policies, but dividends on accident and health insurance policies may be deducted.

(2) Every company shall, at the time of making the return, pay a tax of two dollars ($2.00) upon each one hundred dollars ($100) of such premium receipts.

(3) The 1962 amendment to this section shall be effective as of January 1, 1962, and shall apply to the premium taxes due and payable as shown on returns filed subsequent to that date.

(4) The health insurance contract or contracts for state employes as authorized by KRS 18A.225 shall not be subject to taxation under this section.

(1) Banks authorized under the laws of this state may, except as provided in subsection (2) of this section, exercise, only at their principal office, powers necessary to carry on the business of banking by discounting and negotiating notes, drafts, bills of exchange and other evidences of debt, and by purchasing bonds, receiving deposits and allowing interest thereon, buying and selling exchange, coin and bullion and lending money on personal or real security.

(2) Any corporation presently or hereafter engaged in the business of banking, and meeting the requirements of this subsection, may apply to the commissioner of banking and securities for permission to establish, within the city in which either the principal office or an existing branch office which has been annexed into the city is located and, subject to the limitation hereinafter imposed, within the county in which its principal office is located a branch at which all of the powers conferred in subsection (1) of this section may be exercised. Before the commissioner of banking and securities shall approve or disapprove any application made under this subsection he shall ascertain and determine that the public convenience and advantage will be served and prompted thereby and that there is reasonable probability of the successful operation of such branch. No such branch shall be authorized or approved by the commissioner unless all of the following are complied with:

As used in this subsection, an "existing bank" shall mean the principal office of a bank as distinguished from a branch thereof.~~

~~(c)~~] The permission to open a branch shall lapse one year after the commissioner has rendered a final order, as defined in KRS 287.062, unless it shall have been opened and business actually begun in good faith. If, for reasons beyond the control of the applicant, the branch is not opened within this time period, permission to open the branch may, with the approval of the commissioner, be extended for whatever period of time he deems to be necessary.

(3) Any corporation which on January 1, 1966, was engaged in operating an agency or branch bank, may continue to retain and operate the same under the general banking laws, and the requirements set forth in this section in respect to capital shall not apply to any such existing agency or branch bank but only as to those agencies or branch banks which may be established in the future pursuant to the terms of this section.

(4) The provisions of this section shall not be construed to prohibit the merger of banks in the same county and the operation by the merged corporation of such banks, nor to prohibit the sale of any bank to, and the purchase thereof by, any other bank in the same county and the operation of such bank by the purchasing bank as a branch, provided the commissioner of banking and securities shall determine that the

public convenience and necessity will be served by such operation, and provided further that, at the time of such merger or purchase, each of the banks involved shall have been in operation for a period of five (5) years or more.

(5) Any national banking association or any state bank member of the federal reserve system whose principal office is located in this state is hereby authorized to do all things and perform all acts which state banks are permitted to do or perform under this section, subject to the conditions and restrictions provided for banks as to exercise of such powers.

HB 309, AN ACT relating to class sizes in elementary and secondary education.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 157.360 is amended to read as follows:

(1) In determining the cost of the foundation program for each district, the superintendent of public instruction shall allot to each district classroom units for elementary and secondary schools, classroom units for vocational education, classroom units for exceptional children, classroom units for kindergarten, classroom units for gifted and talented children when units are included in the executive budget, classroom units for superintendents, administrative and special instructional services, classroom units for supervisors of instruction, and classroom units for directors of pupil personnel; provided, however, that the number of classroom units allotted any district shall not exceed the number of teachers employed by the district.

(2) (a) In allotting classroom units for elementary and secondary schools, one (1) classroom unit shall be included for each *twenty-five (25) pupils in average daily attendance in grades one (1) through three (3) and for each* twenty-seven (27) pupils in average daily attendance in grades *four (4)* [~~one (1)~~] through twelve (12); provided, however, that one (1) classroom unit shall be included for each isolated one-teacher school with twelve (12) or more pupils in average daily attendance and one (1) unit shall be included for each twenty-five (25) pupils in average daily attendance at all other isolated schools. The allotments of classroom units in this subsection shall be made on the average daily attendance for the end of the previous school year in public school grades one (1) through twelve (12) after the following deductions:

1. An average daily attendance of six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 shall be deducted for each vocational unit allotted; and

2. An average daily attendance of five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 shall be deducted for each exceptional children's unit allotted.

(b) *The superintendent of public instruction shall enforce a maximum class membership of twenty-eight (28) pupils enrolled and in attendance at any one time in kindergarten and grades one (1) through three (3) and a maximum class membership of thirty (30) pupils enrolled and in attendance at any one time in grades four (4) through six (6) except in vocal and instrumental music, art, physical education and special education classes. The superintendent of public instruction, upon approval of the state board of education, shall adopt regulations for enforcing this provision. These regulations shall include procedures whereby a superintendent may request an exemption from the state board of education when unusual circumstances warrant an increased class size for an individual class. A request for an exemption shall include specific reasons for the increased class size with a plan for reducing the class size prior to the beginning of the next school year. A district shall not receive exemptions for more classes than enroll ten percent (10%) of the pupils in any one grade and shall not receive an exemption for the same class more than once during a five (5) year period.*

(c) If a local school district through its admission and release committee determines that an appropriate program in the least restrictive environment for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency within the state or a public or private agency in another state, then the school district shall count this as average daily attendance in a public school the time that such child is in attendance at such school or agency, contingent upon approval by the state superintendent of public instruction and pursuant to KRS 158.130.

(d)[~~(c)~~] Pupils attending a center for child learning and study established under an agreement pursuant to KRS 65.210 through 65.300 shall, for the purpose of calculating average daily attendance, be considered as in attendance in the school district in which the child legally resides and which is party to the agreement. For purposes of *subsection* [~~KRS 157.360~~](1) *of this section*, teachers employed in such a center shall be considered as employes of each school district which is a party to the agreement.

(3) Allotments of classroom units except those allotted in accordance with subsection (4) of this section, shall be increased when the average daily attendance in grades one (1) through twelve (12) in any district for the first two (2) months of the current school year is greater than the average daily attendance of the district in grades one (1) through twelve (12) for the first two (2) months of the previous school year. The total number of classroom units allotted the district shall be increased by the percent of increase.

(4) If the percentage of attendance of any school district shall have been reduced more than two percent (2%) during the previous school year, the number of classroom units allotted the district, except those

allotted in accordance with subsection (3) of this section, for the current school year shall be increased by the difference in the percentage of attendance for the two (2) years immediately prior to the current school year less two percent (2%).

(5) In allotting classroom units for vocational education, one (1) classroom unit shall be allotted for each full-time teacher, and a proportionate fraction of a classroom unit shall be allotted for each less than full-time teacher of vocational classes that meet the regulations of the state plan of vocational education as approved by the state board of education; a proportionate fraction of a classroom unit shall be allotted for each teacher employed to teach part-time or short unit classes for less than a school day or a school year that meet the regulations of the state plan of vocational education as approved by the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(6) (a) In allotting classroom units for exceptional children, one (1) classroom unit shall be included upon the employment of each teacher approved to teach such children in accordance with the provisions of law and Kentucky administrative regulations of the state board of education. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor. In addition to the classroom units allotted above, if a local school district, through its admission and release committee, determines that the most appropriate and least restrictive individual educational program for a particular handicapped child includes either part-time or full-time enrollment with a private school or agency, the school district shall be reimbursed in addition to the amount distributed under KRS 157.390(6), a pro rata allotment for those pupils under contract. The pro rata amount shall be calculated by dividing the district's average salary allotted for 185 days plus the current expense and capital outlay allotment per classroom unit by the maximum number of pupils required by regulations for the pupil's specific type of classroom unit.

(b) The superintendent of public instruction shall limit approval of additional private agencies for participation in state funding for the above cited program to those funds appropriated for this purpose in each biennial budget.

(7) (a) In allotting classroom units for administrative and special instructional services, the total number of classroom units allotted in subsections (2), (10) and (12) plus subsections (5) and (6) before July 1, 1976 shall be divided by eight (8) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(b) The total number of units allotted under subsection (5) beyond those allotted in the school year 1975-76 times six and nine-tenths (6.9) in 1978-79 and eight and four-tenths (8.4) in 1979-80 average daily attendance plus the total number of units allotted under subsection (6) beyond those allotted in the school year 1975-76 times five and one-tenth (5.1) in 1978-79 and six and three-tenths (6.3) in 1979-80 average daily attendance shall be divided by two hundred and sixteen (216) and the quotient shall be the number of classroom units allotted to the district under this subsection.

(c) The total of subsection (a) plus subsection (b) shall be the number of classroom units allotted the district for administrative and special instructional services as authorized by Kentucky administrative regulations of the state board of education.

(8) In allotting classroom units for supervisors of instruction, one-half (1/2) of a classroom unit shall be allotted each district which is allotted twenty-five (25) through forty-nine and nine-tenths (49.9) classroom units under subsections (2), (5), (6), (10) and (12); one (1) unit shall be allotted each district which is allotted fifty (50) to one hundred (100) classroom units, one (1) unit shall be allotted for each one hundred (100) classroom units, or major fraction thereof, in districts allotted more than one hundred (100) classroom units under these subsections.

(9) In allotting classroom units for directors of pupil personnel, one (1) classroom unit shall be allotted each district which is allotted thirty-six (36) to one hundred and sixty-five and nine-tenths (165.9) classroom units under subsection (2) and a unit for each additional two hundred and sixty-six (266) classroom units or fraction thereof allotted under subsection (2). For districts having fewer than thirty-six (36) classroom units, a proportionate fraction of a classroom unit shall be allotted.

(10) In allotting classroom units for kindergarten, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for kindergarten. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without approval of the governor.

(11) In allotting classroom units for superintendent, one unit shall be allotted each school district.

(12) In allotting classroom units for gifted and talented children, the superintendent of public instruction, under Kentucky administrative regulations of the state board of education, may allot units for gifted and talented children. The classroom units allotted under this subsection shall not exceed the units provided in the biennial budget without the approval of the governor.

The prosecuting attorney shall open and the defendant shall conclude the argument. In cases in which the death penalty may be imposed, the judge when sitting without a jury shall follow the additional procedure provided in subsection (2) of this section. Upon the conclusion of the evidence and arguments the judge shall impose the sentence or shall recess the trial for the purpose of taking the sentence within the limits prescribed by law. If the trial court is reversed on appeal because of error only in the presentence hearing, the new trial which may be ordered shall apply only to the issue of punishment.

(b) In all cases in which the death penalty may be imposed and which are tried by a jury, upon a return of a verdict of guilty by the jury, the court shall resume the trial and conduct a presentence hearing before the jury. Such hearing shall be conducted in the same manner as presentence hearings conducted before the judge as provided in paragraph (a) of this subsection. Upon the conclusion of the evidence and arguments, the judge shall give the jury appropriate instructions, and the jury shall retire to determine whether any mitigating or aggravating circumstances, as defined in subsection (2) of this section, exist and to recommend a sentence for the defendant. Upon the findings of the jury, the judge shall fix a sentence within the limits prescribed by law.

(2) In all cases of offenses for which the death penalty may be authorized, the judge shall consider, or he shall include in his instructions to the jury for it to consider, any mitigating circumstances or aggravating circumstances otherwise authorized by law and any of the following statutory aggravating or mitigating circumstances which may be supported by the evidence:

(a) Aggravating Circumstances.

8. The youth of the defendant at the time of the crime.

(3) The instructions as determined by the trial judge to be warranted by the evidence shall be given in charge and in writing to the jury for its deliberation. The jury, if its verdict be a recommendation of death, shall designate in writing, signed by the foreman of the jury, the aggravating circumstance or circumstances which it found beyond a reasonable doubt. WHEREAS, effluent discharge permits are issued through the Natural Resources and Environmental Protection Cabinet; and

WHEREAS, recreational facilities and sites are presently being developed at Taylorsville Lake which will require provisions be made for the treatment of waste water discharged from such facilities and sites;

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Natural Resources and Environmental Protection Cabinet be prohibited from issuing any discharging permits which allow effluent discharges into Taylorsville Lake.

The Committee Substitute to **HJR 4** is as follows:

HJR 4, A JOINT RESOLUTION regarding the water quality standards applicable to Taylorsville Lake.

WHEREAS, Taylorsville Lake is highly susceptible to nutrient enrichment and accelerated aging (eutrophication) because of shallowness, geology, and activities in the watershed; and

WHEREAS, the Commonwealth, through the Kentucky Water Resources Authority and various state agencies, has invested considerable sums of money in the construction of the Taylorsville Lake Project for recreation and fisheries purposes; and

WHEREAS, inadequately treated wastewater that is introduced into the lake will greatly contribute to diminished lake quality and interfere with and result in the eventual loss of several of the authorized purposes for which the project was constructed; and

WHEREAS, recreational facilities and sites are presently being developed at Taylorsville Lake which will require provisions be made for the treatment of waste water discharged from such facilities and sites; and

WHEREAS, the Taylorsville Lake Committee, an executive advisory committee, and the Taylorsville Lake Task Force, a special committee of the Legislative Research Commission, have determined that wastewater effluent should not be discharged into Taylorsville Lake; and

NOW, THEREFORE,

Be it resolved by the General Assembly of the Commonwealth of Kentucky:

Section 1. That the Natural Resources and Environmental Protection Cabinet be prohibited from issuing any discharge permits which allow effluent discharges directly into Taylorsville Lake as determined by its highest pool elevation or from issuing any discharge permits which allow inadequately treated effluent discharge into the contributing tributaries that drain the immediate watershed of the lake.

Section 2. That the Natural Resources and Environmental Protection Cabinet scientifically evaluate every proposed wastewater permit application that would discharge into the Salt River or its tributaries above the lake and require appropriate treatment to ensure that the discharge will not adversely affect the lake or its purposes.

Section 3. That the appropriate health departments and plumbing agencies only approve the use of on-site wastewater treatment systems if it is certain that leakage from the systems will not contribute to lake enrichment or bacterial contamination.

Section 4. That the Natural Resources and Environmental Protection Cabinet fully utilize its authority and programs to promote upstream watershed activities that do not contribute to the deterioration of lake quality.

Section 5. That the Natural Resources and Environmental Protection Cabinet regulate such other facilities or activities under its control, such as sanitary landfills, so as to prevent adverse lake impacts.

Section 6. That the Water Resources Authority promulgate, at the earliest possible date, regulations effectuating the General Assembly's expressed policy directive.

Section 7. That copies of this resolution be forwarded to the Governor, the Commerce Cabinet, the Corps of Engineers, the Water Resources Authority, and the Natural Resources and Environmental Protection Cabinet.

Revocation of said license shall be an administrative function of the department. Appeal of said administrative function shall lie in the Fayette Circuit Court.

(4) The mine inspector shall have the authority to stop production at the mine of any operator who fails to procure a license or fails to furnish a certification of compensation coverage as required under this section.

(5) The department shall be authorized to seek injunctive relief for any violation of this section.

The transportation plan shall include any proposal by the applicant to obtain a special permit pursuant to the provisions of KRS 189.271 to exceed the weight limits on any highway or bridge. The transportation plan shall contain a certification by a duly authorized official of the bureau of vehicle regulation attesting the accuracy of the transportation plan in regard to the locations and identities of highways and bridges on the state primary road system and the accuracy of the specifications of weight limits on such highways and bridges.

(7) A license which has been revoked under the "delinquent taxpayer" provision shall not be re-issued until a written tax clearance has been received from the commissioner of revenue.

Be it enacted by the General Assembly of the Commonwealth of Kentucky:

Section 1. KRS 186.020 is amended to read as follows:

(1) Before the owner of a motor vehicle, other than a motor vehicle engaged in the transportation of passengers for hire operating under a certificate of convenience and necessity, may operate it or permit its operation upon a highway, the owner shall apply for registration in accordance with regulations issued by the cabinet, except that a person who purchases a motor vehicle, or brings a motor vehicle into the Commonwealth from another state shall make application for registration within ten (10) days. The bill of sale or assigned title must be in the motor vehicle during this ten-day period. If the owner of a motor vehicle is an individual and resides in the Commonwealth, the motor vehicle shall be registered with the county clerk of the county in which he resides. If the owner of a motor vehicle does not reside in the Commonwealth, the motor vehicle shall be registered with the county clerk of the county in which the motor vehicle is principally operated. If the owner of a motor vehicle is other than an individual and resides in the Commonwealth, the motor vehicle shall be registered with the county clerk of either such county. The application when presented to the county clerk for registration shall be accompanied by:

(a) A bill of sale and a manufacturer's certificate of origin if the application is for the registration of a new motor vehicle; or

(b) The owner's registration receipt, if the motor vehicle was last registered in this state; or

(c) A bill of sale and the previous registration receipt, if last registered in another state where the law of such state does not require the owner of a motor vehicle to obtain a certificate of title or ownership; or

(d) A certificate of title, if last registered in another state where the law of such state requires the owner of a motor vehicle to obtain a certificate of title or ownership.

(2) (a) After that, the owner of any motor vehicle registered under KRS 186.050(1) shall register his motor vehicle on or before the date on which his certificate of registration expires. If, before operating such motor vehicle in this state, the owner registers it at some later date and pays the fee for the full year, he will be deemed to have complied with the law. Insofar as the owner is concerned, registration with the clerk shall be deemed to be registration with the department.

(b) After that, the owner of any motor vehicle registered under KRS 186.050(2) shall register his motor vehicle on or before March 1 of each year. If, before operating such motor vehicle in this state, the owner registers it at some later date and pays the fee for the full year, he will be deemed to have complied with the law. Insofar as the owner is concerned, registration with the clerk shall be deemed to be registration with the department.

(3) After that, the owner of any commercial vehicle registered under KRS 186.050(3) through (14) shall register his commercial vehicle on or before April 1 of each year. If, before operating such commercial vehicle in this state, the owner registers it at some later date and pays the required fee, he will be deemed to have complied with the law. Insofar as the owner is concerned, registration with the clerk shall be deemed to be registration with the department.

(4) The application and documents presented therewith, including the sheriff's certificate of inspection, shall be affixed to the transportation cabinet copy of the certificate of title or registration and sent to the transportation cabinet by the clerk.

(5) At least thirty (30) days prior to the expiration of registration of any motor vehicle previously registered in the Commonwealth as provided by KRS 186A.035, the owner of said vehicle shall be notified by mail by the department of the date of expiration. In addition, the department shall provide appropriate forms and information to permit renewal of motor vehicle registration to be completed by mail. Any registration renewal by mail shall require payment of an additional one dollar ($1) fee of which the department shall receive fifty cents (50) and the county clerk shall receive fifty cents (50). Non receipt of the notice herein shall not constitute a defense to any registration related offense.

Section 2. KRS 186.021 is amended to read as follows:

(1) No county clerk shall issue a registration for renewal or transfer for any motor vehicle on which state, county, school, or special taxing district ad valorem taxes are due and have not been paid.

(2) No county clerk shall issue a registration for any vehicle which is not insured in compliance with KRS 304.39-080(5). Proof of compliance shall be provided to the county clerk by either of two (2) methods:

(a) The county clerk shall consult the AVIS computer data base, in a manner consistent with KRS 186A.040 and Section 6 of this Act; or

(b) The applicant for registration shall submit documents to the county clerk which satisfy the requirements of regulations issued by the department of insurance.

Section 3. KRS 186A.010 is amended to read as follows:

(1) An automated motor vehicle and trailer registration and titling system shall be developed and implemented as expeditiously as practicable in all counties of the Commonwealth. The automated motor vehicle and trailer registration system shall be designed to enable Kentucky's county clerks to produce motor vehicle and trailer certificates of registration *and title* in their offices, [~~and certificates of title in Frankfort,~~] by automated means utilizing telecommunication terminals and associated devices supplied by the Commonwealth, to inhibit registration and transfer of stolen motor vehicles or trailers, to improve the capability of detecting and recovering such vehicles, *to prevent registration of uninsured vehicles,* to ensure development of a common vehicle information data base to improve efficiency in auditing motor vehicle usage tax, license fee collections, and in collecting personal property tax to provide information to the traffic record system, and to provide improved security interest protection to potential creditors throughout Kentucky while simultaneously reducing the number of forms that must be processed and stored each year in Kentucky.

(2) The transportation cabinet is hereby directed to, as expeditiously as practicable, develop an automated motor vehicle and trailer registration and titling system, having, as a minimum, the capabilities or functions described in this chapter, and to acquire and assure the installation of such equipment or services as are necessary to enable the system as described in this chapter to be operated in all counties of the Commonwealth.

(3) All departments of state government affected by the system are hereby directed to cooperate with the transportation cabinet for purposes of assuring orderly implementation of this chapter.

Section 4. KRS 186A.035 is amended to read as follows:

(1) All motor vehicles with a gross vehicular weight of 6,000 pounds or less, first registered, or for which the registration is renewed in this state on or after January 1, 1983, shall be placed in a system of year-round registration based upon the birth month of the owner, in order to distribute the work of registering motor vehicles as uniformly as practicable throughout the twelve (12) months of the year.

(2) If the owner of a motor vehicle is other than an individual, the month in which the owning entity came into being shall be used for purposes of this section. If a motor vehicle is jointly owned, the owners shall

indicate to the county clerk the birth month of one (1) of them to be used for purposes of this section.

(3) The certificate of registration and license plate issued for a motor vehicle first registered, renewed, or titled in this state on or after January 1, 1983, shall be valid, unless cancelled by the cabinet in accordance with KRS Chapter 186 or this chapter, upon payment of the required fee, for a period beginning on the first day of the month of the year in which registration is applied for, and expiring on the last day of the next birth month of the owner following the month during which registration is applied for, provided however that, upon the owner's request, and after payment of the proper prorated fee, an owner may obtain a certificate of registration and license plate valid through the last day of his second birth month following the month and year in which he applied for a certificate of registration.

(4) After a motor vehicle has been initially placed in the system of year-round registration, the owner shall renew the registration annually during the owner's birth month, by making application to the county clerk and paying the fee required for twelve (12) consecutive months of registration, which shall take effect on the first day of the month succeeding the owner's birth month and shall expire on the last day of the owner's next birth month. The county clerk shall be entitled to a registration fee of one dollar ($1.00) per each twelve (12) month period or any portion thereof.

(5) At least thirty (30) days prior to the expiration of the registration of any motor vehicle previously registered in the Commonwealth as provided by subsection (1) of this section, the owner of the vehicle shall be notified by mail by the department of the date of expiration. Any registration renewal by mail shall require payment of an additional one dollar ($1) fee of which the department shall receive fifty cents (50) and the county clerk shall receive fifty cents (50). Non receipt of the notice herein shall not constitute a defense to any registration related offense.

(6) Any owner who fails to renew the registration of a motor vehicle during the month in which the previous registration expired, shall, if he applies for renewal of the registration in some later month, pay the same fees that would have been required if the registration had been renewed in the month which the previous registration expired.

(7)[~~(6)~~] Fees which must be prorated in carrying out the intent of this section shall be prorated on the basis of twelfths of the annual registration fee. Any vehicle which is registered at any time during a month, shall pay the fee required for that whole month plus any additional months of registration purchased consistent with the intent of the section.

(8)[~~(7)~~] The county clerk shall ensure that the certificate of registration issued to an owner displays the month and year in which the registration period begins, and the month and year of its expiration, and shall issue to the owner a decal or decals corresponding to the month and year of expiration shown in the certificate of registration which shall be placed upon the corresponding license plate by the owner in the manner required by administrative regulations of the department of vehicle regulation.

Section 5. KRS 186A.040 is amended to read as follows:

of each employe unless a higher rate was charged prior to the merger of governments, in which case the higher rate may be charged, the assessment to be deducted from the employes' salaries or picked up pursuant to subsection (2) of this section and paid in cash into the pension fund. Within six (6) months after the effective date of the urban-county form of government, or within six (6) months after June 21, 1974, whichever shall be later, the trustees of the board shall, at the expense of the *pension fund* [~~urban-county government~~], provide for the performance of an actuarial study, which study shall be completed within six (6) months thereafter, and which study shall describe the amounts necessary to be contributed by the urban-county government or other sources to fund on an actuarially sound basis the benefits promised or described in the said fund, including any payments required to bring said fund to an actuarially sound position in the event that it was not so at the time of the performance of the study, in which latter event the legislative body shall also determine a reasonable period over which such additional funding shall be made, which period shall not exceed thirty (30) years. A similar study shall be arranged by the board at the cost of the urban-county government at least once in every three-year period thereafter. In the event that fund created by this section is extended to cover employes not described in the first sentence hereof, the actuarial study shall determine the required payments so as to keep the expanded fund on an actuarially sound basis, and the urban-county government shall maintain such fund as set out herein, and shall assess against the additional covered employes the same monthly contribution as is required for other government employes.

(2) The urban-county government shall, solely for the purpose of compliance with Section 414(h) of the United States Internal Revenue Code, pick up the employe contributions required by this section for all compensation earned after August 1, 1982, and the contributions so picked up shall be treated as employer contributions in determining tax treatment under the United States Internal Revenue Code and KRS 141.010(9). However, the urban-county government shall continue to withhold federal and state income taxes based upon these contributions and hold them in a separate account until the Internal Revenue Service or the federal courts rule that, pursuant to Section 414(h) of the United States Internal Revenue Code, these contributions shall not be included as gross income of the employe until such time as the contributions are distributed or made available to the employe. The picked up employe contribution shall satisfy all obligations to the retirement fund satisfied prior to August 1, 1982 by the employe contribution, and the picked up employe contribution shall be in lieu of an employe contribution. The urban-county government shall pay these picked up employe contributions from the same source of funds which is used to pay earnings to the employe. The employe shall have no option to receive the contributed amounts directly instead of having them paid by the urban-county government to the fund. Employe contributions picked up after August 1, 1982 shall be treated for all purposes of this section in the same manner and to the same extent as employe contributions made prior to August 1, 1982.

(3) The pick up of employe contributions by the employer shall not be construed to reduce the final salary or the average salary upon which the employe retirement benefit is based.

Trustees from the pension fund board shall consist of the mayor, four (4) members of the legislative body of the urban-county government selected by the legislative body, the secretary of the department of finance, the director of the division of personnel, and three (3) civil service employes to be elected to the board by those employes covered by the employes' pension fund. In the event that there is no position in the urban-county government denominated secretary of the department of finance and/or director of the division of personnel, the appointed office of the urban-county government exercising the functions most closely resembling such office shall serve as trustee.

(5) Temporary employes appointed without examination shall not be compelled to contribute to any pension fund and shall not be eligible to benefits.

(6) In no year shall the contribution by the urban-county government to the pension fund, in the manner provided in this section, be less than the total amount assessed upon and deducted from the salary of the employes.

(7) The trustees of the pension fund shall, at least once every three (3) months, report in writing to the mayor the receipts, expenditures and financial status of the pension fund, stating the places of deposit of funds, or the character of investments made, and the mayor shall cause copies of the report to be posted in at least three (3) places where urban-county employes frequent and report.

The bond will be filed with the secretary of the board, and suit thereon may be filed in the name of the board for use of the board or any person injured by its breach. The premium on said bond may be paid out of the fund.

(5) The director of law of the government shall serve as legal adviser to the board on all matters pertaining to the fund involving suits or actions at law, and on any questions of the interpretation of the provisions hereof, except that the board shall have the power to hire independent counsel for any suits or actions of law, the cost of such independent counsel to be borne by the *pension fund* [~~government~~].

(6) The board may employ actuarial assistance from time to time to advise it in matters relating to the technical aspects of operations of the fund, to assist in the preparation of the periodic financial reports, to determine rates of city contribution and to make periodic analyses of the operation of the fund. Within six (6) months after the establishment of an urban-county form of government, an actuarial study shall be made for the purpose of recommending rates, mortality, disability, retirement, separations from service and other essential factors. At least once every three (3) years thereafter an actuarial survey and investigation shall be made of the operating experience of the fund, including a study of the rates, mortality, disability, retirement, separations from service, and other essential factors. (7) The board shall establish rules and regulations to implement the provisions of KRS 67A.360 to 67A.690 which shall not be inconsistent therewith.
